Oscar Cullmann,2018-05-15 In this essay Dr Cullmann sets himself to answer these questions Why did Christians need to have besides Scripture and apostolic formula to summarise the faith they professed What circumstances brought this necessity about What is the composition of the first formulas and how did they develop in the earliest times What is the

Neufeld, 2025-10-23 In *The Earliest Christian Confessions* biblical scholar Vernon H Neufeld delves into the primitive creeds hymns and declarations of faith that formed the foundation of early Christianity Written with precision and reverence the book examines how the first followers of Jesus expressed their belief long before formal doctrine or ecclesiastical structure emerged Drawing on scriptural fragments liturgical formulas and linguistic analysis Neufeld reconstructs the living voice of the early Church a faith still close to its origins and alive with urgency simplicity and awe Neufeld's study traces the evolution of confession from spontaneous affirmation to structured creed exploring phrases such as Jesus is Lord and Christ has risen as both theological and communal acts His synthesis bridges biblical studies church history and textual criticism revealing how these confessions shaped worship baptism and the development of Christian identity Accessible yet deeply scholarly *The Earliest Christian Confessions* illuminates the dynamic interplay between language belief and community in the formative centuries of Christianity For theologians historians and lay readers alike it provides a profound understanding of how early believers articulated faith not in abstract philosophy but in the living rhythm of prayer and proclamation *The Works of Saint Augustine: v. 1.
