Style And Statement:

Style Statement Danielle LaPorte, Carrie McCarthy, 2025-05-01 Style Statement is an inspiring take on the power of style and authenticity Deemed style psychotherapists Carrie and Danielle are the creators of the Style Statement a two word compass that helps you make more confident choices in life from your wardrobe to your relationships your living room to your career plans Part workbook part inspirational narrative Style Statement presents a series of inquiries that lead readers to the personal words that guide the spirit look and feel of their life The first word represents your foundation your 80% The second word your 20% is what motivates and distinguishes you Via Carrie and Danielle s Lifestyle Map readers then explore how their own unique Style Statement can generate momentum in every area of their life *Style and Statement* Edward P. J. Corbett, Robert J. Connors, 1999 Developed from the very popular fourth chapter of the authors Classical Rhetoric for the Modern Student 4th ed Style and Statement is a concise introduction to the components of effective style as they were first defined by classical rhetoricians and as they apply to writing today An essential reference for students and all writers it incorporates numerous lively exercises that emphasize the contemporary applications of classic styles The book opens with an extended discussion of diction and continues with an analysis of sentence composition and Professor Corbett s famous numerical style studies which unite the principles of diction and sentence organization Its catalogue of figures of speech is exceptionally comprehensive and includes definitions of the classic tropes A practical application of imitation as a means of developing style introduces the final section of the text which consists of the analysis of selected short readings ranging from an eighteenth century work by Hugh Blair to John F Kennedy s inaugural address **Fashion & Music** Jochen Strähle, 2017-08-10 This book will broaden readers understanding of the links between the music and fashion industries It highlights the challenges currently facing the fashion industry in terms of hyper competition definition of ever faster trends changing consumer demands etc In fact the fashion industry is heavily influenced by the digital revolution in the music industry which has changed the face of individual music consumption and social reference and therefore also has impacts on fashion consumption and social reference This understanding is crucial in order to realign any fashion company s strategies to the demands of modern fashion consumers In terms of content the book first discusses the social perspective of fashion and music This includes an analysis of music as a key influencer of fashion trends both theoretically and on the basis of a case study on grunge music Then the role of music in the fashion business is addressed and covers in store music and the role of music in fashion communication Following up the role of fashion in the music business is analyzed This includes the trend of co design of fashion collections music artists role of differentiation by style and the market for music fashion merchandise articles both theoretically and drawing on a case study In closing potential lessons learned from the music industry are developed for the fashion industry This includes an analysis of the digital revolution and the advent of the crowdfunding idea both theoretically and in a case study [Making Use of JavaScript](#) Shweta Bhasin, 2002-09-18 JavaScript

Everyday Fashion Bethan Bide, Jade Halbert, Liz Tregenza, 2023-12-28 Ordinary clothes have extraordinary stories In contrast to academic and curatorial focus on the spectacular and the luxurious Everyday Fashion makes the case that your grandmother's wardrobe is an archive as interesting and important as any museum store From the moment we wake and get dressed in the morning until we get undressed again in the evening fashion is a central medium through which we experience the world and negotiate our place within it Because of this the ways that supposedly ordinary and everyday fashion objects have been designed manufactured worn cared for and remembered matters deeply to our historical understanding Beginning at 1550 the start of an era during which the word fashion came to mean stylistic change rather than the act of making each chapter explores the definition of everyday fashion and how this has changed over time demonstrating innovative methodologies for researching the everyday The variety and significance of everyday fashion cultures are further highlighted by a series of illustrated object biographies written by Britain's leading fashion curators showcasing the rich diversity of everyday fashion in British museum collections Collectively this volume scratches below the glossy surface of fashion to expose the mechanics of fashion business the hidden world of the workroom and the diversity and role of makers and the experiences of consuming wearing and caring for ordinary clothes in the United Kingdom from the 16th century to the present day In doing so it challenges readers to rethink how fashion systems evolve and to reassess the boundaries between fashion and dress scholarship
