

A photograph of a man and a woman in a lush, green forest. The man, on the left, is sitting on a large tree stump, wearing a straw hat, a white short-sleeved shirt, and light blue jeans. He is looking towards the woman. The woman, on the right, is standing and looking down at her hands, which are holding a small object. She is wearing a red sleeveless dress and is barefoot. The forest floor is covered with ferns and other green plants. The background is a dense wall of green foliage.

historian of the Soviet era reconstructs their gruesome final days using rare archival material from deep inside the Stalinist vaults Werth skillfully weaves this episode into a broader story about the Soviet frenzy in the 1930s to purge society of all those deemed to be unfit For Stalin these undesirables included criminals opponents of forced collectivization vagabonds gypsies even entire groups in Soviet society such as the kulaks and their families Werth sets his story within the broader social and political context of the period giving us for the first time a full picture of how Stalin s system of special villages worked how hundreds of thousands of Soviet citizens were moved about the country in wholesale mass transportations and how this savage bureaucratic machinery functioned on the local regional and state levels Cannibal Island challenges us to confront unpleasant facts not only about Stalin s punitive social controls and his failed Soviet utopia but about every generation s capacity for brutality including our own *Records and Briefs of the United States Supreme Court* ,1920

Shirer,2016-09-06 A vivid and unforgettable word picture of the destruction of Nazi Germany The New York Times A radio broadcaster and journalist for Edward R Murrow at CBS William L Shirer was new to the world of broadcast journalism when he began keeping a diary while on assignment in Europe during the 1930s It was in 1940 when he was still virtually unknown that Shirer wondered whether his eyewitness account of the collapse of the world around Nazi Germany could be of any interest or value as a book Shirer s Berlin Diary which is considered the first full record of what was happening in Germany during the rise of the Third Reich appeared in 1941 The book was an instant success and would not be the last of his expert observations on Europe Shirer returned to the European front in 1944 to cover the end of the war As the smoke cleared Shirer who watched the birth of a monster that threatened to engulf the world now stood witness to the death of the Third Reich End of a Berlin Diary chronicles this year long study of Germany after Hitler Through a combination

of Shirer's lucid honest reporting along with passages on the Nuremberg trials copies of captured Nazi documents and an eyewitness account of Hitler's last days Shirer provides insight into the unrest the weariness and the tentative steps world leaders took towards peace
