live on WNEW and it concluded with Paul Simonon treating his Fender bass like a woodcutter's axe. This performance produced one of the most exhilarating Clash bootleg recordings and the photo of Simonon's outburst which graced the cover of the *London Calling* LP was recently deemed the greatest rock'n'roll photograph of all time. That night marked one of the last opportunities for American audiences to see The Clash as a punk band teetering between conviction and uncertainty before they became a seriously brilliant rock group. *Stealing* represents a distinctive take on the history of punk for no other book gives proper attention to the forces of free form radio, long form rock journalism or Clash bootleg recordings many of which are now widely available on the web. This story which takes its title from the 1981 single *Radio Clash* includes original interviews with key figures from the New York punk scene. This secret history concludes with an analysis of how we listen to music today and its impact on the written word.
