

So they all sat  
down and had a  
wonderful picnic  
in the grass.

The hot cocoa, sandwiches, and fruit  
tasted so good!

### **Fairy Tales to Help Children Grow**

Stephen Abramowitz, 2023-07-11. Imagine if you could educate your young child to be safe. Imagine if you could teach your youngster to feel good about who they are and cultivate self-esteem. What if you could coach your kids how to solve many of their own problems? In *Fairy Tales to Help Children Grow*, author Stephen Abramowitz uses puppet shows, fairy tales, and a coloring book to help your kids as they mature, learn to problem-solve, be safe, and build self-esteem. Each lesson begins with a puppet show that introduces a problem a child is likely to encounter while interacting with others at school or around the home. A fairy tale illustrates the problem and offers a solution a youngster can identify with. After an adult, a teacher, or parent reinforces the objective, the child is encouraged to color a picture of the major character discussed in the fairy tale, helping them understand and grow.

*Rumpelstiltskin's Secret* Harry Rand, 2019-12-09. Everyone knows Rumpelstiltskin's story or thinks they do. But this innocent-seeming tale hides generations of women's shrewd accounts of their relationships with men. And the verdict is not flattering. The fairytale may count among the world's oldest dirty jokes. The theme of the tale, an observation repeated and varied throughout, mocks male inadequacy in many forms, beginning with sexual failure. The punchline misplaced over time, its wickedly funny insights about adult life passed for childish nonsense. The story hides in plain sight criticism of workplace sexual harassment centuries before society took notice of the indignity. Rumpelstiltskin tells a feminist tale with lessons for men and women about what women said to each other when they thought their private conversation and complaints passed unnoticed. In the story's different versions, the Brothers Grimm, who recorded the tale, missed women's wry observations.
