Freud 2000 Anthony Elliott, 1999 Freud 2000 is a bold defense of the relevance and importance of Freud to contemporary culture offering a highly readable and lucid application of Freudian concepts to current theoretical issues in the social sciences and the humanities Issues addressed include the impact of Freud on our understandings of identity and sexuality the relationship between psychoanalysis and feminism problems of epistemology and method the analysis of political violence and international relations the temporal and spatial constitution of social practices the coherence of law and jurisprudence the interpretation of biography and autobiography and the dynamics of modernity and postmodernism

Deconstructing Happiness Jordan McKenzie, 2016-03-10 This book offers an original account of the good life in late modernity through a uniquely sociological lens It considers the various ways that social and cultural factors can encourage or impede genuine efforts to live a good life by deconstructing the concepts of happiness and contentment within cultural narratives of the good life While empirical studies have dominated the discourse on happiness in recent decades the emphasis on finding causal and correlational relationships has led to a field of research that arguably lacks a reliable theoretical foundation Deconstructing Happiness offers a step toward developing that foundation by offering characteristically sociological perspectives on the contemporary fascination with happiness and well being In doing so it seeks to understand the good life as a socially mediated experience rather than a purely personal or individually defined way of living The outcome is a book on happiness contentment and the good life that considers the influence of democracy capitalism and progress while also focusing on the more theoretical challenges of self knowledge reason and interaction

Crime, Criminal Justice and Masculinities Stephen Tomsen, 2017-07-05 This volume features the leading contemporary articles that are part of or related to the new masculinities approach in this sphere These comprise an impressive range of theoretical and empirical work including important cultural and ethnographic analyses They emphasise the relationship between masculinities the causes and

patterns of most criminal offending and victimisation and the broader workings of the wider criminal justice system of policing public and private criminal courts corrections and prisons All of the material has been selected from flagship international journals and was produced by a global mix of male and female researchers with diverse disciplinary backgrounds These scholars share the view that masculinities are plural socially constructed reproduced in the collective social practices of different men and embedded in institutional and occupational settings Furthermore masculinities are intricately linked with social struggles for power that occur between men and women and different men Crime criminal justice and their cultural representation are key terrain for these masculine contests and are always overlain with issues such as social class age race ethnicity and sexuality

[The Rise of the Therapeutic Society](#) Katie Wright,2011 Taking Australia as the focal point Wright traces the ascendancy of therapeutic culture from 19th century concerns about nervousness to the growth of psychology the diffusion of an analytic attitude and the spread of therapy and counseling She argues convincingly for a reappraisal of therapeutic culture
