This pocket mentor will oversee your journey and provide authoritative encouragement as you change from a new student to a confident professional ready to contribute to the world through basic or applied research, academic appointments, or clinical work. This invaluable resource is enriched with handy tips, checklists, practice interview questions, teaching guidelines, dissertation strategies, sample CVs, and other practical visual aids.

The Oxford Handbook of Education and Training in Professional Psychology W. Brad Johnson Ph.D., Nadine Kaslow Ph.D., 2014-02-27
The Oxford Handbook of Education and Training in Professional Psychology provides the first comprehensive treatment of the processes and current state of the art practices bearing on educating and training professional psychologists. Thousands of psychologists are employed full time as faculty members or clinical supervisors in graduate practicum, internship, and postdoctoral training programs or training sites. This handbook provides a single resource that pulls together the substantial scholarship on education and training in psychology, covering the full spectrum of historic developments, salient issues, current standards, and emerging trends in psychology education and training. It provides a thorough analysis of doctoral and postdoctoral training for psychologists in clinical counseling or school psychology specialties. Because competency issues are moving to the forefront in the design of training programs and the evaluation of trainee performance, the handbook's authors have made models and standards for competency a primary theme. This volume captures the current state of education and training while emphasizing emerging trends and forecasting future directions.

Becoming a Clinical Psychologist Silvia Fiammenghi, Robert Keisner, Danielle Knafo, 2015-02-06
Whether you are thinking about starting therapy, going to graduate school, or are yourself a practicing healer of hearts and minds, *Becoming a Clinical Psychologist: Personal Stories of Doctoral Training* offers a wealth of useful information about today's training and trainees. This book is a collection of accounts written by a diverse group of early career psychologists and doctoral students in their final stages of training. Each of the twelve authors provides a deeply personal inside perspective on becoming a therapist. Some of the chapters combine qualitative research with the author's particular experience, while others emphasize the author's personal journey as s/he moves from novice to clinician. Some of the issues that are covered include the ways in which training affects personal and professional relationships with spouses, friends, peers, faculty, and supervisors.

and clients how budding clinicians deal with their own issues and feelings of inadequacy and how trainees learn to develop the right balance of empathy and detachment in working with clients Also unique to this collection is the diversity reflected in the contributors which include an Orthodox Jewish gay man who came out during training a Black woman of African descent who found a home in the psychoanalytic approach a White man who experienced minority status in his mostly female doctoral program a bisexual White woman who had to negotiate misperceptions and judgments as she moved through her clinical training and a dissident student who came from another profession and found herself at odds with most of her professors and supervisors about the role of trauma in the etiology of mental illness *Becoming a Clinical Psychologist* is a compelling read for those both inside and outside the field of psychology
