Successful Marriage Is All About You Making It Successful:

How They Make It Work... 21 Habits of a Successful Marriage Ed Wimberly, 2020-02-14 Throughout the course of my 45 years in private practice I have at times wondered how it is that some couples do so well beyond therapy and on their own to improve and progress while others who initially improve through the counseling process seem to fall back into many of their old and self defeating habits It took me a while but I now understand that often those couples who fall back into their old destructive habits usually do so because they neglect to replace them with new and productive ones Removing dysfunctional habits must be followed by developing new and healthy habits How They Make it Work addresses 21 new habits I have consistently observed through follow up contacts that seem to help couples continue to thrive and to grow on their own beyond professional intervention At the end of each of the 21 chapters are several questions designed to help you process together the new habits that are being suggested here Since they have worked for others there is more than a good chance they will work for you Testimonials Dr Wimberly s book was thought provoking straight forward and easy to apply in our effort to build a healthier more successful marriage Barbie Krabacher early childhood educator Rich in wisdom and helpful insights from an experienced therapist Gordon Hess Ph D retired therapist HOW THEY MAKE IT WORK 21 Habits of a Successful Marriage is a straight forward guide to helping and healing any relationship If you want to love and be loved in your relationship here is a compass to help find your way Noah BenShea international best selling author philosopher and speaker More than just a list of ideas to make a marriage better Ed s book tackles the tough and underlying issues that can sabotage a relationship B Kirkpatrick author of Hard Left and The Resurrection of Johnny Roe Dr Wimberly has with wisdom humor and common sense translated psychological principles into a highly useful guide for couples who want to improve their relationship Dr James Hilkey forensic psychologist [How to Make a Success of Your Marriage - Psychological, Spiritual, and Emotional Guidance for a Long-Lasting Marriage without Counseling](#) Dueep Jyot Singh, John Davidson, 2017-02-26 Table of Contents Introduction It Is All His Fault But I Married Too Young Self Justification Criticism and Contempt Escalation of the Situation The Silent Treatment Do NOT Bring Me Flowers Anymore The Importance of Physical Intimacy in a Successful Marriage Conclusion Author Bio Publisher Introduction All these years happily married and still going strong Once while I was training under a psychologist she told me that in her particular country nobody had ever heard of marriage counseling because the option of divorce a couple splitting up was unheard of in their culture traditions and upbringing For them marriage was a once in a lifetime proposition to be ended only after till death do us part And even then many partners did not marry again because they still considered themselves married to their spouses even after becoming a widow or widower I also have been brought up in such a supposedly old fashioned milieu and society naturally thanks to our upbringing culture and one may almost say old fashioned traditions for every one of us marriage is once and forever and never ever to be broken up under any circumstances So it was with great surprise that I began to see the trend

of divorces gaining popularity because that had become a modern fashionable option and if so many people in the West were doing it this was of course the best way of getting out of a partnership which one had begun considering to be a bit of a drag and look for more exciting options elsewhere Sadly enough you are going to be surprised to know that statistics say that 27% of married American men are going to have an extramarital affair just because it happened and they could not control it Isn't it interesting to know that just three generations ago their own grandparents considered extramarital affairs to be a thing of shame not a thing of which a virtuous responsible father or husband did and faithfulness was a part of his principles upbringing tradition and culture He believed in his marriage vows And so did his wife And using him as an example his children followed in his steps But then suddenly in the 70s 80s and 90s it began to be fashionable to divorce and marry again not understanding about the emotional psychological spiritual physical and mental trauma this would have on all the members of the family parents and children
