The Boheiman Incident Thomas Arnfelt, 2018-05-07 It is 1613. Central Europe is boiling with intrigues. In the midst of this, a delegation of Jesuits disappears in the Bohemian mountains. The only survivor has lost his mind, rambling about the work of the devil. Maximilian, an agent working for the Vatican, is sent to Bohemia to investigate. When he gets there, he not only has a mystery to uncover, his past also comes back to haunt him. *The Bohemian Incident* was Thomas Arnfelt's debut novel. It was received very positively when first published in Swedish and has been described as a cross between *The Name of the Rose*, *Frankenstein*, and *Sleepy Hollow*. It is a gothic story that balances between the supernatural and the realistic. Thomas Arnfelt is a Swedish historical and Fantasy author who has also lived in Dublin, Ireland. He has published three novels and one children's book in Swedish. *The Bohemian Incident* is the first of his books to be translated to English.

Emerald Moon Sherry Hutchison, 2025-12-11 In Conjure Cove, love can be a weapon, family can be a curse, and under the emerald moon, even sisterhood may be tested to the breaking point. Violet and Edwina Arcana thought they could finally focus on their new coven, their storefront, and the magical life they've built in Conjure Cove, but shadows from the past refuse to stay buried. A warlock with vengeance in his veins has claimed their ward, the young witch Angela Vorel, as his blood heir and will stop at nothing to seize her, including placing a bounty on the heads of the Arcana sisters. Orin and their warlock ally Enel. Orin is many things: a Shapeshifter, a wizard, a lover, a survivor. He carries a power so rare the Powers would hunt him to the ends of the earth if they knew. As he searches for the truth behind the murder of his parents, new and powerful enemies close in, determined to see him broken, lost, or dead. His bond with Violet deepens, but every step forward threatens to drag her into the darkness with him, and he must ask himself if the answers he's searching for are worth the cost. Meanwhile, Edwina embraces her role as Angela's surrogate mother, standing between her and the legacy that hunts her, even as whispers of her mortal lover spark unrest within the coven. Edwina knows that danger

is a part of her blood at this point but she longs for a day when life becomes easier and love is simpler Until then she will fight for her family old and new with every ounce of strength she possesses As dark magic closes in and blood ties prove more dangerous than any spell the Arcana sisters must unite to save Conjure Cove from being drowned in blood and shadow

Organizational Aspects of Health Informatics Nancy M. Lorenzi, Robert T. Riley, 2013-06-29 It has become obvious in recent years that successfully introducing major new systems into complex medical organizations requires an effective blend of good technical and organizational skills The technically best system may be woefully inadequate if its implementation is resisted by people who have low psychological ownership in that system On the other hand people with high ownership can make a technically mediocre system function fairly well ORGANIZATIONAL ASPECTS OF HEALTH INFORMATICS focuses on both the successful strategies for implementation of information systems with medical organizations and also on effective management strategies for the altered organization once the new systems are in place
