kidnapping Kirkus Reviews Trauma and Resilience in Contemporary Australian Policing Andrew Paterson,2021-08-18
This book examines how fifty police officers in South Australia keep well and bounce back from duty related traumatic
experience in the absence of practical accessible and timely organisational support It investigates mechanisms police officers
presently use to normalise their duty related traumatic experiences to preserve the delicate professional balance between
coping and psychic numbing and avoid the much publicised perils of a PTSD diagnosis while being appropriately responsive
to colleagues victims and survivors in their daily work environment By revealing how police officers manage trauma outside
of the expectations of mental health professionals union representatives and police leadership innovative approaches and
recommendations are offered to support first responders in moving from assumptions of post traumatic stress and through
post traumatic growth The book considers recent advances in post traumatic growth and resilience theory and reinterprets
exposure in a positive context as well as preventative experiences in Australia and internationally *The Politics of Love*
Rebecca Joubin,2013-10-03 Dramatic miniseries are the primary arena for the expression of postcolonial Syrian culture and
artistic talent an arena that unites diverse aspects of artisanship in a struggle over visions of the past present and future of
the nation As the tour de force of the television medium blossoming amidst persisting authoritarianism these miniseries serve
as a crucial and complex artistic avenue through which political and social opposition manifests Scholars have tried to come
to terms with a highly critical culture produced within attempted state co optation and argue that politically critical culture
operates as a safety valve to release frustrations so that dissenters are less likely to mobilize against the government
Through research fueled by a viewing of over two hundred and fifty miniseries ranging from the 1960s to the present as well
as an examination of hundreds of press reports Facebook pages and extensive interviews with drama creators this book turns
away from the dominant paradigm that focuses on regime intent When turning attention instead to the drama creators
themselves we witness the polyphony of voices employing love and marriage metaphors and gender de constructions to
explore larger issues of nationalism self identity and political critique At the heart of constructions of femininity are the
complications that arise with the symbiosis of pure femininity with authentic national identity Deconstructing masculinity as
political critique has been less complicated since it is not implicated in Western identity issues on the contrary illustrations of
subservient masculinity serve to subtly denounce government corruption and oppression Miniseries from the 1960s
demonstrate that the focus of the qabaday tough man on female sexuality comes from his own political alienation vis vis the
state and is part of a vicious cycle of state violence vis vis the citizen In recent years and in particular after the uprising we
can see the emerging definition of the true qabaday as one who does not suppress a woman s sexuality thereby allowing for
