Situational Morality:

Situation Ethics Joseph F. Fletcher, 1966 A manifesto of individual freedom and individual responsibility elaborated within an ethic of love which extricates modern man from rigid archaic rules and codes Proclaiming that any moral system is too shallow and petty to provide answers the author outlines a methodology for decision making which presupposes individual responsibility and declares that every man must decide for himself what is right Rising above any creed this renewed morality of loving concern is based on agape the love of which only God is capable but which every man must endeavor to emulate Cover notes *Handbook of Moral Behavior and Development* William M. Kurtines, Jacob Gewirtz, Jacob L. Lamb, 2014-02-04 The publication of this unique three volume set represents the culmination of years of work by a large number of scholars researchers and professionals in the field of moral development The literature on moral behavior and development has grown to the point where it is no longer possible to capture the state of the art in a single volume This comprehensive multi volume Handbook marks an important transition because it provides evidence that the field has emerged as an area of scholarly activity in its own right Spanning many professional domains there is a striking variety of issues and topics surveyed anthropology biology economics education philosophy psychology psychiatry sociology social work and more By bringing together work on diverse topics the editors have fostered a mutually beneficial exchange not only between alternative approaches and perspectives but also between applied and pure research interests The Theory volume presents current and ongoing theoretical advances focusing on new developments or substantive refinements and revisions to existing theoretical frameworks The Research volume summarizes and interprets the findings of specific theory driven research programs reviews research in areas that have generated substantial empirical findings describes recent developments in research methodology techniques and reports research on new and emerging issues The Application volume describes a diverse array of intervention projects educational clinical organizational and the like Each chapter includes a summary report of results and findings conceptual developments and emerging issues or topics Since the contributors to this publication are active theorists researchers and practitioners it may serve to define directions that will shape the emerging literature in the field **Situation Ethics** Joseph Fletcher, 1997-07-01 Igniting a firestorm of controversy upon its publication in 1966 Joseph Fletcher's *Situation Ethics* was hailed by many as a much needed reformation of morality and as an invitation to anarchy by others Proposing an ethic of loving concern Fletcher suggests that certain acts such as lying premarital sex adultery or even murder might be morally right depending on the circumstances Hotly debated on television in magazines and newspapers in churches and in the classroom Fletcher's provocative thesis remains a powerful force in contemporary discussions of morality The Library of Theological Ethics series focuses on what it means to think theologically and ethically It presents a selection of important and otherwise unavailable texts in easily accessible form Volumes in this series will enable sustained dialogue with predecessors though reflection on classic works in the field Moral Discernment

in the Christian Life James M. Gustafson, Theodoor Adriaan Boer, Paul E. Capetz, 2007-01-01 James M Gustafson has been a leading and formative figure in the field of Christian ethics over the past fifty years His many contributions to theological ethics have helped to define and shape ethical thinking by Christians who reflect on great moral issues Gustafson s work must be dealt with by all students in this discipline and his perceptive insights have given clarity and guidance to the process of moral discernment The essays collected here are ones that have had a significant impact on discussions and debates over recent decades The Library of Theological Ethics series focuses on what it means to think theologically and ethically It presents a selection of important and otherwise unavailable texts in easily accessible form Volumes in this series will enable sustained dialogue with predecessors through reflection on classic works in the field The Ethos of the Hong Kong Chinese Zhaojia Liu, Hsin-chi Kuan, 1988 **Situational Morality** Robert W. Gleason, 1968 **More Steve Allen on the Bible, Religion and Morality** Steve Allen, 2010-12 The popularity of Book One led Allen to take another good look at the Scriptures to interest the average reader in reasonable analysis of the most influential document in Western civilization Includes direct quotes from Catholic Protestant and Judaic biblical scholars *Popular Morality in the Early Roman Empire* Teresa Morgan, 2007-08-09 Morality is one of the fundamental structures of any society enabling complex groups to form negotiate their internal differences and persist through time In the first book length study of Roman popular morality Dr Morgan argues that we can recover much of the moral thinking of people across the Empire Her study draws on proverbs fables exemplary stories and gnomic quotations to explore how morality worked as a system for Roman society as a whole and in individual lives She examines the range of ideas and practices and their relative importance as well as questions of authority and the relationship with high philosophy and the ethical vocabulary of documents and inscriptions The Roman Empire incorporated numerous overlapping groups whose ideas varied according to social status geography gender and many other factors Nevertheless it could and did hold together as an ethical community which was a significant factor in its socio political success **Ethics in Criminal Justice** Sam S. Souryal, 2014-10-24 Introducing the fundamentals of ethical theory this text exposes the reader to the ways and means of making moral judgments by covering the teachings of the great philosophers sources of criminal justice ethics and unethical patterns in the criminal justice system It is presented from two perspectives a thematic perspective that addresses ethical principles common to all components of the discipline and an area specific perspective that addresses the state of ethics in criminal justice in the fields of policing corrections and probation and parole The fourth edition features expanded discussion of the formula of ethical discretion to enhance students understanding of ethics decision making in real life situations as well as a new chapter on the ethics of loyalty and loyalties in the workplace *Moral Education and Development* Doret J. de Ruyter, Siebren Miedema, 2012-01-01 Worries about the moral standard of younger generations are of all ages The older generation tends to believe that the moral education of young people deserves special attention because their moral development does not reach the level adults hope for This

observation does not mean that the older generation is necessarily wrong but what it indisputably does show is that they attach high importance to morality and moral education But what characterises a moral person What influences people to behave morally What should moral education involve Which inter disciplinary contributions are relevant to improving moral education These questions continuously deserve the attention of academics students and professional educators This book is divided into four parts The first part focuses on interdisciplinary empirical research about the reasons why people act morally and the consequences for moral education The primarily philosophical chapters of the second part address the question what it means to be a moral person and the implication of this elucidation for moral education The third part contains five chapters that deal with moral aspects of sex education and civic education The fourth part consists of one chapter that looks at the moral education of students who will work in a pedagogical or educational environment arguing that one s moral development requires a lifetime commitment This book is written for a wide academic audience The collection of chapters will be of interest to pedagogues educational scientists moral philosophers and moral psychologists and to both newcomers and experts in the field
