the silk adhere to the work In finishing portraits experienced painters omit oiling for the sake of obtaining texture but the application of the sponge can never be omitted because without it the glazes will not lie All oil colours sink to a certain extent and in the progress of a picture sometimes so much so as to render oiling necessary in order to see the real strength and details of the work this is termed oiling out I      **The Art of Portrait Painting in Oil Colours** Henry Murray (F.S.A.),1853
