Dogsboddy Diana Wynne Jones, 2012-04-12 A funny heartbreaking stunning book by the legendary Diana Wynne Jones with an introduction by Neil Gaiman The Dog Star Sirius is tried and found guilty by his heavenly peers for a murder he did not commit His sentence to live on the planet Earth until he can carry out a seemingly impossible mission the recovery of a deadly weapon known as the Zoi The first lesson Sirius learns in his lowly earthly form is that humans have all the power The second is that even though his young mistress loves him she can't protect either of them The third and worst is that someone out there will do anything to keep Sirius from finding the Zoi Even if it means destroying Earth itself This funny heartbreaking stunning book features an introduction by Neil Gaiman an avid fan of Diana Wynne Jones [Diana Wynne Jones](#) Farah Mendlesohn, 2013-09-13 British author Diana Wynne Jones has been writing speculative fiction for children for more than thirty years A clear influence on more recent writers such as J K Rowling her humorous and exciting stories of wizard s academies dragons and griffins many published for children but read by all ages are also complexly structured and thought provoking critiques of the fantasy tradition This is the first serious study of Jones s work written by a renowned science fiction critic and historian In addition to providing an overview of Jones s work Farah Mendlesohn also examines Jones s important critiques of the fantastic tradition s ideas about childhood and adolescence This book will be of interest to Jones s many admirers and to those who study fantasy and children s literature **Best Books for Young Adults** Holly Koelling, 2007-08-13 Rev ed of Best books for young adults Betty Carter with Sally Estes and Linda Waddle 2nd ed c2000

Four British Fantasists Charles Butler, 2006-04-25 *Four British Fantasists* explores the work of four of the most successful and influential fantasy writers of the generation who rose to prominence in the second Golden Age of children s literature in Britain Susan Cooper Alan Garner Diana Wynne Jones and Penelope Lively Drawing on history archeology social geography anthropology and postcolonial theory as well as literary criticism Butler provides a series of new perspectives through which to view these writers achievements He begins by highlighting some points of biographic coincidence e g all four authors were

children during WWII all were born within a year or two of each other and all attended Oxford University in the early 1950s when C S Lewis and J R R Tolkien were publishing their seminal fantasies and questions if these factors play any significant role in the development of these fantasy writers The author then uses this question as the springboard for a case study in the assessment of biographical and literary influence The book also considers the role played by Britain itself in determining the shape and preoccupations of these writers fiction Britain is a land with a long history in which contemporary life is constantly juxtaposed with evidence of the past in the form of ancient buildings historic sites and archeological remains By placing the work of Cooper Garner Jones and Lively in the context of British culture and of their own time Butler provides a key to their fascination with history mythology and magic and to the ways in which that fascination has found expression in their fiction Students of children s literature and of fantasy literature as well as readers who are interested in the lives of these four subject authors will find this an insightful read *Fantasies of music in nostalgic medievalism* Helen Dell,2024-01-30 In the period between the Second World War and the present there has been an extraordinary rise in the production of medievalist fantasy literature and film This has been accompanied by the revival performance and invention of medieval music In this enterprise modern fantasies of the Middle Ages have exercised great influence *Fantasies of music in nostalgic medievalism* shows how music medievalism and nostalgia have been woven together in the fantasies of writers and readers musicians musicologists directors and listeners film makers and film goers This book studies the ways in which three fields of creative activity inspired by the medieval musical performance literature cinema and their reception have worked together to produce and sustain for some the fantasy of a long lost long mourned paradisal home **First Contact** Bonnie Kunzel,Suzanne Manczuk,2001 This beginning reader s advisory book helps librarians guide young readers to science fiction and fantasy titles Entries describe titles and list sequels and related books by the same author Entries are in topical sections such as alien contact dragons biotechnology and postapocalypse Classics as well as current titles popular with both younger and older teens are included in each category Kunzel is a teen specialist at Princeton Public Library and is vice president of the Young Adult Library Services Association of the American Library Association Manczuk teaches in the School of Communication Information and Library Studies at Rutgers University c Book News Inc *Of Modern Dragons; and other essays on Genre Fiction:* John Lennard,2016-10-09 A volume of essays exploring some of the best genre fiction of the last 40 years *Historical Dictionary of Fantasy Literature* Allen Stroud,2023-06-12 Fantasy is both old and new In the ancient past stories of magic where supernatural creatures existed the gods walked the earth and heroes saved their civilizations from the dark fate that awaited them were intermingled with history religion and fact It is only in the last few hundred years that a conscious suspension of disbelief has allowed us to return to fantasy the literature of the impossible and appreciate it for its craft and storytelling once more *Historical Dictionary of Fantasy Literature* Second Edition contains a chronology an introduction an extensive bibliography and cross referenced entries on more than 800 authors ranging across the entire

learns about Demons He d always thought they were another abstract concept a stand in for ultimate evil But if centaurs and dryads are real then Demons surely are as well And the one thing all the Mages of the City agreed on was that practicing Wild Magic corrupted a Mage Turned him into a Demon Would that be Kellen s fate Deep in Obsidian Mountain the Demons are waiting Since their defeat in the last great War they ve been biding their time sowing the seeds of distrust and discontent between their human and Elven enemies Very soon now when the Demons rise to make war there will be no alliance between High and Wild Magic to stand against them And all the world will belong to the Endarkened At the Publisher s request this title is being sold without Digital Rights Management Software DRM applied *The Encyclopedia of Fantasy* John Clute,John Grant,1999-03-15 Like its companion volume *The Encyclopedia of Science Fiction* this massive reference of 4 000 entries covers all aspects of fantasy from literature to art *The Obsidian Mountain Trilogy* Mercedes Lackey,James Mallory,2014-06-03 The *Obsidian Mountain Trilogy* by Mercedes Lackey and James Mallory consists of the VOYA Best Science Fiction and Fantasy novel *The Outstretched Shadow* the USA Today bestseller *To Light a Candle* and The New York Times bestseller *When Darkness Falls* All three entertaining adventure fantasies feature elves dragons humans and a very opinionated unicorn *The Outstretched Shadow* Kellen Tavaddon son of the Arch Mage Lycaelon thought he knew the way the world worked His father leading the wise and benevolent Council of Mages protected and guided the citizens of the Golden City of the Bells Young Mages in training all men for women were unfit to practice magic memorized the intricate details of High Magic and aspired to seats on the council Then he found the forbidden Books of Wild Magic or did they find him *To Light a Candle* The dark Queen s forces are on the move and the forces of Light are beset on all sides To his own surprise young Kellen now a Knight Mage becomes part of the Elves war councils valued for his skills as warrior and wizard Meanwhile in the City the Mage Council has been corrupted from within *When Darkness Falls* The Demons strike Mages Elves and Humans must set enmity aside and stand together against their ancient foe in the stunning conclusion to this epic trilogy At the Publisher s request this title is being sold without Digital Rights Management Software DRM applied **J.R.R. Tolkien: A Critical Study** Dr.N. Ravikumar,2024-03-08 There is a very great deal we can learn by examining an author s sources to which countless source studies of Beowulf Geoffrey Chaucer Shakespeare James Joyce and many others stand as proof But this book J R R Tolkien A Critical Study is about examining his all works His works were made what right do we have to gainsay him Finding a satisfactory answer to that question is partly the subject of this collection For the moment suffice it to say that we believe scholars have every right and that the value of what we can learn about an author and his works as well as the greater appreciation this engenders This critical study is concerned with both the theory and the practice of source criticism as applied to the writings of J R R Tolkien Over the past forty years or so source study has emerged as one of the most popular approaches in Tolkien studies And with good reason for it has long been known that Tolkien drew from a wide range of disparate sources in the construction of his legendarium from *The Hobbit* *The Lord of the*

Rings The Silmarillion and beyond An understanding of the sources Tolkien utilized as well as how and why he incorporated them can enhance readers appreciation of his works immeasurably There has long been a need for a carefully constructed book that addresses two basic aspects of this specialized field of Tolkien studies First it should describe the theory and methodology for proper source criticism of Tolkien s works Second it should demonstrate source criticism translating theory into praxis **Retelling Stories, Framing Culture** John Stephens, Robyn McCallum, 2013-01-11 What happens to

traditional stories when they are retold in another time and cultural context and for a different audience This first of its kind study discusses Bible stories classical myths heroic legends Arthurian romances Robin Hood lore folk tales oriental tales and other stories derived from European cultures One chapter is devoted to various retellings of classics from Shakespeare to Wind in the Willows The authors offer a general theory of what motivates the retelling of stories and how stories express the aspirations of a society An important function of stories is to introduce children to a cultural heritage and to transmit a body of shared allusions and experiences that expresses a society s central values and assumptions However the cultural heritage may be modified through a pervasive tendency of retellings to produce socially conservative outcomes because of ethnocentric androcentric and class based assumptions in the source stories that persist into retellings Therefore some stories such as classical myths are particularly resistant to feminist reinterpretations for example while other types such as folktales are more malleable In examining such possibilities the book evaluates the processes of interpretation apparent in retellings Index included **Return to the Isle of the Lost-A Descendants Novel, Book 2** Melissa de la Cruz, 2016-05-24 There

s no place like home Especially if home is the infamous Isle of the Lost Mal Evie Carlos and Jay haven t exactly turned their villainous noses up at the comforts of Auradon after spending their childhoods banished on the Isle After all meeting princes and starring on the Tourny team aren t nearly as terrible as Mal and her friends once thought they would be But when they receive a mysterious invitation to return to the Isle Mal Evie Carlos and Jay can t help feeling comfortable in their old hood and their old ways Not everything is how they left it though and when they discover a dark mystery at the Isle s core they ll have to combine all of their talents in order to save the kingdom **Sisterhood of the Blue Storm** David Rain, 2015-11-19

In a time lost in legend the Isles of Wenaya were united in worship of Javander goddess of the seas From her fantastical palace beneath the waves Javander presided over a caste of priestesses linked in a thrumming psychic web Then the web was broken Javander s people turned to false gods and the priestesses who once served her so well became the Sisterhood of the Blue Storm Ten boys on the cusp of adulthood arrive on the empty tropical island of Xaro to undergo their Manhood Trial an age old ritual meant to build character as they leave their childhood behind They thought they could survive alone But that was before the killing began That was before the Blue Storm To this island of dark magic come Jem and his companions pursuing their mystic quest for the long lost crystals of the Orokon desperate to find Javinder s blue jewel before Jem s evil rival the anti god Toth Vexrah gets there Never has the quest been so perilous Originally released under the pseudonym Tom
