**The Girl with the Gold Bikini** Lisa Walker, 2020-01-28. Whenever I see a girl with a gold bikini I think of Princess Leia. Here on the Gold Coast gold bikinis are common so I think of Princess Leia a lot. Eighteen-year-old Olivia Grace has deferred her law degree and ducked out of her friend's gap year tour of Asia. Instead she's fulfilling her childhood dream of becoming a private investigator following in the footsteps of Nancy Drew and Veronica Mars who taught her everything she knows including a solid line in quick quipping, repartee, the importance of a handbag full of disguises, and a way of mixing business with inconvenient chemistry. Playing Watson to the Sherlock of her childhood friend, detective agency owner Rosco, once the Han Solo to her Princess Leia, Olivia pursues a routine cheating husband case from the glitzy Gold Coast to Insta-perfect Byron Bay where she faces yoga wars, dirty whale activism, and a guru who's kind of a creep. Olivia Grace is a teenage screwball heroine for the metoo era, and **The Girl with the Gold Bikini** is a body-positive detective romp rich with pop culture pleasures.

**The Island Experiment** Journeyman Angel, 2011-10. Somewhere in the South Pacific Ocean in the year 2020 a mysterious group called The Elite has claimed an island formed by an extinct volcano, creating two small countries on the small spit of land. The Upper Country is a high-tech, totally green civilization void of individual rights and freedoms. The Lower Country is an agricultural medieval monarchy that shows respect for individual rights. The Elite created these two isolated countries as a social experiment. By removing the variable of religion, the Elite wants to prove its thesis: In the absence of knowledge of any gods, humans will develop in predictable ways. Philosophical and religious cults eventually come into being, which is one of the results the Elite predicted with this island experiment. A team of specialists called Serpents is sent in to destroy the cults. The five books in this amazing new series tell about the four people who become the family of Serpents. **The Island Experiment: The Beginnings of the Inner Circle, Book One: Marshall's Story** details the life of Marshall, the first of the four Serpents. Marshall is a man who found his lost soul and so much more. Upcoming books tell the stories of Dina, a woman who found a way to see into her own heart; Krystal, an adult child who found the courage to act alone; and Angel, an adolescent child and a cult survivor who finds freedom. About the Author: Now retired, Journeyman Angel is a full-time grandpa living in Michigan. My characters are fragments of myself. Each and every character resembles me in character and personality in some way. <http://SBPRA.com> JourneymanAngel
