The Conservative Party:

The Conservative Party Tim Bale, 2017-01-19 The Conservatives are back and back with a bang two election wins in a row and providing they can hold things together in a pretty good position to win another But many questions about their recent past present and future still remain Just why did the worlds oldest and most successful political party dump Margaret Thatcher only to commit electoral suicide under John Major And what stopped the Tories getting their act together until David Cameron came along Did Cameron change his party as much as he sometimes liked to claim or did his leadership both in opposition and in government involve more compromise and more Conservatism than we realize Finally what does the result of the EU referendum mean for the Party in years to come The answers as this accessible and gripping book shows are as intriguing and provocative as the questions Based on in depth research and interviews with the key players Tim Bale explains how and why the Tories lost power in 1997 and how and why they have eventually been able to rediscover their winning ways even if internal tensions and external challenges mean they still cant take anything for granted Crucial he suggests are the people the power structures the ideas and the very different interests of those involved This second edition of *The Conservative Party From Thatcher to Cameron* is a must read for anyone wanting to understand what makes the Tories tick

The Conservative Party After Brexit Tim Bale, 2023-03-13 The Conservative Party has long laid claim to being the world s most successful political party not least because it is also one of the most adaptable often appearing to do and say pretty much whatever it takes to win But has it now shot itself in the foot by trying too hard to fight off Nigel Farage Since the UK voted to leave the EU back in 2016 the Tories have arguably done more than simply re shape themselves rather they seem to have transformed themselves from a mainstream centre right party into an ersatz radical right wing populist outfit one characterized by an often counter intuitive combination of culture war concerns on the one hand and free market fundamentalism on the other In this compelling and persuasively argued book Tim Bale one of the country s foremost experts on contemporary British politics takes us on a rollercoaster ride through the Conservatives fortunes over the last decade From the bombshell Brexit referendum through the chaotic premierships of Theresa May Boris Johnson and Liz Truss to the party s electoral comeuppance under Rishi Sunak and its attempted renewal with Kemi Badenoch at the helm Bale tells the fascinating tale of a party that in just a few short years has gone from nervous breakdown to top of the world and back again
