*Ethical Foundations of Palliative Care for Alzheimer Disease* Ruth B. Purtilo, Henk A.M.J. ten Have, 2010-09-01

Alzheimer disease afflicts more than twelve million people worldwide and its incidence is increasing at a staggering rate. People with the disorder are living longer than have those in previous generations and they require interventions for quality of life issues associated with palliative care. However the symptoms of Alzheimer disease often fail to place such persons into settings where palliative care resources are available to them. Indeed clinicians and other caregivers may be unsure about what constitutes effective palliation in these cases. At the same time the ethical issues involved in providing end of life care to persons with Alzheimer disease remain on the margins of mainstream bioethics. In *Ethical Foundations of Palliative Care for Alzheimer Disease* leading ethicists and clinicians from the United States and Europe explore ethical and scientific concerns about the diagnosis and prognosis of Alzheimer disease challenges arising from applying palliative procedures to its symptoms key philosophical and theological concepts central to our understanding of the disease and to end of life decisions and the changing patterns of relevant medical social and economic policies. Cross cultural multidisciplinary and state of the art this volume is a unique and important resource for bioethicists clinicians and policy makers everywhere.

Tom Kitwood On Dementia: A Reader And Critical Commentary Baldwin, Clive, Capstick, Andrea, 2007-10-01 The book will be valuable for undergraduate and postgraduate students researchers and lecturers involved in the field of dementia care and the health care sciences. Furthermore it provides a useful resource for clinicians who wish to explore their understanding of personhood person centred care and the nature of Kitwood's critical appraisal of how care should be constructed and delivered. *Ageing and Society* Baldwin and Capstick have produced an honest appraisal that is undeniably a

reader and critical commentary and have not shirked from any responsibilities This paperback would serve two distinct strands of readership equally well those coming afresh to dementia care or practitioners steeped in the concepts who are looking to reanalyse and consider future developments As such it is difficult to underestimate its value Nursing in Practice How does Kitwood s work contribute to our understanding of the dementing process and the essentials of quality care How was Kitwood s thinking about dementia influenced by the wider context of his work in theology psychology and biochemistry What is the relevance today of key themes and issues in Kitwood s work Tom Kitwood was one of the most influential writers on dementia of the last 20 years Key concepts and approaches from his work on person centred care and well being in dementia have gained international recognition and shaped much current thinking about practice development The complexities of Kitwood s work and the development of his thinking over time have however received less attention This Reader brings together twenty original publications by Kitwood which span the entire period of his writing on dementia and the different audiences for whom he wrote Almost ten years after Kitwood s death it is now timely to review his contribution to the field of dementia studies in the light of more recent developments and from a critical and interdisciplinary perspective The introduction to this Reader summarises and problematises some of the key characteristics of Kitwood s writing Each of the four themed sections begins with a commentary offering a balanced consideration of the strengths of Kitwood s work but also of its limitations and oversights The Reader also includes a biography and annotated bibliography Tom Kitwood on Dementia A Reader and Critical Commentary is key reading for students of social work or mental health nursing with an interest in dementia care Professionals working with people with dementia will also find it invaluable Additional Contributors Habib Chaudhury Deborah O Connor Alison Phinney Barbara Purves Ruth Bartlett

Suffering in Slow Motion Pamala C. Kennedy,2013-10-31 This book takes the reader on the journey of Dr Richard Kennedy s diagnoses of Frontal Temporal Dementia from the family s perspective as well as his Pamala his wife and caregiver actually took notes from Richard s journal during the lengthy disease and has put his thoughts and feelings in the book as well as her own authentic feelings and fears throughout the illness This is a must read for all families faced with terminal illness It offers help for all

Holy Dying Ellen Richardson,2017-03-01 Human beings do not want to die we spend infinite resources to sustain life without regard to cost or quality And yet we do die Facing terminal illness and unprepared for death we can feel abandoned by both secular and faith based institutions whose focus on restoration can fall short of the wisdom and grace needed to embrace a holy death as a part of life Ellen Richardson hopes to change things by offering stories from her work in hospice and palliative care and the rich resources of the church s Scripture and tradition to create safe space for exploring questions we carry about dying Her book is intended for individual readers and to be used in group workshop or retreat settings within the church so that practices of prayer and healing can become once more a source of comfort and strength not simply tools of defiance against illness and weakness No amount of faith will buy immortality for earthly bodies but death need not be a time of failure and isolation Holy Dying helps us lay claim to our scriptural stories as hard teachers of our mortal heritage
