

..Vedanta and modern managers

- Vedanta philosophy gives an insight into the types of human beings- Tamsic, Rajsik and Yogic. It also gives elaborate description of the motivations and driving forces of the three types of human beings. A manager with knowledge of Vedanta will do well by forming an appropriate strategy for all types of people and harnessing their strengths or keeping away from them completely.
- Bhagavad Gita is an entire treatise on management. It talks about taking up a cause just on the basis of righteousness, without flinching even if one has to be on the opposite side of one's own kith and kin. It espouses the concept of Dharma over personal relationship.
- Bhagavad Gita also places importance of action over renunciation. When the great archer Arjun wanted to give up arms when confronted by his own Gurus, uncles and brothers in the battle field, Bhagwan Krishn tells Arjun that renunciation to avoid action is akin to cowardice. Vedantic knowledge thus is clearly a call to action and this is the key learning for any manager.
- Vedanta school of thought places great importance on Nishkarm karma or selfless actions. This is the cornerstone of charity that later developed into Corporate social responsibility.
- Vedanta stresses maximum emphasis over means and is not just about results. If the ultimate aim of one's life is to achieve salvation then the path trodden must be ethical and moral.
