The Practice Of Rhetorical Criticism:

The Practice of Rhetorical Criticism James Robertson Andrews, 1990 Rhetorical Criticism Sonja K. Foss, 2017-07-18

Over multiple editions this transformative text has taught the lively art of rhetorical criticism to thousands of students at more than 300 colleges and universities. Insights from classroom use enrich each new edition. With an unparalleled talent for distilling sophisticated rhetorical concepts and processes, Sonja Foss highlights ten methods of doing rhetorical criticism: the systematic investigation and explanation of symbolic acts and artifacts. Each chapter focuses on one method, its foundational theories, and the steps necessary to perform an analysis using that method. Foss provides instructions on how to write coherent, well-argued reports of analytical findings, which are then illustrated by sample essays. A chapter on feminist criticism features the disruption of conventional ideologies and practices. Storytelling in the digital world is a timely addition to the chapter on narrative criticism. Student essays now include analyses of the same artifact using multiple methods. A deep understanding of rhetorical criticism equips readers to become engaged and active participants in shaping the nature of the worlds in which we live.

Purpose, Practice, and Pedagogy in Rhetorical Criticism Jim A. Kuypers, 2014-02-07

This edited volume fills a void in the literature concerning the purpose, practice, and pedagogy associated with performing rhetorical criticism. Literature regarding these issues predominantly exists primarily as scattered journal articles and as sections within chapters of textbooks on rhetorical criticism. This book brings together 15 established rhetorical critics, each of whom offers well-thought-out and argued opinion pieces that stress the more personal nature of criticism. The purpose of this book is to serve as a disciplinary resource and as a teaching and learning aid. Accessibility across areas of expertise and experience is stressed in this book. Critics range from junior faculty to emeritus and represent a broad spectrum of views on criticism. In this sense, the book offers a snapshot of the views of a wide swath of successfully practicing contemporary rhetorical critics.
