Six Conversations For Getting Organizations Unstuck:

Six Conversations for Getting Organizations Unstuck Mark Gladstone, 2004-08 When two people encounter the same trials and adverse circumstances why does one mire down and get stuck while the other creates a successful outcome How are some people able to find doors of opportunity where others find barriers The answer is that life and work happen through the ongoing conversations we have with each other and within our own heads Our conversations can either move us forward generating what we want or they can keep us stuck When we find ourselves feeling stuck cycling repeatedly through the same outcomes or not making the progress we would like to make there are six conversations that can help us get unstuck If you are in a leadership role in your organization this is the best tutorial on organizational communications you will ever read In 94 pages you will understand how to use six conversations to get your organization work group or just yourself unstuck A must read for leaders who are committed to taking their organizations to the next level and beyond *Six Conversations for Getting Organizations Un-stuck* Mark Gladstone, 2004 When two people encounter the same trials and adverse circumstances why does one mire down and get stuck while the other creates a successful outcome How are some people able to find doors of opportunity where others find barriers The answer is that life and work happen through the ongoing conversations we have with each other and within our own heads Our conversations can either move us forward generating what we want or they can keep us stuck When we find ourselves feeling stuck cycling repeatedly through the same outcomes or not making the progress we would like to make there are six conversations that can help us get unstuck If you are in a leadership role in your organization this is the best tutorial on organizational communications you will ever read In 94 pages you will understand how to use six conversations to get your organization work group or just yourself unstuck A must read for leaders who are committed to taking their organizations to the next level and beyond **Organizational Change** Piers Myers, Sally Hulks, Liz Wiggins, 2012-03 This textbook offers a combination of rigorous theoretical exploration together with practical insights from those who are responsible for managing change It looks at organisational change from multiple perspectives with the aim of helping readers navigate the landscape of change *Stuck* Todd W. Ferguson, Josh Packard, 2022-05-10 *Stuck* is a guide for understanding how and why a traditional approach to ministry does not align with the modern realities facing pastors congregations and seminaries More than simply describing findings from their firsthand research however Todd W Ferguson and Josh Packard offer a new understanding of why professional ministry can be so alienating today *Stuck* shifts the dominant narrative around calling vocation and ministry away from a focus on individual traits and characteristics of pastors and congregational leaders and toward a more structural understanding of the social forces that impact modern ministry The authors focus on the nature of calling the need for modern flexible congregational supports and a different approach to training professional clergy *Stuck* lets pastors who feel stuck know that they re not alone they re not crazy and it s not their fault It helps congregations be more supportive of their clergy And it participates in the conversation for

reshaping seminary training and professional development

Stuck Victoria Grady, Patrick McCreesh, 2022-02-28 Our work life is changing Every day new companies technologies and ideas emerge that impact how where and most importantly why we work Despite this exciting evolution people remain the heart of change People are tricky People don't seem to evolve as fast as global trends People get Stuck Teams have people moving at different speeds with different levels of adoption in our evolving workplace Some evolve and some don't Teams get Stuck Leaders managers and teammates struggle with this resistance and get frustrated Frustrated people impact the performance of every organization Organizations get Stuck Why The answer is deeply human and biological rooted in the way our brain interacts with everything in the world even work When people feel they are losing something they react by getting Stuck Stuck connects over 20 years of research on our brain's reaction to the evolving workplace with real stories of people journeying through the challenge of being Stuck The organizations leaders and managers who understand these concepts will evolve with the future Those organizations will understand LOSS as a tool to achieve business WINS This book addresses a critical concept that closes a gap in other popular business publications Many

books tell leaders and managers the process of how to change their organizations However many of these books lack a key mechanism for understanding human interactions The mechanism is a biological function developed through evolution called attachment the human need to connect to different tangible and intangible objects for support Attachment is the reason that people connect with leaders and corporate culture but also what creates a deep sense of loss during even the smallest changes Stuck offers a complete understanding of attachment and how it impacts individuals relationships and organizations The root of the challenge is the human need to connect to different tangible and intangible objects for support The basis of the need for support is grounded in our need for attachment Those who learn to understand loss through attachment behavior and the attachments of others will succeed In addition this book provides original data based evidence from assessments conducted with nearly 20 000 respondents and original stories from the application of attachment concepts in more than 150 organizations across all sectors around the globe It shines a light on attachment and use it as a lens to better understand our workplace Stuck is not an academic study It is a practical guide for leading the brain through change For the first time the authors tell stories that demonstrate their research and offer a roadmap for how to leverage attachment research to drive business success Stuck provides not only the deep lessons from the authors research but clear steps for readers to use the lessons of attachment in their own work In this way the book serves as a guide to those leaders managers and employees who are ready to be unStuck

Managing Uncertainty in Organizational Communication Michael W. Kramer, 2014-04-04 In this book Michael W Kramer applies uncertainty reduction theory URT a key theory in current communication scholarship to the context of organizational communication Examining URT and the range of research applicable to organizational settings Kramer proposes a groundbreaking theory of managing uncertainty TMU which synthesizes prior research while also addressing its criticisms Examples are provided to illustrate the principles of the TMU at both the individual and collective group organizational levels of analysis Original studies based on the theory show that it provides a useful extension of URT addressing some concerns raised by critics of that earlier model Kramer illustrates that as a model in progress TMU will change as new research and insights build upon it Managing Uncertainty in Organizational Communication assists readers in understanding and researching uncertainty in communication which encourages additional changes and improvements to the model It is of primary interest to scholars researchers and practitioners in organizational interpersonal and group communication
