Subversive Virtue Asceticism And Authority In The Second Century Pagan World:

Subversive Virtue James A. Francis, 1995 Much attention has been devoted in recent years to Christian asceticism in Late Antiquity But Christianity did not introduce asceticism to the ancient world An underlying theme of this fascinating study of pagan asceticism is that much of the work on Christian holy men has ignored earlier manifestations of asceticism in Antiquity and the way Roman society confronted it Accordingly James Francis turns to the second century the balmy late afternoon of Rome's classical empire when the conflict between asceticism and authority reached a turning point Francis begins with the emperor Marcus Aurelius 121-180 who warned in his *Meditations* against displaying oneself as a man keen to impress others with a reputation for asceticism or beneficence The Stoic Aurelius saw ascetic self-discipline as a virtue but one to be exercised in moderation Like other Roman aristocrats of his day he perceived practitioners of ostentatious physical asceticism as a threat to prevailing norms and the established order Prophecy sorcery miracle working charismatic leadership expressions of social discontent and advocacy of alternative values regarding wealth property marriage and sexuality were the issues provoking the controversy If Aurelius defined the acceptable limits of ascetical practice then the poet Lucian depicted the threat ascetics were perceived to pose to the social status quo through his biting satire In an eye-opening analysis of Philostratus's *Life of Apollonius of Tyana* Francis shows how Roman society reined in its deviant ascetics by rehabilitating them into pillars of traditional values Celsus's *True Doctrine* shows how the views pagans held of their own ascetics influenced their negative view of Christianity Finally Francis points out striking parallels between the conflict over pagan asceticism and its Christian counterpart By treating pagan asceticism seriously in its own right Francis establishes the context necessary for understanding the great flowering of asceticism in Late Antiquity

The Making of the Self Richard Valantasis, 2008-03-15 A leading scholar of ascetical studies Richard Valantasis explores a variety of ascetical traditions ranging from the Greco-Roman philosophy of Musonius Rufus the asceticism found in the Nag Hammadi Library and in certain Gnostic texts the Gospel of Thomas and other early Christian texts This collection gathers historical and theoretical essays that develop a theory of asceticism that informs the analysis of historical texts and opens the way for postmodern ascetical studies Wide-ranging in historical scope and in developing theory these essays address asceticism for scholar and student alike The theory will be of particular interest to those interested in cultural theory and analysis while the historical essays provide the researcher with easy access to a significant corpus of academic writing on asceticism

Rabbinisme et Paganisme en Palestine romaine E. Friedheim, 2006-07-01 This study deals essentially with the knowledge of the Palestinian Rabbis concerning paganism in the days of Mishna and Talmud The Late Professor Saul Lieberman wrote that Many isolated items on idolatry and idol worshippers are scattered all over rabbinic literature It would require a large volume to treat this topic This valuable and exhaustive study proves methodically that the Rabbis had deeper knowledge about Syrian Arabian Anatolian and Graeco-Roman Pagan cults than is commonly believed Clear accessible and displaying considerable

Abject Joy Ryan S. Schellenberg, 2021 No extant text gives so vivid a glimpse into the experience of an ancient prisoner as Paul s letter to the Philippians As a letter from prison however it is not what one would expect For although it is true that Paul like some other ancient prisoners speaks in Philippians of his yearning for death what he expresses most conspicuously is contentment and even joy Setting aside pious banalities that contrast true joy with happiness and leaving behind too heroic depictions that take their cue from Acts *Abject Joy* offers a reading of Paul s letter as both a means and an artifact of his provisional attempt to make do By outlining the uses of punitive custody in the administration of Rome s eastern provinces and describing the prison s complex place in the social and moral imagination of the Greek and Roman world Ryan Schellenberg provides a richly drawn account of Paul s nonelite social context where bodies and their affects were shaped by acute contingency and habitual susceptibility to violent subjugation Informed by

recent work in the history of emotions and with comparison to modern prison writing and ethnography provoking new questions and insights Schellenberg describes Paul's letter as an affective technology wielded at once on Paul himself and on his addressees that works to strengthen his grasp on the very joy he names Abject Joy Paul Prison and the Art of Making Do by Ryan S Schellenberg is a social history of prison in the Greek and Roman world that takes Paul's letter to the Philippians as its focal instance or to put it the other way around a study of Paul's letter to the Philippians that takes the reality of prison as its starting point Examining ancient perceptions of confinement and placing this ancient evidence in dialogue with modern prison writing and ethnography it describes Paul's urgent and unexpectedly joyful letter as a witness to the perplexing art of survival under constraint

of filling this gap Ten studies present cases from both Asian and European traditions classical and medieval Hinduism early and contemporary Buddhism in South and East Asia European antiquity early and medieval Christianity and 19th 20th century Aryan religion Focusing on the critics of asceticism their motives their arguments and the targets of their critique these studies provide a broad range of issues for comparison They suggest that the critique of asceticism is based on a worldview differing from and competing with the ascetic worldview often in one and the same historical context The book demonstrates that examining the critics of asceticism helps understand better the complexity of religious traditions and their cultural contexts The comparative analysis moreover shows that the criticism of asceticism reflects a religious worldview as significant and widespread in the history of religions as asceticism itself is Abandoned to Lust Jennifer Wright Knust, 2006
