LINGUISTIC PERSPECTIVES

Subjectivity And Subjectivisation Linguistic Perspectives

Jesús Romero-Trillo

Subjectivity And Subjectivisation Linguistic Perspectives:

Subjectivity and Subjectivisation Dieter Stein,Susan Wright,1995-11-30 The notion of subjectivity explored here concerns expression of self and the representation of a speaker s perspective or point of view in discourse Subjectivization involves the structures and strategies that languages evolve in the linguistic realization of subjectivity and the relevant processes of linguistic evolution themselves This volume reflects the growing attention in linguistics and related disciplines commanded by the centrality in language of the speaker An international team of contributors offers a series of studies on grammatical diachronic and literary aspects of subjectivity and subjectivization from a variety of perspectives including literary stylistics historical linguistics formal semantics and discourse analysis The essays look at the role of the perspective of locutionary agents their expression of affect and modality in linguistic expressions and discourse and the effects of their phenomena on the formal shape of discourse This volume demonstrates how deeply embedded in linguistic expression subjectivity is and how central to human discourse   *Subjectification* Angeliki Athanasiadou,Costas Canakis,Bert Cornillie,2011-12-22 Subjectification is a widespread phenomenon and has emerged as a most pervasive tendency in diachronic semantic change Traugott and in synchronic semantic extension Langacker Its importance is increasingly valued despite the fact that it is an area that has been treated differently by different scholars One of the book s objectives is to generate a clearer understanding of the two major models of subjectivity to see where they can meet but also where intrinsic differences present barriers to any integration Another objective is to speculate on whether the notions of subjectivity and subjectification have reshaped our understanding of grammar The goals of the volume are the following The volume brings together contributions dealing with particular areas of grammar in the framework of subjectivity and subjectification Starting with Stein and Wright s 1995 edition publications on the specific process have broadened the scope of this research Indeed the question how far have we come addressed in the introduction has become central in reaching a clearer understanding of the above framework and even expanding it Individual papers explore not only wider questions and implications on the theoretical status of subjectivity and subjectification in language but are empirically supported by thorough and extensive data from different languages Asian languages German Spanish Greek Dutch English These studies of particular areas of grammar modals adjectives or of levels of analysis syntax can help implement or adapt the existing accounts of subjectivity made in the literature The challenge for every single paper is to show whether the two major approaches Langacker s and Traugott s can possibly be integrated or whether they are fundamentally different The papers also investigate into the questions whether we have a continuum from highly subjective to more objective whether subjective need be opposed to objective or whether subjective may also be understood in contrast to neutral which is often the case in Traugott s examples of grammaticalization Furthermore the issue of intersubjectivity i e putting the addressee s perspective onstage is also discussed   **Subjectivity in Language and Discourse** Nicole Baumgarten,Inke Du Bois,Juliane House,2012-11-02

Subjectivity in Language and in Discourse deals with the linguistic encoding and discursive construction of subjectivity across languages and registers The aim of this book is to complement the highly specialized parallel and often separate research strands on the phenomenon of subjectivity with a volume that gives a forum to diverse theoretical vantage points and methodological approaches presenting research results in one place which otherwise would most likely be found in substantially different publications and would have to be collected from many different sources Taken together the chapters in this volume reflect the rich diversity in contemporary research on the phenomenon of subjectivity They cover numerous languages colloquial academic and professional registers spoken and written discourse diverse communities of practice speaker and interaction types native and non native language use and Lingua Franca communication The studies investigate both already well explored languages and registers e g American English academic writing conversation and with respect to subjectivity less studied languages Greek Italian Persian French Russian Swedish Danish German Australian English as well as many different communicative settings and contexts ranging from conference talk promotional business writing academic advising disease counselling to internet posting translation and university classroom and research interview talk Some contributions focus on individual linguistic devices such as pronouns intensifiers comment clauses modal verbs adjectives and adverbs and their capacity of introducing the speaker s subjective perspective in discourse and interactional sequence others examine the role of larger functional categories such as hedging and metadiscourse or interactional sequencing

  Intersubjectivity and Intersubjectification in Grammar and Discourse Lieselotte Brems,Lobke Ghesquière,Freek Van de Velde,2014-08-15 Recent years saw a growing interest in the study of subjectivity as the linguistic expression of speaker involvement Intersubjectivity defined by Traugott as the linguistic expression of a speaker writer s attention to the hearer reader on the other hand has so far received little explicit attention in its own right let alone systematic definition and operationalization Intersubjectivity and seemingly related notions such as interpersonal meaning appraisal stance and metadiscourse frequently appear in cognitive functional accounts as well as historical and more applied approaches These domains offer partly conflicting uses of intersubjectivity differ in the overall scope of the concept and the phenomena it may cover This book brings together contributions from a variety of different approaches with the aim of disentangling the current web of intertwined notions of intersubjectivity Rather than focusing on the potentially conflicting views the volume aspires to resolve some of the conceptual puzzle by cross fertilization between the different views and spark discussion on how to operationalize intersubjectivity in linguistic research Originally published in English Text Construction 5 1 2012

  Major Trends in Theoretical and Applied Linguistics 1 Nikolaos Lavidas,Thomaï Alexiou,Areti Maria Sougari,2014-01-31 In the three volumes of Major Trends in Theoretical and Applied Linguistics the editors guide the reader through a well selected compendium of works presenting a fresh look at contemporary linguistics Specialists will find chapters that contribute to their fields of interest and the three volume collection will provide useful reading for anyone

interested in linguistics The first volume explores theoretical issues dealing with phonetics phonology and syntax semantics morphology Volume two is organized into three main sections that examine interdisciplinary linguistics discourse analysis gender and lexicography language acquisition and language disorders Finally volume three focuses on applied linguistics both language teaching learning and education   Exploring the Self, Subjectivity, and Character across Japanese and Translation Texts Senko K. Maynard,2022-01-17 From the perspective of philosophical contrastive pragmatics this study investigates our multiple selves as manifested in how we use language Based on analyses of original and translation texts of Japanese and English literary works the Japanese self is proposed as being fundamentally empty and yet richly populated with multiple subjective aspects characters and characteristics Incorporating the concept of emptiness drawn from Japanese philosophical traditions and postmodernism primarily developed in the West selves evidenced in grammar style and variation are investigated applying interpretive resources of linguistic subjectivity character and character speak Expressive gaps found in source and target texts across two languages lead us toward different ontological views and guide us to engage in the rethinking of the concept of self   The ^AOxford Handbook of Cognitive Linguistics Dirk Geeraerts,Hubert Cuyckens,2010-06-09 The Oxford Handbook of Cognitive Linguistics presents a comprehensive overview of the main theoretical concepts and descriptive theoretical models of Cognitive Linguistics and covers its various subfields theoretical as well as applied   *Philosophy of Language and Linguistics* Piotr Stalmaszczyk,2013-05-02 Papers gathered in the two volumes investigate the complex relations between philosophy of language and linguistics viewed as independent but mutually influencing one another disciplines They concentrate on the formal and philosophical turns in the philosophy of language initiated by Gottlob Frege with further developments associated with the work of Bertrand Russell Ludwig Wittgenstein Kazimierz Ajdukiewicz W O V Quine Richard Montague Pavel Tich Richard Rorty The volumes bring together contributions by philosophers logicians and linguists representing different theoretical orientations but united in outlining the common ground necessary for further research in philosophy of language and linguistics The papers were submitted and in most cases presented at the first International Conference on Philosophy of Language and Linguistics PhiLang2009 organized by the Chair of English and General Linguistics at the University of L dz   **Metalanguage in Interaction** Yael Maschler,2009-10-14 Metalanguage in Interaction is about the crystallization of metalanguage employed throughout interaction into the discourse markers which permeate talk Based on close analysis of naturally occurring Hebrew conversation it is a synchronic study of the grammaticization of discourse markers a phenomenon until now mostly studied from a diachronic perspective It constitutes the first monograph in the fields of Hebrew interactional linguistics and Hebrew discourse markers The book first presents what is unique to the present approach to discourse markers and gives them an operational definition Discourse markers are explored as a system illuminating their patterning in terms of function structure and the moments in interaction at which they are employed Next detailed analysis of four Hebrew discourse markers

illuminates not only the functions and grammaticization patterns of these markers but also what they reveal about quintessential aspects of Israeli society identity and culture The conclusion discusses commonalities and differences in the grammaticization patterns of the four markers and relates the grammaticization of discourse markers from interaction to projectability in discourse   **Late Modern English Syntax** Marianne Hundt,2014-08-14 The Late Modern period is the first in the history of English for which an unprecedented wealth of textual material exists Using increasingly sophisticated databases the contributions in this volume explore grammatical usage from the period specifically morphological and syntactic change in a broad context Some chapters explore the socio historical background of the period while others provide information on prescriptivism newspaper language language contact and regional variation in British and American English Internal processes of change are discussed against grammaticalisation theory and construction grammar and the rich body of textual evidence is used to draw inferences on the precise nature of historical change Exposing readers to a wealth of data that informs the description of a broad range of syntactic phenomena this book is ideal for graduate students and researchers interested in historical linguistics corpus linguistics and language development   **Pragmaticalization** Elena Graf,Ulrich Schweier,2024-09-23 The present volume is dedicated to the phenomenon of pragmaticalization in the context of the theory of grammaticalization While in recent decades the growing interest in the analysis of pragmatic phenomena within grammaticalization research was triggered amongst others by studies in the field of subjectivity and intersubjectivity in language we still lack a model for a broad understanding of how changes on the discourse level come about and face a lack of information which provides a conclusive theoretical framework to systematically record the emergence of an entire layer of discourse units in language The book is one of the first comprehensive collections contributed to the topic of pragmaticalization and includes empirical studies on a wide range of languages from diachronic and synchronic perspectives Aiming to refine our understanding of pragmatic shifts which can be observed by several linguistic units the contributions discuss such issues as pros and cons of the concept of pragmaticalization the parameters of pragmaticalization the emergence of discourse markers and constructions with various pragmatic functions pathways of change including the influence of language contact   **Pragmatics and Corpus Linguistics** Jesús Romero-Trillo,2008-11-03 The recent history of linguistics has witnessed the development of some disciplines that were conceived apart but benefited from common intuitions One example of this phenomenon is the relationship established throughout time between pragmatics and corpus linguistics Although their arrival heralded the application of two paradigms based on distant theoretical principles they always showed an interest in their mutual advances and their practical reconciliation gave birth to an intellectual synergy that proved very fruitful The present volume is an homage to the symbiosis of pragmatics and corpus linguistics and gathers the works of some of the scholars that have striven to create the liaison between them for a better understanding of language   Concise Encyclopedia of Semantics Keith Allan,2010-04-06 Concise Encyclopedia of Semantics is a comprehensive new

reference work aiming to systematically describe all aspects of the study of meaning in language It synthesizes in one volume the latest scholarly positions on the construction interpretation clarification obscurity illustration amplification simplification negotiation contradiction contraction and paraphrasing of meaning and the various concepts analyses methodologies and technologies that underpin their study It examines not only semantics but the impact of semantic study on related fields such as morphology syntax and typologically oriented studies such as grammatical semantics where semantics has made a considerable contribution to our understanding of verbal categories like tense or aspect nominal categories like case or possession clausal categories like causatives comparatives or conditionals and discourse phenomena like reference and anaphora COSE also examines lexical semantics and its relation to syntax pragmatics and cognitive linguistics and the study of how logical semantics develops and thrives often in interaction with computational linguistics As a derivative volume from Encyclopedia of Language and Linguistics Second Edition it comprises contributions from 150 of the foremost scholars of semantics in their various specializations and draws on 20 years of development in the parent work in a compact and affordable format Principally intended for tertiary level inquiry and research this will be invaluable as a reference work for undergraduate and postgraduate students as well as academics inquiring into the study of meaning and meaning relations within languages As semantics is a centrally important and inherently cross cutting area within linguistics it will therefore be relevant not just for semantics specialists but for most linguistic audiences The first encyclopedia ever published in this fascinating and diverse field Combines the talents of the world s leading semantics specialists The latest trends in the field authoritatively reviewed and interpreted in context of related disciplines Drawn from the richest most authoritative comprehensive and internationally acclaimed reference resource in the linguistics area Compact and affordable single volume reference format   Polysemous Particles in Ancient Greek Kees Thijs,2025-02-27 Anyone reading an Ancient Greek text will notice the abundance of pragmatic particles e g a much debated and challenging class of expressions What are their semantic contributions and how should we account for their notorious polyfunctionality In this book Kees Thijs provides a state of the art of modern particle theory which he then applies to two of the most versatile Greek particles and Using a diachronically oriented polysemy approach and a large scale varied research corpus Thijs offers a new unified account that significantly improves on both traditional handbooks e g Denniston and more recent particle studies   **English Historical Linguistics** Bettelou Los,Chris Cummins,Lisa Gotthard,Alpo Honkapohja,Benjamin Molineaux,2022-02-15 This volume drawn from the 20th International Conference on English Historical Linguistics ICEHL Edinburgh 2018 focuses on the role of language contact in the history of English It showcases a wide variety of historical linguistic approaches including big data analyses of large corpora dialectological methods and the study of translated texts It also breaks new ground by applying relevant insights from other fields among them postcolonial linguistics and anthropology This pluralistic approach brings new and under studied issues within the scope of explanation and challenges some long held assumptions about the nature of

historical change in English The volume will be of interest to an audience interested in the history of English and the impact of its contact with Viking Age Norse Old French and Latin **A Mosaic of Corpus Linguistics** Aquilino Sánchez,Moisés Almela Sánchez,2010 The growth experienced by Corpus Linguistics over the last two decades has complicated the definition of the discipline There is at present no consensus as to what corpus linguistics exactly is Is it a methodology a theoretical framework a research paradigm The goal of this book is multi purpose It provides material for a discussion of the notion of corpus linguistics an overt discussion of the limits of this discipline and a comparison of some of the main approaches And at the same time it offers a collection of selected papers representative of a range of approaches and applications associated with corpus research The Verb Phrase in English Bas Aarts,Joanne Close,Geoffrey Leech,Sean Wallis,2013-02-14 The chapters in this volume feature new and groundbreaking research carried out by leading scholars and promising young researchers from around the world on recent changes in the English verb phrase Drawing on authentic corpus data the papers consider both spoken and written English in several genres Each contribution pays particular attention to the methodologies used for investigating short term patterns of change in English with detailed discussions of controversies in this area This cutting edge collection is essential reading for historians of the English language syntacticians and corpus linguists The Yearbook of South Asian Languages and Linguistics 2003 Rajendra Singh,2004 South Asia is home to a large number of languages and dialects The considerable body of linguists working on this region have made significant contributions to our understanding of language society and language in society on a global scale Despite this there is as yet no recognized international forum for the exchange of ideas amongst South Asian linguists The YEARBOOK OF SOUTH ASIAN LANGUAGES AND LINGUISTICS is designed to be just that forum It brings together empirical and theoretical research and serves as a testing ground for the articulation of new ideas and approaches which may be grounded in a study of South Asian languages but which have universal applicability Each volume of this annual series will have four major sections I Invited contributions consisting of state of the art essays on research in South Asian languages II Refereed open submissions focusing on relevant issues and providing various viewpoints III Reports from around the world book reviews and abstracts of doctoral theses IV A forum for dialogue critiques comments and discussions reports on research activities and conference announcements In the words of the Editor in Chief other than excellence and non isolationism we have no agenda and no thematic priorities This pioneering series will interest all those in the fields of sociolinguistics language studies grammar literature and sociology Historical Linguistics, 1997 Monika S. Schmid,Jennifer R. Austin,Dieter Stein,1998-01-01 This volume presents a selection from the papers given at the 13th International Conference on Historical Linguistics It offers a window on the current state of the art in historical linguistics the papers cover a wide range of different languages different language families and different approaches to the study of linguistic change ranging from optimality theory theories of grammaticalization and the invisible hand treatments of language contact and creolization to the

linguistic consequences of political correctness Among the languages under discussion are Akkadian Catalan Dutch Finnish Japanese Sranan Western Malayo Polynesian Yiddish and a variety of Romance and Native American languages

Evidential Marking in European Languages Björn Wiemer,Juana I. Marin-Arrese,2022-03-07 How are evidential functions distinguished by means other than grammatical paradigms i e by function words and other lexical units And how inventories of such means can be compared across languages against an account also of grammatical means used to mark information source This book presents an attempt at supplying a comparative survey of such inventories by giving detailed evidential profiles for a large part of European languages Continental Germanic English French Basque Russian Polish Lithuanian Modern Greek and Ibero Romance languages such as Catal n Galician Portuguese and Spanish Each language is treated in a separate chapter and their profiles are based on a largely unified set of concepts based on function and or etymological provenance The profiles are preceded by a chapter which clarifies the theoretical premises and methodological background for the format followed in the profiles The concluding chapter presents a synthesis of findings from these profiles including areal biases and the formulation of methodological problems that call for further research

Unveiling the Magic of Words: A Overview of "**Subjectivity And Subjectivisation Linguistic Perspectives**"

In a global defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Their power to kindle emotions, provoke contemplation, and ignite transformative change is really awe-inspiring. Enter the realm of "**Subjectivity And Subjectivisation Linguistic Perspectives**," a mesmerizing literary masterpiece penned with a distinguished author, guiding readers on a profound journey to unravel the secrets and potential hidden within every word. In this critique, we shall delve in to the book is central themes, examine its distinctive writing style, and assess its profound affect the souls of its readers.

Subjectivity And Subjectivisation Linguistic Perspectives Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In todays fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Subjectivity And Subjectivisation Linguistic Perspectives PDF books and manuals is the internets largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and

pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Subjectivity And Subjectivisation Linguistic Perspectives PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Subjectivity And Subjectivisation Linguistic Perspectives free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Subjectivity And Subjectivisation Linguistic Perspectives Books

What is a Subjectivity And Subjectivisation Linguistic Perspectives PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Subjectivity And Subjectivisation Linguistic Perspectives PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Subjectivity And Subjectivisation Linguistic Perspectives PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Subjectivity And Subjectivisation Linguistic Perspectives PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Subjectivity And Subjectivisation Linguistic Perspectives PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for

instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
