Sudan Institut du Monde Arabe, 1997 Experts calculate that a culture began more than 6000 years ago which emerged as the Nile's richest lands and rivaled that of the great Egypt downriver **Ancient Nubia** Marjorie M. Fisher, Peter Lacovara, Salima Ikram, Sue D'Auria, 2012-09-06 A lushly illustrated gazetteer of the archaeological sites of southern Egypt and northern Sudan and named a 2012 American Publishers PROSE Awards winner for Best Archaeology Anthropology Book For most of the modern world ancient Nubia seems an unknown and enigmatic land Only a handful of archaeologists have studied its history or unearthed the Nubian cities temples and cemeteries that once dotted the landscape of southern Egypt and northern Sudan Nubia's remote setting in the midst of an inhospitable desert with access by river blocked by impassable rapids has lent it not only an air of mystery but also isolated it from exploration Over the past century particularly during this last generation scholars have begun to focus more attention on the fascinating cultures of ancient Nubia ironically prompted by the construction of large dams that have flooded vast tracts of the ancient land This book attempts to document some of what has recently been discovered about ancient Nubia with its remarkable history architecture and culture and thereby to give us a picture of this rich but unfamiliar African legacy **The ^AOxford Handbook of Ancient Nubia** Geoff Emberling, Bruce Williams, 2021-01-15 The cultures of Nubia built the earliest cities states and empires of inner Africa but they remain relatively poorly known outside their modern descendants and the community researching them The Oxford Handbook of Ancient Nubia brings together chapters by an international group of scholars on the history and archaeology of Nubia Sudan Zahid Ameer, 2024-05-16 Explore the hidden wonders of Sudan in Sudan Land of More Pyramids Than Egypt eBook Discover the rich history cultural heritage and archaeological marvels of Sudanese pyramids offering a captivating journey through ancient civilizations and untold mysteries **The Double Kingdom Under Taharqo** Jeremy W. Pope, 2014-01-13 The establishment of Kushite rule over Egypt during the eighth and seventh centuries BC resulted in a state of extraordinary geographic dimensions and ecological diversity stretching from the tropics of Sudanese Nubia over 3 000 km to the Mediterranean In The Double Kingdom under Taharqo Jeremy Pope uses the copious documentary and archaeological evidence from Taharqo's reign to address a series of questions which have dogged study of the Twenty Fifth Dynasty how was it possible for one king to control all of that territory To what extent were the Kushite pharaohs strategies of governance influenced by the circumstances of their homeland versus the precedents of Egyptian and Libyan rule And how did Kushite policies differ from those of their Saite successors Bringing to bear an impressive mastery of the sources and refreshingly open to anthropological and comparative approaches Jeremy Pope's study is welcome in providing a close and careful analysis of varied sources both historical and archaeological David N Edwards University of Leicester a seminal work pioneering a new historical approach to the Twenty Fifth Dynasty L szl T r k Hungarian Academy of Sciences Current Perspectives in Sudanese and Nubian Archaeology Rennan Lemos, Samantha Tipper, 2021-02-25 This book brings together

The Black Kingdom of the Nile Charles Bonnet, 2019-05-20 Landmark archaeological excavations that radically revise the early history of Africa For the past fifty years Charles Bonnet has been excavating sites in present day Sudan and Egypt that point to the existence of a sophisticated ancient black African civilization thriving alongside the Egyptians In *The Black Kingdom of the Nile* he gathers the results of these excavations to reveal the distinctively indigenous culture of the black Nubian city of Kerma the capital of the Kingdom of Kush This powerful and complex political state organized trade to the Mediterranean basin and built up a military strong enough to resist Egyptian forces Further explorations at Dukki Gel north of Kerma reveal a major Nubian fortified city of the mid second millennium BCE featuring complex round and oval structures Bonnet also found evidence of the revival of another powerful black Nubian society seven centuries after Egypt conquered Kush around 1500 BCE when he unearthed seven life size granite statues of Black Pharaohs ca 744 656 BCE Bonnet's discoveries have shaken our understanding of the origins and sophistication of early civilization in the heart of black Africa Until Bonnet began his work no one knew the extent and power of the Nubian state or the existence of the Black Pharaohs who presided successfully over their lands The political military and commercial achievements revealed in these Nubian sites challenge our long held belief that the Egyptians were far more advanced than their southern neighbors and that black kingdoms were effectively vassal states Charles Bonnet's discovery of this lost black kingdom forces us to rewrite the early history of the African continent
