Sudan Contested National Identities:

The Sudan Ann Mosely Lesch, 1998 This highly informative work digs into the intricate history of Sudanese politics Lesch brings a welcome clarity to Sudan's tangle of political ethnic and religious problems by concentrating on the country's central dilemma the inability of its leaders to negotiate a common definition of nationhood Foreign Affairs the first correct account of what took place after independence Robert O Collins The Sudan is torn by ethnic and religious conflict centered on the struggle over the definition of the Sudanese nation state Is the Sudan primarily Arab or African by culture and ethnicity Should the political system privilege Islamic legal codes or accord equal citizenship to persons of all faiths Ann Mosely Lesch provides a comprehensive and even handed analysis of the unresolved struggle for a stable political system and a unified national identity

National Identity and State Formation in Africa Manuel Castells, Bernard Latagan, 2021-03-16 This book examines how the interplay between globalization and the assertion of local identities is reshaping the political landscape of Africa While defending their values against external forces people simultaneously and paradoxically use the interconnectivity of global networks to maximize their particular interests Focusing on the relation between national identity and state formation the authors explore the far reaching consequences of these contradictory dynamics Although Africa shares many common trends with other parts of the world it also displays distinctive features A region characterized by the increased mobility of people goods and ideas challenges some conventional assumptions of statecraft and also highlights the advantages of federalism not merely as a constitutional option but as a pragmatic device for managing diversity and holding fragile states together The book further explores emerging types of state formation in the same political space as exemplified by the combination of elements of a kingdom an independent state and a national power base in the province of KwaZulu Natal and the careful crafting of an alternative state within a state by the Solidarity Movement in South Africa Informed by examples and case studies drawn from different parts of Africa this book will be of great interest to students and scholars of Africa politics sociology media studies and the social sciences more generally

Language, Religion and National Identity in Europe and the Middle East John Myhill, 2006-01-01 This book discusses the historical record of the idea that language is associated with national identity demonstrating that different applications of this idea have consistently produced certain types of results Nationalist movements aimed at unification based upon languages which vary greatly at the spoken level e g German Italian Pan Turkish and Arabic have been associated with aggression fascism and genocide while those based upon relatively homogeneous spoken languages e g Czech Norwegian and Ukrainian have resulted in national liberation and international stability It is also shown that religion can be more important to national identity than language but only for religious groups which were understood in premodern times to be national rather than universal or doctrinal e g Jews Armenians Maronites Serbs Dutch and English this is demonstrated with discussions of the Holocaust the Armenian Genocide the civil war in Lebanon and the breakup of Yugoslavia the United

Netherlands and the United Kingdom **The Horn of Africa since the 1960s** Aleksí Ylönen, Jan Záhorký, 2017-02-17 The Horn of Africa has long been one of the most dynamic and politically turbulent sub regions on the African continent Host to great ancient civilizations diverse peoples and expansive states the region has experienced massive social economic and political transformations which have given rise to military coups revolutions and intractable ethnic socio economic and religious conflicts This comprehensive volume brings together a team of expert scholars who analyze international regional national and local affairs in the Horn of Africa The chapters demonstrate the intertwined nature of the actors and forces shaping political realities The case studies focusing on Ethiopia Eritrea Somalia Somaliland Sudan and South Sudan eloquently illustrate the complex dynamics connecting the spectrum of political issues in the region The Horn of Africa since the 1960s will be of interest to students and scholars of contemporary Africa and political science Historical Dictionary of the Sudan Robert S. Kramer, Richard Andrew Lobban, Carolyn Fluehr-Lobban, 2013 The Republic of the Sudan was long the largest country in Africa and according to the general consensus also one of the least successful in many ways This was not entirely its fault since it lay along the fault line between Muslim and Christian Africa and between the Nile Valley civilizations and African Sudanic cultures This partly explains the long and bloody warfare waged by the Southerners to achieve independence which they did in July 2011 So this hefty book actually covers not one but two states This fourth edition of the Historical Dictionary of the Sudan does so first through a lengthy and detailed chronology tracing its relatively few successes and numerous failures The introductory essay does an admirable job of putting it all in perspective But the most informative part is the dictionary with now over 700 entries for this fourth edition They deal with important personalities politics the economy society culture religion and inevitably the civil war There are also appendixes and an extensive bibliography

Identity, Citizenship, and Violence in Two Sudans: Reimagining a Common Future A. Idris, 2013-08-20 The 2011 split of Sudan and the conflicts that have followed make it a case of ongoing significance for understanding state building in Africa Examining both the north south divide and the spread of violence from Darfur this study shows how colonial legacies have shaped state formation and charts out a path to inclusive citizenship and democracy **Sudan's Wars and Peace Agreements** Stephanie Beswick, Jay Spaulding, 2010-07-12 Originating from the 2008 27th annual conference of the Sudan Studies Association SSA of the same title these essays document and analyze Sudan's chronic history of conflict since independence in 1956 as well as its own and international efforts to bring an end to these conflicts As the country moves toward what some see as the inevitable separation of South Sudan in 2011 honoring the principle of self determination long fought for by southerners the lessons of six decades of a history of war and peace agreements is both telling and compelling This analysis is offered by the real experts on Sudan rather than the usual story offered by journalists and pundits In addition to an Introduction by the editors all founders or current or past presidents of the SSA the essays by Sudanese and non Sudanese explore the often bitter history of North South relations and loss of life leading to the consideration of a range of

options from a continuation of national unity under revised terms to federation or redivision to full separation of the South and the constitution of a new African state The role of the Khartoum government's pursuit of policies of Islamization and Islamism for a quarter of a century across multiple regimes is also treated The central question of constructing a sustainable peace irrespective of the outcome in 2011 is detailed along with the essential consideration of women and gender perspectives to sustain any peace negotiated This book is must reading in advance of or in response to the crucial events as they unfold in Sudan in 2011 and beyond The Root Causes of Sudan's Civil Wars Douglas Hamilton Johnson, 2016

Nationalist Passions Stuart J. Kaufman, 2015-11-06 Nationalist and ethnic conflict can take many forms from genocidal violence and civil war to protest movements and peaceful squabbles in democracies Nationalist Passions poses a stark challenge to extreme rationalist understandings of political conflict Stuart J Kaufman elaborates a compelling theory of ethnic politics to explain why ethnic violence erupts in some contexts and how peace is maintained in others At the core of Kaufman's theory is an assertion that conflicts are initiated due to popular symbolic predispositions biases of all kinds and perceptions of threat Kaufman puts his theory to the test in a range of conflicts He examines some highly violent episodes among them the Muslim rebellion in the southern Philippines beginning in the 1970s the civil war in southern Sudan that began in the 1980s and the Rwanda genocide of 1994 Kaufman also analyzes other situations in which leaders attempted to tame the violence that nationalist passions can generate In India Mahatma Gandhi mobilized an overtly nonviolent movement but failed in his efforts to prevent the rise of Muslim Hindu communal violence In South Africa Nelson Mandela and F W de Klerk ended apartheid but not without terrible cost more than fifteen thousand people died while the negotiations were under way In Tanzania however Julius Nyerere led one of the few ethnically diverse countries in the world with almost no ethnic violence Nationalist Passions is essential reading for policymakers international aid workers and all others who seek to find the best possible outcomes for future internal and interstate clashes

Conflict and Politics of Identity in Sudan A. Idris, 2005-08-19 This book explores the relationship between state formation and political identities in the context of Sudan's conflict Idris examines how hierarchy was historically constructed and politically institutionalized in the Sudan acknowledging the centrality of the historical legacy of slavery and colonialism in Sudan's postcolonial crisis

War and Statehood in South Sudan Manfred Öhm, 2015-03-26 This study provides empirically based insights into the relationship between war statehood and peaceful conflict resolution during the second Sudanese civil war and following the independence of South Sudan 2011 Several influencing factors have been identified the dynamics of political and ethnic conflict the authoritarian character of the former rebel movement SPLM the role of the church and of traditional leaders in local peace processes and how the enormous presence of international aid organizations has affected both war and statehood The empirical findings suggest that South Sudan is not an example of state failure but rather part of a broader process of

state formation As such this collection argues that state building is indeed possible during war The analysis of the independent South Sudan post 2011 illustrates that the country is still struck by strong political and ethnic conflicts and continued violence This is a book that is relevant and full of insights for social scientists and practitioners of development co operation

Sudan Abdel Salam Sidahmed, Alsir Sidahmed, 2004-11-10 Stretching between the savannah and the equator Sudan is a microcosm of Africa with one leg in the Arab world and the other in Africa Sudan s development however has failed to address the differences within the country between its diverse ethnic communities This has resulted in political instability and a lack of national consensus ultimately leading to long term civil war This useful book provides a comprehensive introduction to contemporary Sudan outlining the evolution of the state with emphasis on its post independence experience It includes chapters on the history politics society international relations and economy of the country

South Sudan Kuyok Abol Kuyok, 2015-09-04 This is the first volume of the Biographical Dictionary of South Sudan an ongoing research project begun in July 2001 As the subtitle of the book the Notable Firsts suggests this volume is primarily concerned with historically significant South Sudanese personalities deceased and contemporary alike and their illustrious careers Luminaries from all walks of life are featured including politics traditional leadership civil service academia and sports This book has several main aims Its primary aim is historical It presents biographical profiles or accounts of the entrants and highlights the accomplishments and contributions of entrants in their respective fields of expertise or in the public sphere But the aim of this study is not only to preset entrants biographies It is mostly to place the entries in a broader historical perspective The biographical dictionary though concerned about personal accounts of entrants it discusses pivotal events that shaped the history of South Sudan The biographies are essentially linked to historical events that shaped or influenced the countrys trajectory throughout the period in question Central to understanding the history of South Sudan is the biographical information of personalities who have taken part in major events or who have assumed important offices in the country

Routledge Handbook of the Horn of Africa Jean-Nicolas Bach, 2022-03-30 The Routledge Handbook of the Horn of Africa provides a comprehensive interdisciplinary survey of contemporary research related to the Horn of Africa Situated at the junction of the Sahel Saharan strip and the Arabian Peninsula the Horn of Africa is growing in global importance due to demographic growth and the strategic importance of the Suez Canal Divided into sections on authoritarianism and resistance religion and politics migration economic integration the military and regimes and liberation the contributors provide up to date authoritative knowledge on the region in light of contemporary strategic concerns The handbook investigates how political economic and security innovations have been implemented sometimes with violence by use of force or by negotiation including ethnic federalism in Ethiopia independence in Eritrea and South Sudan integration of the traditional authorities in the neo patrimonial administrations Somalian Islamic Courts the Sudanese Islamist regime people s movements multilateral operations and the construction of an architecture for regional peace and

security Accessibly written this handbook is an essential read for scholars students and policy professionals interested in the contemporary politics in the Horn of Africa

The Codification of Islamic Criminal Law in the Sudan Olaf Köndgen,2017-11-01 In The Codification of Islamic Criminal Law in the Sudan Olaf Köndgen offers an in depth analysis of the Sudan's Islamized penal codes of 1983 and 1991 their historical political and juridical context their interpretation in the case law of the Supreme Court and their practical application He examines issues that arise in shar'a criminal law including homicide bodily harm unlawful sexual intercourse zin liw rape unfounded accusation of unlawful sexual intercourse qadhaf highway robbery ir ba apostasy ridda and alcohol consumption Drawing on a wide range of primary and secondary sources a large number of previously untapped Supreme Court cases and interviews with judges and politicians Köndgen convincingly explains the multiple contradictions and often surprising aspects of one of the Arab world's longest lasting applications of codified shar'a criminal law Olaf Köndgen won the DAVO Dissertation Prize 2014 for his Ph.D. thesis This extremely well documented study represents a milestone for the discussion of Islamic criminal law in the Muslim world as a whole and in the Sudan especially Olaf Köndgen fills an academic void his work deserves the greatest recognition for its extraordinary quality its thoroughness and systematic approach Prof. G. nter Meyer Johannes Gutenberg University Mainz

South Sudan's Fateful Struggle Steven C. Roach,2023-09-22 In this book Steven C. Roach addresses the effects of the South South war in South Sudan showing how it has troubled the transition to statehood and the transitional government of national unity Throughout he stresses how the government has failed to adequately promote core standards of accountability and shows how the Sudan People's Liberation Movement remained a largely militaristic organization that dominated control of the country's political destiny and became a powerful deterrent to democracy security justice and national unity Comprehensive in scope the book represents the first systematic examination of the foundations of South Sudan's quandary both before and after its civil war Yet it offers hope for a moral reckoning through the promising efforts to advance hybrid justice and to pressure the government to implement a truth commission war crimes court and reparations commission

Civil Uprisings in Modern Sudan W. J. Berridge,2015-01-29 In the wake of the protests that toppled regimes across the Middle East in 2011 Sudanese activists and writers have proudly cited their very own Arab Springs of 1964 and 1985 which overthrew the country's first two military regimes as evidence of their role as political pioneers in the

region Whilst some of these claims may be exaggerated Sudan was indeed unique in the region at the time in that it witnessed not one but two popular uprisings which successfully uprooted military authoritarianisms Civil Uprisings in Modern Sudan provides the first scholarly book length history of the 1964 and 1985 uprisings It explores the uprisings themselves their legacy and the contemporary relevance they hold in the context of the current political climate of the Middle East The book also contends that the sort of politics espoused by various kinds of Islamist during the uprisings can be interpreted as a form of early post Islamism in which Islamist political agendas were seen to be compatible with liberalism and democracy Using interviews Arabic language sources and a wealth of archival material this book is an important and original study that is of great significance for scholars of African and Middle Eastern political history
