

The Poor And The Church Concilium

Yijin Wang

The Poor And The Church Concilium:

Liberation Theologies Ronald G. Musto, 2020-11-25 First Published in 1991 The following is a comprehensive scholarly bibliography of published materials on the varieties of liberation theology mostly in book form available in English It is intended as an introductory survey to this vast and quickly expanding field for the teacher and student of contemporary theology of biblical hermeneutics and to the interrelationship of politics and religion around the world It will also serve as a comprehensive bibliography *Forrester on Christian Ethics and Practical Theology* Duncan B. Forrester, 2017-05-15

Bringing together articles and chapters from his considerable work in theological ethics India and the social order Duncan Forrester incorporates new writing and introductions to each thematic section to guide readers through this invaluable resource This book offers stimulating studies in three related areas Indian Christianity with particular attention to the caste system contemporary Christian theological ethics and the distinctive and challenging theological approach that Duncan Forrester has developed in relation to public issues such as prisons and punishment welfare provision social justice and poverty

The ^AOxford Handbook of Latin American Christianity David Thomas Orique, Susan Fitzpatrick-Behrens, Virginia Garrard, 2020-03-23 Latin America where 90% of the population is Christian and where nearly 40% of the world's Catholics reside has its own unique brand of Christianity The Oxford Handbook of Latin American Christianity offers a survey of Latin American Christianity from thirty three leading scholars The volume systematically introduces and examines dramatic shifts in Catholic and Protestant Christianity over the course of several centuries Its four sections explore the emergence of colonial Christianity its institutional and popular evolution and its dynamic role the region's contemporary developments *Gustavo Gutierrez* Robert McAfee Brown, 2013-03-01 Here is a definitive introduction to liberation theology through the life and work of its most significant proponent Gustavo Gutierrez Robert McAfee Brown draws extensively on Gutierrez's own writings some never published in English and on personal conversations with him Brown clearly and compellingly presents the basics of liberation theology and the differences between North American and Latin American theologies The form of Gustavo Gutierrez is that of a drama Brown's initial program notes introduce and situate the author the actors the critics He sets the stage with a history of church and state in Latin America and introduces its definitive figures themes and milestones A collective biography of Gutierrez's spiritual predecessors is followed by a biography of Gutierrez himself which takes critical account of his works Then we are ready dramatically and theologically to move to the first act that of commitment to the poor The second act in two scenes explores first liberation theology's method of critical reflection on praxis and also its content nothing less than the Word of God Brown delves next into the controversies and criticisms Gutierrez faces especially the challenges from authorities in Rome Finally in act three readers discover that in this particular drama they too are on stage and must take part by reflecting on what this drama really means for them *On the Banks of Ganges* Felix Wilfred, 2002 **Latin American Liberation Theology** David Tombs, 2021-11-08 David Tombs

offers an accessible introduction to the theological challenges raised by Latin American Liberation and a new contribution to how these challenges might be understood as a chronological sequence Liberation theology emerged in the 1960s in Latin America and thrived until it reached a crisis in the 1990s This work traces the distinct developments in thought through the decades thus presenting a contextual theology The book is divided into five main sections the historical role of the church from Columbus's arrival in 1492 until the Cuban revolution of 1959 the reform and renewal decade of the 1960s the transitional decade of the 1970s the revision and redirection of liberation theology in the 1980s and a crisis of relevance in the 1990s This book offers insights into liberation theology's profound contributions for any socially engaged theology of the future and is crucial to understanding liberation theology and its legacies This publication has also been published in paperback please click here for details [Christian Justice and Public Policy](#) Duncan B. Forrester, 1997-08-28

Disagreements about justice are not simply academic matters They create problems for practice and for policy making In a morally fragmented society in which nobody knows what justice is issues such as wages policy punishment and poverty become particularly difficult to handle People striving to act justly are often uncertain how this might be done Secular theories such as those of Rawls Hayek Habermas and modern feminist theorists examined here give some guidance for problems of justice that arise on the ground but have serious limitations This book argues that Christian theology although it can no longer claim to provide a comprehensive theory of justice can provide insights into justice theological fragments which give illumination challenge some aspects of the conventional wisdom and contribute to the building of just communities in which people may flourish in mutuality and hope **Risking the Church** Richard Lennan, 2004-10-14 In an age when the Christian Church faces many challenges this book seeks to identify the resources that the Catholic tradition offers to those who are puzzling over how the Church might be faithful to its tradition but also creative in response to contemporary questions and concerns **Global Dictionary of Theology** William A. Dyrness, Veli-Matti

Kärkkäinen, 2009-10-25 Theological dictionaries are foundational to any theological library But until now there has been no Global Dictionary of Theology a theological dictionary that presumes the contribution of the Western tradition but moves beyond it to embrace and explore a full range of global expressions of theology The Global Dictionary of Theology is inspired by the shift of the center of Christianity from the West to the Global South But it also reflects the increase in two way traffic between these two sectors as well as the global awareness that has permeated popular culture to an unprecedented degree The editorial perspective of the Global Dictionary of Theology is an ecumenical evangelicalism that is receptive to discovering new facets of truth through listening and conversation on a global scale Thus a distinctive feature of the Global Dictionary of Theology is its conversational approach Contributors have been called on to write in the spirit of engaging in a larger theological conversation in which alternative views are expected and invited William A Dyrness Veli Matti Kärkkäinen Juan F Martinez and Simon Chan edit approximately 250 articles written by over 100 contributors representing the global spectrum

of theological perspectives Pastors theological teachers theological students and lay Christian leaders will all find the Global Dictionary of Theology to be a resource that unfolds new dimensions and reveals new panoramas of theological perspective and inquiry Here is a new launching point for doing theology in today s global context *The Two Churches* Michael L. Budde, 1992 Budde contends that world Catholicism led by its Third World majority most notably in Latin America will continue to develop in an increasingly anticapitalist direction and he suggests that once dominant First World Catholic churches exemplified by the U S Catholic church are poorly placed to respond in solidarity with their coreligionists from the Third World Covering a wide range of theoretical and substantive matters *The Two Churches* examines religion as a source of both social legitimation and social rebellion It demonstrates the importance of ecclesiology a branch of theology dealing with theories of the church and it highlights the effect of capitalism on world Catholicism as well as the latter s influence on the development of the capitalist order
