The Practical Archaeologist How We Know What We Know About The Past:

The Practical Archaeologist Jane McIntosh,1999 Discusses the nature of archaeology describes modern excavation methods and explains how sites and remains are analyzed Beneath These Waters Sharyn Kane,Richard Keeton,1994

Intrigue of the Past ,1995 Handbook to Life in Ancient Mesopotamia Stephen Bertman,2005-07-14 Modern day archaeological discoveries in the Near East continue to illuminate man s understanding of the ancient world This illustrated handbook describes the culture history and people of Mesopotamia as well as their struggle for survival and happiness

21st Century Anthropology: A Reference Handbook H. James Birx,2010-06-10 Highlighting the most important topics issues questions and debates these two volumes offer full coverage of major subthemes and subfields within the discipline of anthropology Beneath These Waters Sharyn Kane,Richard Keeton,1993 Beneath These Waters is an interpretation for a general audience of archeological and historical research conducted in the Richard B Russell Multiple Resource Area from 1969 through 1985 **Understanding Sickle Cell Disease** Miriam Bloom,1995 For general readers a guide to understanding a debilitating genetic disease that affects tens of thousands who are of African heritage **Ancient Near Eastern History and Culture** William H. Stiebing Jr.,2016-07 This introduction to the Ancient Near East includes coverage of Egypt and a balance of political social and cultural coverage Organized by the periods kingdoms and empires generally used in Near Eastern political history the text interlaces social and cultural history with the political narrative This combination allows students to get a rounded introduction to the subject of Ancient Near Eastern history An emphasis on problems and areas of uncertainty helps students understand how evidence is used to create interpretations and allows them to realize that several different interpretations of the same evidence are possible This introduction to the Ancient Near East includes coverage of Egypt and a balance of political social and cultural coverage **Challenging History** Leah Worthington,Rachel Clare Donaldson,John W. White,2021-07-22 A collection of essays that examine how the history of slavery and race in the United States has been interpreted and inserted at public historic sites For decades racism and social inequity have stayed at the center of the national conversation in the United States sustaining the debate around public historic places and monuments and what they represent These conversations are a reminder of the crucial role that public history professionals play in engaging public audiences on subjects of race and slavery This difficult history has often remained un or underexplored in our public discourse hidden from view by the tourism industry or even by public history professionals themselves as they created historic sites museums and public squares based on white centric interpretations of history and heritage Challenging History through a collection of essays by a diverse group of scholars and practitioners examines how difficult histories specifically those of slavery and race in the United States are being interpreted and inserted at public history sites and in public history work Several essays explore the successes and challenges of recent projects while others discuss gaps that public historians can fill at sites where Black history took place but is absent in the interpretation

Through case studies the contributors reveal the entrenched false narratives that public history workers are countering in established public history spaces and the work they are conducting to reorient our collective understanding of the past. History practitioners help the public better understand the world. Their choices help to shape ideas about heritage and historical remembrances and can reform even transform worldviews through more inclusive and ethically narrated histories. Challenging History invites public historians to consider the ethical implications of the narratives they choose to share and makes the case that an inclusive honest and complete portrayal of the past has the potential to reshape collective memory and ideas about the meaning of American history and citizenship.

Doing Archaeology Donald Henson, 2012. Covering archaeology from a range of angles incorporating history major themes theories and methods. Doing Archaeology provides a firm grounding for anyone interested in learning more about the discipline. Throughout the book key information is accessibly presented and important questions are answered including: What is archaeology? How did archaeology begin? How can archaeology tell us about the past? How can archaeology tell how people use space and the landscape? How can we use the past to understand people? How do archaeology and heritage interact? What role does archaeology play in society today? How do we practice archaeology? Drawing on the experiences of practising archaeologists with engaging examples and studies from sites around the world, this book gives the reader a sense of what it is to study archaeology and be an archaeologist. An essential text for students studying A Level archaeology, those considering or beginning a degree, foundation degree in archaeology and those of all ages interested in volunteering or becoming involved in archaeological projects.
