Haszel, 1971 **Null Subjects in Slavic and Finno-Ugric** Gréte Dalmi, Egor Tsedryk, Piotr Ceglowski, 2022-01-19 Even though null subjects have been extensively studied in the past four decades there is a growing interest in partial null subject languages e g Finnish and a subtler classification of null subject phenomena overall This volume aims at contributing to this trend focusing on Slavic and Finno Ugric groups with some extension to Baltic and Samoyedic languages Interestingly these groups offer an impressive array of macro and microvariation Moreover given an increasing interest towards the internal structure of the pronominal elements and the role of various types of topics in the left periphery of the sentence structure the enterprise taken up in this book is to investigate

lexical and null referential and generic subjects in order to understand and compare their feature composition licensing conditions and structural properties Rather than trying to squeeze the studied languages into a predefined set of parameters this volume highlights some properties that may lead to a refinement of the existing generalizations It brings together contributors from both generative and typological traditions and will be of interest to any researcher willing to investigate argument drop in a wider crosslinguistic perspective *Indo-European and the Indo-Europeans* Thomas V.

Gamkrelidze, Vjaceslav V. Ivanov, 2010-12-15 Gamkrelidze and Ivanov's wide ranging and interdisciplinary work superbly translated from Russian is a must for every student of Indo European prehistory Its erudition is unsurpassed and its unorthodox conclusions are a continuing challenge Prof Dr Martin Haspelmath Max Planck Institut für Evolutionäre Anthropologie The authors propose a revision of views on a number of central issues of Indo European studies Based on findings of typology they suggest a new analysis of the phonological system of Proto Indo European the Glottalic Theory they offer novel assumptions about the relative chronology of changes in PIE vowels and laryngeals Their conclusions are compared with data from Proto Kartvelian In the second part of the book semantically organized presentation of material from the lexicon is combined with analyses of the use of forms and formulae in a broadly defined cultural context Again similarities with properties of primarily Kartvelian and Semitic are described and extended close contacts with these language families are postulated This necessarily leads to a proposal to place the hypothetical Urheimat of the Indo Europeans in the region south of the Caucasus Volume I and II of the original Russian edition have been combined in the English version as Part I the Bibliography and Indexes are published as Part II **The Ohio Educational Monthly**, 1901
