Final Patrol Don Keith, 2006-10-03 During World War II the U S Navy's submarine service suffered the highest casualty percentage of all the American armed forces losing one in five submariners But despite the odds these underwater warriors accounted for almost 60 percent of Japanese shipping losses and were a major factor in winning the war 16 U S submarines and one German U Boat that saw action during WWII are now open to the public Most have been restored and authentically equipped Final Patrol takes a fascinating look at these subs and the personal stories of the brave sailors who lived fought and often died in them Now visitors can climb into these cramped steel cylinders peer through their torpedo tubes and imagine diving under the sea perhaps for the last time to stalk a fanatical enemy who threatened our nation's freedom
