Slaves On A Southern Plantation:

Slaves on a Southern Plantation Debbie Levy, 2004 Discusses the daily life of slaves on Southern plantations including home life family work and treatment by slave owners and society **Life on a Southern Plantation** Sally Senzell Isaacs, 2001 Provides information about what daily life was like on a southern plantation including how slaves worked and dressed and what they ate Slave Life on a Southern Plantation Ashley Nicole, 2019 Until 1865 millions of slaves worked on plantations and small farms throughout the southern United States The most common image is of slaves forced into difficult labor on cotton or tobacco fields However some plantation slaves were proficient craftsmen trained in metalworking carpentry or other specialized skills Others were house servants who cooked and cleaned for their white masters This book will give readers a better understanding of the daily lives of plantation slaves along with the oppression and challenges that they faced Back cover **Daily Life on a Southern Plantation, 1853** Paul Erickson, 1998 Recreates a southern plantation of 1853 and describes the daily lives of its owners and of the slaves who worked there The Health of Slaves on Southern Plantations William Dosité Postell, 1951 *Nat Turner and Slave Life on a Southern Plantation* Katie Kelley Schmid, 2013-07-15 The story of Nat Turner and the slave rebellion he led are brought to life in this book Drawn in by the graphic format even reluctant readers will be interested in learning about history Also includes an introduction biographical sketches of main characters and a timeline *This Is Our Home* Whitney Nell Stewart, 2023-11-14 The cultural memory of plantations in the Old South has long been clouded by myth A recent reckoning with the centrality of slavery to the US national story however has shifted the meaning of these sites Plantations are no longer simply seen as places of beauty and grandiose hospitality their reality as spaces of enslavement exploitation and violence is increasingly at the forefront of our scholarly and public narratives Yet even this reckoning obscures what these sites meant to so many forced to live and labor on them plantations were Black homes as much as white Insightfully reading the built environment of plantations considering artifact fragments found in excavations of slave dwellings and drawing on legal records and plantation owners papers Whitney Nell Stewart illuminates how enslaved people struggled to make home amid innumerable constraints and obstacles imposed by white southerners By exploring the material remnants of the past Stewart demonstrates how homemaking was a crucial part of the battle over slavery and freedom a fight that continues today in consequential confrontations over who has the right to call this nation home Slavery in the American Mountain South Wilma A. Dunaway, 2003 Wilma Dunaway breaks new ground by focusing on slave experiences on small plantations in the Upper South She argues that a region was not buffered from the political economic and social impacts of enslavement simply because it was characterized by low black population density and small slaveholdings By drawing on a massive statistical data base derived from antebellum census manuscripts and county tax records of 215 counties in nine states on a vast array slaveholder manuscripts and on regional slave narratives she pinpoints several indicators that distinguished Mountain South enslavement from the Lower South

Elderly Slaves of the Plantation South Stacey K. Close, 2015-12-22 Elderly slaves contributed substantially to the creation and perpetuation of the unique African American culture and antebellum plantation society in the South Interwoven with this major argument are two subthemes One centers on the fact that by the late antebellum period elderly slaves were some of the chief transmitters of Africanism the other focuses on how gender based distinctions of the elderly became blurred Although the roles of the elderly often changed elderly slaves contributed to the plantation economy It is also true that those old people who were incapacitated posed serious economic and social concerns for owners although many of the problems of elderly care were solved by the compassion of slave community members Ph D Dissertation The Ohio State University 1992 revised with new preface and index

The life of a slave in the cotton plantation economy of North America Julia Schönmann, 2014-05-16 Seminar paper from the year 2014 in the subject History America grade 1.0 University of Heidelberg Institut für Übersetzen und Dolmetschen language English abstract Slavery is a phenomenon which had already been common practice in ancient times and has influenced human history up till today Historian and author Stanley Elkins compared the practice of slavery in the southern states of the U S to national socialist concentration camps Meinert Mcke Weber 120 Unfortunately it was the sad truth Slaves were imported from Africa and sold against their will like goods The sole objective was effective economic exploitation of work force The purpose of this term paper is to take a closer look and especially illustrate every day hardships of a slave's life on a North American cotton plantation In this regard the books Schwarzes Amerika from Meinert Mcke and Weber Out of Many from Farager Buhle Czitrom and Armitage as well as The Enduring Vision from Boyer Clark and McNair Hawley serve as a basis for statistics and detailed information The life of slaves was subject to constantly changing factors which leads to the conclusion that the standard of life was significantly worse on a big plantation than on a small manageable cotton farm Furthermore wealth and the plantation owner's character influenced a slave's everyday life as well Therefore it is important to keep in mind that not all circumstances and factors applied to every plantation

Female Slaves in the Plantation South (Revised Edition) Deborah Gray White, 1999-02-17 One of those rare books that quickly became the standard work in its field Anne Firor Scott Duke University Living with the dual burdens of racism and sexism slave women in the plantation South assumed roles within the family and community that contrasted sharply with traditional female roles in the larger American society This revised edition of *Ar n t I a Woman* reviews and updates the scholarship on slave women and the slave family exploring new ways of understanding the intersection of race and gender and comparing the myths that stereotyped female slaves with the realities of their lives Above all this groundbreaking study shows us how black women experienced freedom in the Reconstruction South their heroic struggle to gain their rights hold their families together resist economic and sexual oppression and maintain their sense of womanhood against all odds Winner of the Letitia Woods Brown Memorial Book Prize awarded by the Association of Black Women Historians

Mistresses and Slaves Marli Frances Weiner, 1997 Marli Weiner challenges much of the received wisdom on the domestic realm of the nineteenth century southern plantation a world in which white mistresses and female slaves labored together to provide food clothing and medicines to the larger plantation community Although divided by race black and white women were joined by common female experiences and expectations of behavior Because work and gender affected them as much as race mistresses and female slaves interacted with one another very differently from the ways they interacted with men Supported by the women s own words Weiner offers fresh interpretations of the ideology of domesticity that influenced women s race relations before the Civil War the gradual manner in which they changed during the war and the harsher behaviors that resulted during Reconstruction A volume in the series *Women in American History* edited by Anne Firor Scott Nancy A Hewitt and Stephanie Shaw

The Slave Community John W. Blassingame, 1979 Taking into account the major recent studies this volume presents an updated analysis of the life of the black slave his African heritage culture family acculturation behavior religion and personality
