B. Afterman, 2005 According to Rodger Kamenetz Allen Afterman's *Kabbalah and Consciousness* makes the major traditions of Jewish mysticism more clear and profoundly revealing than any other work on the subject Elie Wiesel says Poetry and mysticism are magnificently reconciled in Allen Afterman's book on Kabbalah's secret imagery and silent invocations Here also is Afterman's poetry described by Yehuda Amichai as an almost private religious poetry for our post religious age The book includes an important interview with the author *Lewis Carroll's "Alice" and Cognitive Narratology* Francesca

Arnavas, 2021-01-18 We live in an age that is witnessing a growing interest in narrative studies cognitive neuroscientific tools mind studies and artificial intelligence hypotheses This book therefore aims to expand the exegesis of Carroll's *Alice* books aligning them with the current intellectual environment The theoretical force of this volume lies in the successful encounter between a great book and all its polysemous ramifications and a new interpretative point of view powerful enough to provide a new original contribution but well grounded enough not to distort the text itself Moreover this book is one of the first to offer a complete thorough analysis of one single text through the theoretical lens of cognitive narratology and not just as a

series of brief examples embedded within a more general discussion It emphasises in a more direct effective way the actual novelty and usefulness of the dialogue established between narrative theory and the cognitive sciences It links specific concepts elaborated in the theory of cognitive narratology with the analysis of the Alice books helping in this way to discuss question and extend the concepts themselves opening up new interpretations and practical methods Emotional "Photographs" Adria N. Enoch,2020-06-01 Charade Parade By Edwin D Enoch We all are going the same places in life we just take different roads to get there and throughout our journeys many of us only get to do what we have to do instead of what we love marching to the beat so to speak In this march who we are underneath is not who we display to the world thus creating the Charade Parade This collection of poetry expresses who Edwin Enoch is beyond the Charade Parade and he wishes who his readers are beyond their daily charade will connect with who he is underneath and see that his experience may not be so different from their own and they will gain a sense of connectivity
