The Condition Of The Christian Philosopher:

The Condition of the Christian Philosopher Roger Mehl, 1963 First published in 1963 this is an important text which illuminates the complex relationship between theology and philosophy Mehl sympathetically examines the key aspects of the dialogue between Christianity and philosophy commenting on the perceived tension between reason and faith Christian dogmatic and metaphysical experience and concluding that an understanding of Revelation cannot be submitted to any philosophical principle of interpretation This text ultimately explores the role of the Christian philosopher in renewing continuing fruitful philosophical reflection *Christian Philosophical Theology* Stephen T. Davis, 2006-03-16 Christian Philosophical Theology constitutes a Christian philosopher's look at various crucial topics in Christian theology including belief in God the nature of God the Trinity christology the resurrection of Jesus the general resurrection redemption and theological method The book is tightly argued and amounts to a coherent explanation of and case for the Christian world view Although written from a broadly Reformed Protestant perspective and although the author does not avoid controversial topics the aim is to present a merely Christian world view to adapt slightly C S Lewis's famous term That is Stephen T Davis attempts to write as much as possible from the perspective of the broad centre of Christian understanding *The Condition of the Christian Philosopher. [La Condition Du Philosophe Chrétien.] Transl. [from the French]....* Roger Mehl, 1963

Christian Philosophy J. Aaron Simmons, 2019 One of the marks of being a philosopher is participating in debates about what counts as philosophy Of particular note in such debates is the question of how to distinguish philosophy from theology Although a variety of answers to this question have been offered in the history of philosophy in recent decades the prominence of Christian philosophy has been heralded by many as a genuine triumph over the problematic narrowness of strong foundationalism positivism and scientism For others however it signals that philosophy continues to risk being replaced by confessional theology Wherever one comes down on such issues and however one interprets recent trends in philosophy of religion the idea of Christian philosophy continues to present pressing questions for those working in meta philosophy epistemology metaphysics hermeneutics and value theory In this volume established scholars representing a variety of cultural traditions religious perspectives and philosophical priorities all wrestle with how the idea of Christian philosophy should be understood appropriated and engaged in light of where philosophy is and where it is likely to go The volume includes classical essays that have deeply marked the field and also new essays that explore the relevance of Christian philosophy to issues in disability studies engaged pedagogy lived phenomenology the academic study of religion and the workings of social power Rather than offer a unified view that seeks to settle things the contributors demonstrate that Christian philosophy remains a topic of lively debate Wherever one comes down on the issues considered here this volume shows that Christian philosophy is neither merely of historical interest nor of interest only to Christians but instead remains a thoroughly philosophical topic worthy of serious consideration and substantive critique With a Foreword by
