## The Constitutional System The Group Character Of The Elected Institutions:

**I Do Solemnly Swear** Matthew A. Pauley, 1999 *I Do Solemnly Swear* is an in depth analysis of the meaning and importance of U S President s oath of office The oath requires the President to preserve protect and defend the Union by any means and then transmit it unimpaired to his successor Pauley examines the potential political and legal ramifications of such an oath and its role as a source of presidential power Beginning with a survey of the history of oaths from the classical world to the modern era Pauley analyzes the President s oath within the context of American political and constitutional development Those with scholarly interests in government politics or law will find this work enlightening *The*

Administration Series--bibliography ,1987

**The Managerial Presidency** James P. Pfiffner, 1999 As the scope and size of

the U S government has expanded the importance of good management to the success of a presidency has also increased Although good management cannot guarantee political or policy success poor management can certainly undermine good policy and political efforts In this second edition of *The Managerial Presidency* James P Pfiffner brings together both classic analyses and more recent treatments of managerial issues that affect the presidency Some of the foremost presidency scholars have contributed to this volume including Richard Neustadt Charles O Jones Hugh Heclo George Edwards and Louis Fisher This second edition includes more recent scholarship by Roger Porter Steven Kelman Peri Arnold and Ronald Moe The focus of this collection is the extent to which presidents can exercise control over the executive branch bureaucracies and whether it is wise for them to exert that control Part one deals with the question of how to organize the White House staff If this organizational problem is not resolved solving the broader problems of organization and policy will be that much more difficult Part two addresses the question of how much control presidents should exert over the departments and agencies of the executive branch and how the White House staff and other political appointees relate to career civil servants The final section examines presidential managerial reform efforts and the congressional role in managing the government Although the contributors to this collection do not all agree on how the presidency should be managed there is surprising consensus on which questions ought to be asked The analyses addressing those questions will be of interest to students and scholars of the modern presidency as well as those interested in executive leadership and public administration Choice ,1987
