Chappell, 2009-12-07 The civil rights movement was arguably the most successful social movement in American history In a provocative new assessment of its success David Chappell argues that the story of civil rights is not a story of the ultimate triumph of liberal ideas after decades of gradual progress Rather it is a story of the power of religious tradition Chappell reconsiders the intellectual roots of civil rights reform showing how northern liberals faith in the power of human reason to overcome prejudice was at odds with the movement s goal of immediate change Even when liberals sincerely wanted change they recognized that they could not necessarily inspire others to unite and fight for it But the prophetic tradition of the Old Testament sometimes translated into secular language drove African American activists to unprecedented solidarity and self sacrifice Martin Luther King Jr Fannie Lou Hamer James Lawson Modjeska Simkins and other black leaders believed as the Hebrew prophets believed that they had to stand apart from society and instigate dramatic changes to force an unwilling world to abandon its sinful ways Their impassioned campaign to stamp out the sin of segregation brought the vitality of a religious revival to their cause Meanwhile segregationists found little support within their white southern religious denominations Although segregationists outvoted and outgunned black integrationists the segregationists lost Chappell concludes largely because they did not have a religious commitment to their cause **Towards the Prophetic Church** 

John M. Hull, 2014-09-30 Thirty years ago John Hull wrote What Prevents Christian Adults from Learning This new book asks What Prevents Christian Adults from Acting How has it come about that the Church appears to be so preoccupied with itself What happened to the guest for the social justice of the Kingdom of God John Hull's search for understanding took him back to the prophetic tradition of the Bible and he discovered that this has become neglected and even betrayed Christian discipleship must be more than church going and prayer Christians must resist the unjust structures of society in the prophetic tradition Theological reflection is not enough Canadian Book Review Annual ,1992 Subversive Orthodoxy Down to Earth Donald Reeves, 1996 Describing the Church of England as a church in self inflicted Kenneth Leech, 1983 exile the author of this book shows how the Church could change to become a vigorous and relevant community He is critical of current trends and attitudes in the Church but advances positive and radical ideas for its future **The Sunday Service** of the Methodists Karen B. Westerfield Tucker, 1996 Are there common threads or characteristics uniting the worship of churches that stand in the Wesleyan tradition What theological assumptions undergird the practice of Methodist worship in different cultural contexts Is the liturgical heritage begueathed by John Wesley and the early Methodists still honored in twentieth century Methodist worship How broadly has the twentieth century liturgical movement influenced Methodist worship Have Methodists made unique liturgical contributions in the establishment and evolution of uniting churches in Australia Canada or India What are the implications of twentieth century Methodist worship for evangelism and missions These are some of the guestions addressed in this volume which examines the theological historical cultural and practical implications of Sunday morning worship as it is celebrated in churches around the world claiming Methodist Wesleyan roots
