internet hundreds of examples appear Many know that it comes from one of the best known poems of the twentieth century T S Eliot s The Love Song of J Alfred Prufrock What many do not know is that Eliot dramatically shifted his views at the height of his fame for writing such dark poetry as this and his also famous The Wasteland becoming a sincere devoted Christian While his poetry is famous because it expresses the loss of a spiritual center in European civilization a careful reading of it reveals that he was struggling with his Christianity from the beginning not rejecting it but trying to make it fit into the contemporary world If a reader works through his love song for all of the esoteric meanings as he demands it quickly becomes evident that he intended it as a struggle between agape amour and eros Beginning it with a quote from Dante forces that into place Though the protestant forms of Christianity have changed their views on these the Roman Catholic holds fast Eliot references Michelangelo in the poem bringing in the great painter of the ceiling of the Sistine Chapel Most immediately recognize his name and work Many do not realize how he expressed a similar personal struggle between the desires of the flesh and the spirit Both of them admired Dante s Divine Comedy and its inclusion of amour as a means to salvation His work is generally seen as the greatest literature ever to come out of Italy sometimes referred to as the epic representation of St Thomas Aquinas Summa Theologica one of the central documents establishing Catholic doctrine This book explores how these brilliant men struggle with the highest meanings of life in their artistic expressions and perhaps manage to express what Rudolph Otto designates the *mysterium tremendum* the experience of a mystical awe what he calls the numinous or in more common terms the experience of God

The Joker Harry Eiss, 2016-05-11 To prepare for the role of the Joker Heath Ledger locked himself in a London hotel room trying to understand and become a character he saw as an absolute sociopath a cold blooded mass murdering clown who was not intimidated by anything and found all of life a big joke In the end Ledger s obsession with his role contributed to his own death from drugs before The Dark Knight was released The connections and irony are too close to ignore The movie gives the world a curious twist on the roles of Batman and the Joker It s politically incorrect and yet emotionally the Joker s insanity becomes more endearing than Batman s noble sacrifice What is it Why does this psychopath seem to have a sense of higher truths in his insanity This is the role of the Joker or the Fool a standard character in theatre and a role consciously adopted by serious artists since the late 1800s Just as Shakespeare s Fool in King Lear used his riddles and puns and satire to reveal the truths the royal leaders of his world could not or refused to see today s artists are both revealing the darkness within the culture and offering a way out Waiting for Godot has been proclaimed the greatest play of the twentieth century But there are no great roles in it no characters representing the equivalent of Shakespeare s Hamlet Rather the two main characters are closer to T S Eliot s J Alfred Prufrock who says he cannot be a Hamlet only perhaps Hamlet s Fool This book explores what has happened as Europe s culture fragmented and the world lost its center It explores a range of different arenas from political and social and religious happenings to scientific and artistic expressions in order to find the centers of the human condition and how the dark expressions of meaninglessness so

Tassi,2011 Can there be a virtue in vengeance Can revenge do ethical work Can revenge be the obligation of women This wide ranging literary study looks at Shakespeare s women and finds bold answers to questions such as these A surprising number of Shakespeare s female characters respond to moral outrages by expressing a strong desire for vengeance This book s analysis of these characters and their circumstances offers incisive critical perceptions of feminine anger ethics and agency and challenges our assumptions about the role of gender in revenge In this provocative book Marguerite A Tassi counters longstanding critical opinions on revenge that it is the sole province of men in Western literature and culture that it is a barbaric morally depraved irrational instinct and that it is antithetical to justice Countless examples have been mined from Shakespeare s dramas to reveal women s profound concerns with revenge and justice honor and shame crime and punishment In placing the critical focus on avenging women this book significantly redresses a gender imbalance in scholarly treatments of revenge particularly in early modern literature
