II Deborah J. Stone, 1994 **Right-Wing Populism in America** Chip Berlet, Matthew N. Lyons, 2016-05-06 Right wing militias and other antigovernment organizations have received heightened public attention since the Oklahoma City bombing While such groups are often portrayed as marginal extremists the values they espouse have influenced mainstream politics and culture far more than most Americans realize This important volume offers an in depth look at the historical roots and current landscape of right wing populism in the United States Illuminated is the potent combination of anti elitist rhetoric conspiracy theories and ethnic scapegoating that has fueled many political movements from the colonial period to the present day The book examines the Jacksonians the Ku Klux Klan and a host of Cold War nationalist cliques and relates them to the evolution of contemporary electoral campaigns of Patrick Buchanan the militancy of the Posse Comitatus and the Christian Identity movement and an array of millennial sects Combining vivid description and incisive analysis Berlet and Lyons show how large numbers of disaffected Americans have embraced right wing populism in a misguided attempt to challenge power relationships in U S society Highlighted are the dangers these groups pose for the future of our political system and the hope of progressive social change Winner Outstanding Book Award Gustavus Myers Center for the Study of Bigotry and Human Rights in North America *Bill Clinton: An American Journey* Nigel Hamilton, 2003-09-30 Bill Clinton forty second president of the United States is the quintessential baby boomer on the one hand blessed with a near genius IQ on the other beset by character flaws that made his presidency a veritable soap opera of high ideals distressing incompetence model financial stewardship and domestic misbehavior In an era of cultural civil war the Clinton administration fed the public an almost daily diet of scandal and misfortune Who is Bill Clinton though and how did this baby boom saga begin Clinton s upbringing in Arkansas and his student years at Georgetown Oxford and Yale universities help us to see his life not only as a personal story but as the story of modern America Behind the closed doors of the house on the hill above Park Avenue in Hot Springs the struggle between Clinton s stepfather and mother became ultimately unbearable causing Virginia to move out and divorce Roger Clinton Dreading confrontation Bill Clinton excelled in almost every field save athletics But the fabled success of the scholarship boy would be marred by the decisions he came to make regarding Vietnam and military service choices that haunt him to this day We watch with a mixture of alarm fascination and awe as Bill Clinton does so much that is right and so much that is wrong He sets his cap for the star student at Yale young Hillary Rodham seducing her with his dreams of a better America and an aw shucks grin Wherever he goes he charms and disarms young and old men and women and more women He becomes a law professor straight out of college he contests a congressional election in his twenties and almost wins it He becomes attorney general of his state and within two years is set to become the youngest ever governor of Arkansas at only thirty two Yet always there is a curse a drive toward personal self

destruction and with that the destruction of all those who are helping him on his legendary path His affair with Gennifer Flowers strains his marriage and later nearly scuttles his bid for the presidency He is thrown out of the governor s office after only one term and suffers a life shaking crisis of confidence Though with the stalwart help of a female chief of staff he regains his crown it is clear that Bill Clinton s charismatic career is a ceaseless tightrope walk above the forces that threaten to pull him down the most potent of them residing in his own being Imbued with sympathy deep intelligence and the storyteller s art this extraordinary biography helps us at last to understand the real Bill Clinton as he stumbles and withdraws from the 1988 presidential nomination race but enters it four years later to make one of the most astonishing bids for the presidency in the twentieth century the climax of this gripping political social and scandalous journey **Wingnuts** Perseus,2014-08-12 Wingnuts exist on the extreme edges of the political spectrum They re the professional polarizers and the unhinged activists the hardcore haters and the paranoid conspiracy theorists They re people who always try to divide us instead of unite us And at a time when the fringe is blurring with the base they ve hijacked American politics The Obama era has been a boom time for Wingnuts kicked off by a financial collapse and the election America s first black president For some losing an election feels like living under tyranny John Avlon tracks down preachers who pray for the president s death goes inside the growing Hatriot militia movement and identifies the fright wing swamp where the Obama Birthers and the Bush era 9 11 Truthers bubble up Wingnuts echo earlier fear fueled movements in American history But bolstered by the rise of hyper partisan media the Wingnut echo chamber is more influential than ever before and it has led directly to the division and dysfunction in Congress Avlon asserts that the time has come for the moderate majority of Americans to straighten their civic backbone and hold the extremes accountable while restoring a sense of perspective to our politics **Final Report of the Independent Counsel in Re--Madison Guaranty Savings & Loan Association: Comments** Robert W. Ray,2002

The Hunting of the President Joe Conason,Gene Lyons,2001-02-03 When Hillary Clinton spoke of a vast right wing conspiracy determined to bring down the president many people dismissed the idea Yet if the first lady s accusation was exaggerated the facts that have since emerged point toward a covert and often concerted effort by Bill Clinton s enemies abetted by his own reckless behavior which led inexorably to impeachment Clinton s foes launched a cascade of well financed attacks that undermined American democracy and nearly destroyed the Clinton presidency In vivid prose Joe Conason and Gene Lyons two award winning veteran journalists identify the antagonists reveal their tactics trace the millions of dollars that subsidized them and examine how and why mainstream news organizations aided those who were determined to bring down Bill Clinton The Hunting of the President may very well be the All the President s Men of this political regime

Hillary David N. Bossie,2008-03-02 It s not a stretch to say that more has been written about Hillary pro and con than probably any other living American politician So in the build up to the 2008 presidential election what is not needed is just another book about Candidate Hillary Fortunately this expos is much more a hybrid product that includes not only cutting

edge reporting revealing facts and fictions about the junior senator from New York but does it in a dual book and movie format David N Bossie former chief investigator for the US House of Representatives Committee on Government Reform and Oversight reveals all the must know details about Hillary s life and career exposing the truth about her conflicts in the past and her liberal plot for the future Bossie has previously produced such acclaimed documentaries as Border War [www borderwarmovie com](http://www.borderwarmovie.com)

Blood Sport James B. Stewart,2012-11-20 Pulitzer Prize winner James B Stewart takes readers behind the scenes in the Clinton White House as it reels in the wake of the Whitewater scandal Vincent Foster s suicide and Paula Jones allegations of sexual misconduct In July 1993 White House official Vincent Foster wrote an anguished lament in Washington ruining people is considered a sport Nine days later Foster was dead Shock at the apparent suicide of one of President Clinton s top aides turned to mystery then suspicion as the White House became engulfed in an ever widening net of unanswered questions Among the confidential matters Foster was working on when he died was the Clinton s ill fated investment in Whitewater an Arkansas land development Soon conspiracy theories were circulating alleging that Foster was murdered because he knew too much And the Whitewater affair a minor footnote to the 1992 presidential campaign was suddenly resurrected in the national media To a degree that left them sunned and at times depressed the president and the first lady have been buffeted by a succession of scandals from the first lady s profitable commodities trading to the sexual harassment allegations of Paula Jones Like his predecessors the Clinton presidency soon found itself engulfed in allegations of scandal conspiracy and cover up Drawing on hundreds of interviews many with people speaking publicly for the first time James B Stewart also sheds startling new light on these and other mysteries of the Clinton White House In a fast paced narrative that ranges from a backwater town in the Ozarks to the Oval Office from newsrooms in New York and Los Angeles to offices of conservative think tanks and special prosecutors the result is an unprecedented portrait of political combat as it is waged in America today

Stench David Brock,2024-09-17 A blistering expos of Clarence Thomas and the conservative regime of corruption that has usurped the Supreme Court by a Democratic activist and former Republican political operative Public confidence in the Supreme Court has plummeted to new lows in the last few years and for good reason In the past three decades six conservative justices have gained a supermajority through questionable means a dubious intervention in a presidential election perjury during Senate testimony and a GOP Senate Leader s unethical blockade of a Supreme Court nomination Behind this strategic dismantling of our Supreme Court is a vast well funded political machine backed by the extreme right wing Federalist Society the notoriously secretive Catholic organization Opus Dei and GOP megadonors operating from behind closed doors Armed with an insider s perspective from his time within the conservative movement David Brock reveals how the efforts to stack the Court in service of extreme right wing interests stem from a decades long strategy to weaponize our judicial system into an extension of the Republican Party itself Stench investigates the ethics scandals that surround Clarence Thomas and his wife the right wing activist Ginni

Thomas culling new material from Thomas's accusers along with original reporting and Brock's firsthand knowledge of the inner workings of the GOP Stench is a staggering exposé one that only Brock could write exhaustive in its research and revelatory in its access to the world of what has effectively become the Thomas Court *The Story of a Life - Liberty Regained, Volume 2* Simone Kleckner, 2016-07-19 In this second volume I had the strong desire to show the blessings that came my way when I reached the United States from Romania All I needed was determination and hard work to succeed in a professional career This is the story of my life in freedom in a country with its foreign and domestic policies seen through the lens of one who experienced both tyranny and oppression and where I regained my liberty **The Clinton Wars** Sidney Blumenthal, 2003-05-23 An invaluable history of an extraordinary presidency and the chronicle of a generation's political odyssey When in 1997 Bill Clinton appointed Sidney Blumenthal as a senior advisor the former writer was catapulted into the front lines of the Clinton wars From his first day in the White House until long after his appearance as the only presidential aide ever to testify in an impeachment trial Blumenthal acted in or witnessed nearly all the battles of the Clinton years This major book part history part memoir is the first inside account we have of the presidency of William Jefferson Clinton The Clinton Wars begins in 1987 when Blumenthal first met Bill and Hillary Clinton His chronicle of Clinton's first presidential campaign and first term draws on his experiences as confidant to both the President and the First Lady and is enriched with previously unpublished revelations about both This remarkable personal interpretation goes far in explaining the polarizing nature of Clinton's presence on the national scene The narrative of Clinton's second term is even more dramatic Blumenthal takes special note of the battle that was waged within the media between the President's detractors and defenders which he expands into a vivid picture of Washington society torn apart by warring factions But he does not neglect the wars fought on other fronts in Kosovo against Congress and for economic prosperity His remarkable book ends with the inside story of the fight to elect Al Gore in 2000 and extend the legacy of the Clinton Gore Administration Every page of this unrivaled authoritative book with its intimate insights into Clinton's personality and politics attests to Blumenthal's literary skill profound understanding of politics and unique perspective on crucial events of our recent past The Clinton Wars is a lasting contribution to American history *The Court v. The Voters* Joshua A. Douglas, 2024-05-14 An urgent and gripping look at the erosion of voting rights and its implications for democracy told through the stories of 9 Supreme Court decisions and the next looming case In *The Court v. The Voters* law professor Joshua Douglas takes us behind the scenes of significant cases in voting rights some surprising and unknown some familiar to investigate the historic crossroads that have irrevocably changed our elections and the nation In crisp and accessible prose Douglas tells the story of each case sheds light on the intractable election problems we face as a result and highlights the unique role the highest court has played in producing a broken electoral system Douglas charts infamous cases like *Bush v. Gore* which opened the door to many election law claims *Citizens United* which contributed to skewed representation but perhaps not in the way you might think *Shelby County v*

Holder which gutted the vital protections of the Voting Rights Act Crawford v Marion County Elections Board which allowed states to enforce voter ID laws and make it harder for people to vote The Court v The Voters powerfully reminds us of the tangible real world effects from the Court s voting rights decisions While we can and should lament the democracy that might have been Douglas argues that we can and should double down in our efforts to protect the right to vote **Games of Persuasion** Dominic W. Moreo,2000 Like rain the media overload pours over us each day each hour each waking moment of our lives One way to cope is to withdraw from the world to a faraway island unhooked to any satellite Another way is to grapple with the media as so to understand the nuts and bolts of the persuasive messages that relentlessly hammers us at home even at school on the job and at our getaway vacation On TV and the Internet ads never tire of repetition But to viewers of these messages they appear as so many headache hammers inflicting true pain Therefore on the premise that the best defense is an offense every citizen and consumer must go on the offense How By creating mentally a number of hypothetical ads using all the tricks of the craft of the trade Practice makes perfect Hence the edge need not remain always with Madison Avenue public relations specialists lobbyists single issue advocates politicians and other practitioners of persuasion In turn the citizen and consumer have their ready vaccine their firewall against unwanted manipulation To that end citizens and consumers need their booster shots of protection in the propaganda wars This work addresses those needs

Roger Ailes former Republican political consultant and current president of Fox News Channel is a dominant media figure of our age His made for TV imagery and mastery of style over substance has overtaken earlier methods of reporting the news and radically refashioned our political and communications landscapes Yet no book has ever been published on this Oz like figure Dark Genius is the definitive study of Ailes and his controversial career The 1960 television encounter between Richard Nixon and John F Kennedy was the moment when slick television imagery began to take over politics Ailes a young TV producer absorbed the lessons of the new video age and put them into practice While a director on The Mike Douglas Show he met Richard Nixon who soon hired Ailes to help him conquer the fledgling medium Riding the wave of that triumph Ailes went on to aid other key Republican figures like Ronald Reagan George H W Bush and Rudy Giuliani In the 1990s Ailes was hired to run CNBC the first cable financial network bringing a talk radio sensibility to the small screen Then Rupert Murdoch hired him to implement the media mogul s vision for a different kind of cable news network Now with Murdoch whose News Corp has recently acquired the Wall Street Journal Ailes is launching the FOX News business channel in 2007 Over the span of several decades Ailes has played a key role in the growing reach of conservatism first in politics then in mass media Part history part media criticism part current events Dark Genius tracks the rise dominance and relevance of

political television and how it has been used and abused by its master **Warmonger** Jeremy Kuzmarov,2023-12-01 During the 2016 presidential election many younger voters repudiated Hillary Clinton because of her husband s support for mass incarceration banking deregulation and free trade agreements that led many U S jobs to be shipped overseas Warmonger How Clinton s Malign Foreign Policy Launched the Trajectory from Bush II to Biden shows that Clinton s foreign policy was just as bad as his domestic policy Cultivating an image as a former anti Vietnam War activist to win over the aging hippie set in his early years as president Clinton bombed six countries and by the end of his first term had committed U S troops to 25 separate military operations compared to 17 in Ronald Reagan s two terms Clinton further expanded America s covert empire of overseas surveillance outposts and spying and increased the budget for intelligence spending and the National Endowment for Democracy NED a CIA offshoot which promoted regime change in foreign nations The latter was not surprising because according to CIA operative Cord Meyer Jr Clinton had been recruited into the CIA while a Rhodes Scholar at Oxford and as Governor of Arkansas in the 1980s he had allowed clandestine arms and drug flights to Nicaraguan counter revolutionaries Contras backed by the CIA to be taken from Mena Airport in the western part of the state Rather than being a time of tranquility when the U S failed to pay attention to the gathering storm of terrorism as New York Times columnist David Brooks frames it the Clinton presidency saw rising tensions among the U S China and Russia because of Clinton s malign foreign policies and U S complicity in terrorist acts In so many ways Clinton s presidency set the groundwork for the disasters that were to follow under Bush II Obama Trump and Biden It was Clinton building off of Reagan who first waged a War on Terror ridden with double standards one that adopted terror tactics including extraordinary rendition bombing and the use of drones It was Clinton who cried wolf about human rights abuses and the need to protect beleaguered peoples from genocide to justify military intervention in a post Cold War age And it was Clinton s administration that pressed for regime change in Iraq and raised public alarm about the mythic WMDs all while relying on fancy new military technologies and private military contractors to distance US shady military interventions from the public to limit dissent **High Crimes and Misdemeanors** Frank O.
