Snakes Alive:

Snakes Alive! Janet Lambert, 1997 An introduction to various types of snakes and basic information on things such as body temperature food movement and scales as well as other information **Between Heaven and Earth** Robert A. Orsi, 2005 Publisher description Explores the relationships men women and children have formed with the Virgin Mary and the saints in twentieth century American Catholic history and reflects more broadly on how people live in the company of sacred figures and how these relationships shape the ties between people on earth Author Robert Orsi also considers how scholars of religion occupy the ground in between belief and analysis faith and scholarship *Snakes of Virginia* Donald W. Linzey, 2002 The classic field guide to snakes found in the Old Dominion now available in paperback **In Face of the Facts** Richard Wightman Fox, Robert B. Westbrook, Lee H. Hamilton, 2002-11-07 Recently there has been a renewed interest in moral inquiry among American scholars in a variety of disciplines This collection of accessible essays by scholars in philosophy political theory psychology history literary studies sociology religious studies anthropology and legal studies affords a view of the current state of moral inquiry in the American academy and it offers fresh departures for ethically informed interdisciplinary scholarship Seeking neither to reduce values to facts nor facts to values these essays aim to foster discussion about inquiry and moral judgment and demonstrate that moral inquiry need not be either dispassionate and value free or moralistic and preachy **Owls** Cynthia Berger, 2005 A fascinating introduction to the biology life cycle and behavior of owls Illustrated with gorgeous watercolor paintings and full color photography Features an identification guide to all North American species Owls have always occupied a special place in the popular imagination regarded throughout history as both harbingers of doom and symbols of wisdom In this newest title in Stackpole's Wild Guide series author Cynthia Berger explores the lives of these mysterious creatures including their fearsome hunting abilities their surprisingly tender courtship rituals and of course their haunting vocalizations Also included is an identification guide covering the full range of North American species from the tiny Elf Owl to the imposing Great Gray Owl as well as tips for observing owls in the wild There are even instructions for building your own nest box to attract these remarkable birds to your backyard **American Studies** Janice A. Radway, Kevin Gaines, Barry Shank, Penny Von Eschen, 2009-03-09 American Studies is a vigorous bold account of the changes in the field of American Studies over the last thirty five years Through this set of carefully selected key essays by an editorial board of expert scholars the book demonstrates how changes in the field have produced new genealogies that tell different histories of both America and the study of America Charts the evolution of American Studies from the end of World War II to the present day by showcasing the best scholarship in this field An introductory essay by the distinguished editorial board highlights developments in the field and places each essay in its historical and theoretical context Explores topics such as American politics history culture race gender and working life Shows how changing perspectives have enabled older concepts to emerge in a different context *Snakes* Willee Lewis, 2014-05-09 This

anthology straddles the realm of contemporary storytelling regarding one man's loathed and revered co-habitants snakes

The Journal of the Bombay Natural History Society Bombay Natural History Society, 1887 *Snakes in Question, Second Edition* George R. Zug, Carl H. Ernst, 2015-03-10 This new edition of *Snakes in Question* has been completely updated to take into account the most recent research available offering useful scientific information about snakes while dispelling many widely circulated myths and common fears Accompanied by 100 stunning color photographs and written in the popular question and answer format of Smithsonian's *In Question* series the book tells how snakes breathe hear smell and much more It covers not only the life cycle of snakes but also explores such phenomena as the rattlesnake's rattle the viper's hiss and the snake charmer's secrets It addresses common folktales about snakes do snakes milk cows and describes giant snakes both real and imaginary The authors also give expert advice on such subjects as distinguishing venomous species from harmless look-alikes and keeping snakes as pets
