Alvarez Borland forces the dialogue between literature and history into the open by focusing on narratives that tell the story of the 1959 exodus and its aftermath. Alvarez Borland pulls together a diverse array of Cuban American voices writing in both English and Spanish often from contrasting perspectives and approaches over several generations and waves of immigration. Writers discussed include Guillermo Cabrera Infante, Reinaldo Arenas, Roberto Fernandez Achy, Obejas, and Cristina Garcia. The author's analysis of their works uncovers a movement from narratives that reflect the personal loss caused by the historical fact of exile to autobiographical writings that reflect the need to search for a new identity in a new language to fictions that dramatize the authors constructed Cuban American personae. If read collectively she argues these sometimes dissimilar texts appear to be in dialogue with one another as they all document a people's quest to reinvent themselves outside their nation of origin.

Cuban American Literature of Exile encourages readers to consider the evolution of Cuban literature in the United States over the last forty years. Alvarez Borland defines a new American literature of Cuban heritage and documents the changing identity of an exiled literature.

Cuban-American Literature and Art Isabel Alvarez Borland, Lynette M. F. Bosch, 2009-01-26. This groundbreaking collection offers an understanding of why Cuban American literature and visual art have emerged in the United States and how they are so essentially linked to both Cuban and American cultures. The contributors explore crucial issues pertinent not only to Cuban American cultural production but also to other immigrant groups: hybrid identities, biculturation, bilingualism, immigration adaptation, and exile. The complex ways in which Cuban Americans have been able to keep a living memory of Cuba while developing and thriving in America are both intriguing and instructive. These essays, written from a variety of perspectives, range from useful overviews of fictional and visual works of art to close readings of individual texts.

Rice in the Time of Sugar Louis A. Pérez Jr., 2019-03-28. How did Cuba's long established sugar trade result in the development of an agriculture that benefited consumers abroad at the dire expense of Cubans at home? In this history of Cuba, Louis A. Pérez Jr. proposes a new Cuban counterpoint: rice, a staple central to the island's cuisine and sugar, which dominated an export economy 150 years in the making. In the dynamic between the two dependencies on food imports, a signal feature of the Cuban economy was set in place. Cuban efforts to diversify the economy through expanded rice production were met with keen resistance by U.S. rice producers who were as reliant on the Cuban market as sugar growers were on the U.S. market. U.S. growers prepared to retaliate by cutting the sugar quota in a struggle to control Cuban rice markets. Pérez's chronicle culminates in the 1950s, a period of deepening revolutionary tensions on the island as U.S. rice producers and their allies in Congress clashed with Cuban producers supported by the government of Fulgencio Batista. U.S. interests prevailed, a success Pérez argues that contributed to undermining Batista's capacity to

govern Cuba's inability to develop self sufficiency in rice production persists long after the triumph of the Cuban revolution Cuba continues to import rice but in the face of the U S embargo mainly from Asia U S rice growers wait impatiently to recover the Cuban market

To Die in Cuba Louis A. Pérez Jr., 2012-12-01 For much of the nineteenth century and all of the twentieth the per capita rate of suicide in Cuba was the highest in Latin America and among the highest in the world a condition made all the more extraordinary in light of Cuba's historic ties to the Catholic

church In this richly illustrated social and cultural history of suicide in Cuba Louis A Perez Jr explores the way suicide passed from the unthinkable to the unremarkable in Cuban society In a study that spans the experiences of enslaved Africans and indentured Chinese in the colony nationalists of the twentieth century republic and emigrants from Cuba to Florida following the 1959 revolution Perez finds that the act of suicide was loaded with meanings that changed over time Analyzing the social context of suicide he argues that in addition to confirming despair suicide sometimes served as a way to consecrate patriotism affirm personal agency or protest injustice The act was often seen by suicidal persons and their contemporaries as an entirely reasonable response to circumstances of affliction whether economic political or social Bringing an important historical perspective to the study of suicide Perez offers a valuable new understanding of the strategies with which vast numbers of people made their way through life if only to choose to end it *To Die in Cuba* ultimately tells as much about Cubans lives culture and society as it does about their self inflicted deaths [Encyclopedia of Hispanic-American Literature](#)
