Subversive Action Nilan Yu, Deena Mandell, 2015-12-10 Subversive Action presents cases that explore the use of extralegal action undertaken in pursuit of human rights and social justice and locate that action with reference to the boundaries of social work Definitions of social work often include goals of social change social justice empowerment and the liberation of people but social work texts make little mention of extralegal actions Mainstream conceptions of social work usually consider it to fall within the framework of particular legal and societal contexts As such it is presented with boundaries for legitimate action even as it espouses principles that may require it to challenge these boundaries How does one do social work in legal and societal contexts that challenge these principles with institutional and state mandated exclusion and discrimination Should social workers simply act within the bounds of the law in line with their professional sanction and mandate Do their actions qualify as social work if they are beyond the limits of the law The essays in this volume by authors from around the world raise these questions by providing a basis for reflection about the claims we make in social work embodied in discourses on social justice and human rights

Subversion 2.0 Christopher Whyte, 2024 Why are conspiracy theories extremist rhetoric and acts of antagonism by fringe elements of society so much more visible today than in years past In Subversion 2.0 Christopher Whyte makes the case that leaderlessness characterized by an evolving and uneven feedback loop linking fringe spaces to mainstream elite rhetoric and popular discourse has emerged as the default format of subversive activity in the digital age By examining the uneven feedback loop of leaderlessness Whyte argues that social Internet platforms act as a vehicle for transmitting and amplifying extreme rhetoric but often fail to moderate extremism in turn
