## **The Idea Of Atonement In The Philosophy Of Hermann Cohen:**

**The Idea of Atonement in the Philosophy of Hermann Cohen** Michael Zank, 2020-03 *The National Element in Hermann Cohen's Philosophy and Religion* Hartwig Wiedebach, 2012-07-05 Hermann Cohen was a Jewish German thinker with a passion for philosophy Two forms of national engagement influenced his philosophical system and his Jewish thought a cultural political Germanness *Deutschtum* and a religious Judaism beyond the political [Hermann Cohen](#) Frederick C. Beiser, 2018-10-04 This book is the first complete intellectual biography of Hermann Cohen 1842 1918 and the only work to cover all his major philosophical and Jewish writings Frederick C Beiser pays special attention to all phases of Cohen s intellectual development its breaks and its continuities throughout seven decades The guiding goal behind Cohen s intellectual career he argues was the development of a radical rationalism one committed to defending the rights of unending enquiry and unlimited criticism Cohen s philosophy was therefore an attempt to defend and revive the Enlightenment belief in the authority of reason his critical idealism an attempt to justify this belief and to establish a purely rational worldview According to this interpretation Cohen s thought is resolutely opposed to any form of irrationalism or mysticism because these would impose arbitrary and artificial limits on criticism and enquiry It is therefore critical of those interpretations which see Cohen s philosophy as a species of proto existentialism Rosenzweig or Jewish mysticism Adelman and K hnke Hermann Cohen An Intellectual Biography attempts to unify the two sides of Cohen s thought his philosophy and his Judaism Maintaining that Cohen s Judaism was not a limit to his radical rationalism but a consistent development of it Beiser contends that his religion was one of reason He concludes that most critical interpretations have failed to appreciate the philosophical depth and sophistication of his Judaism a religion which committed the believer to the unending search for truth and the striving to achieve the cosmopolitan ideals of reason [Hermann Cohen's Ethics](#) Robert Gibbs, 2006-07-01 The essays assembled here represent the leading Hermann Cohen scholars from the United States Canada Italy Switzerland Germany the Netherlands and Israel Emerging from their efforts is a new set of explorations both in Cohen s own system and also in his relation to a wide range of subsequent thinkers They open Cohen s *Ethics of Pure Will* in two ways First they show us the deep questions that are operating within Cohen s texts and second they raise questions for ethics itself particularly in relation to Jewish tradition That specific topic the primacy of ethics for Judaism received one of its most philosophically rigorous treatments in Cohen s work where thinking of the relation of ethics and Judaism became a truly philosophical task Originally published as Volume 13 2005 of *The Journal of Jewish Thought and Philosophy* For more details on this journal please click here *Hermann Cohen and the Crisis of Liberalism* Paul E. Nahme, 2019-03-28 A fresh look at a nineteenth century Jewish philosopher whose theology offers a beacon in an illiberal twenty first century world Recommended Choice Hermann Cohen is often held to be one of the most important Jewish philosophers of the nineteenth century Paul E Nahme in this new consideration of Cohen liberalism and religion emphasizes the idea of enchantment or the faith in and commitment

to ideas reason and critique the animating spirits that move society forward Nahme views Cohen through the lenses of the crises of Imperial Germany the rise of antisemitism nationalism and secularization to come to a greater understanding of liberalism its Protestant and Jewish roots and the spirits of modernity and tradition that form its foundation Nahme s philosophical and historical retelling of the story of Cohen and his spiritual investment in liberal theology present a strong argument for religious pluralism and public reason in a world rife with populism identity politics and conspiracy theories

**Modern Jewish Philosophy and the Politics of Divine Violence** Daniel H. Weiss,2023-04-06 Uncovers connections between modern Jewish philosophers and classical rabbinic thought arguing for rethinking of Judaism politics and violence

Paradox and the Prophets Daniel H. Weiss,2012-06-21 Weiss examines the style and method of Hermann Cohen s magnum opus Religion of Reason out of the Sources of Judaism Through philosophical and scriptural analyses Weiss argues for a new reading of this long misunderstood book demonstrating Cohen s continuing significance for Jewish thought and for philosophy of religion more broadly *Monotheism and Tolerance* Robert Erlewine,2010-01-11 Why are religious tolerance and pluralism so difficult to achieve Why is the often violent fundamentalist backlash against them so potent Robert Erlewine looks to a new religion of reason for answers to these questions Drawing on Enlightenment writers Moses Mendelssohn Immanuel Kant and Hermann Cohen who placed Christianity and Judaism in tension with tolerance and pluralism Erlewine finds a way to break the impasse soften hostilities and establish equal relationships with the Other Erlewine s recovery of a religion of reason stands in contrast both to secularist critics of religion who reject religion for the sake of reason and to contemporary religious conservatives who eschew reason for the sake of religion Monotheism and Tolerance suggests a way to deal with the intractable problem of religiously motivated and justified violence **Reading Maimonides' Philosophy**

**in 19th Century Germany** George Y. Kohler,2012-05-03 This book investigates the re discovery of Maimonides Guide of the Perplexed by the Wissenschaft des Judentums movement in Germany of the nineteenth and beginning twentieth Germany Since this movement is inseparably connected with religious reforms that took place at about the same time it shall be demonstrated how the Reform Movement in Judaism used the Guide for its own agenda of historizing rationalizing and finally turning Judaism into a philosophical enterprise of ethical monotheism The study follows the reception of Maimonidean thought and the Guide specifically through the nineteenth century from the first beginnings of early reformers in 1810 and their reading of Maimonides to the development of a sophisticated reform theology based on Maimonides in the writings of Hermann Cohen more than a hundred years later *Thinking Through Rituals* Kevin Schilbrack,2004-08-02 Many philosophical approaches today seek to overcome the division between mind and body If such projects succeed then thinking is not restricted to the disembodied mind but is in some sense done through the body From a post Cartesian perspective then ritual activities that discipline the body are not just thoughtless motions but crucial parts of the way people think Thinking Through Rituals explores religious ritual acts and their connection to meaning and truth belief memory inquiry worldview

and ethics Drawing on philosophers such as Foucault Merleau Ponty and Wittgenstein and sources from cognitive science pragmatism and feminist theory it provides philosophical resources for understanding religious ritual practices like the Christian Eucharistic ceremony Hatha Yoga sacred meditation or liturgical speech Its essays consider a wide variety of rituals in Christianity Judaism Hinduism and Buddhism including political protest rituals and gay commitment ceremonies traditional Vedic and Yogic rites Christian and Buddhist meditation and the Jewish Shabbat They challenge the traditional disjunction between thought and action showing how philosophy can help to illuminate the relationship between doing and meaning which ritual practices imply

**Encyclopedia of Judaism** Sara E. Karesh, Mitchell M. Hurvitz, 2005 An illustrated A to Z reference containing over 800 entries providing information on the theology people historical events institutions and movements related to the religion of Judaism

**The Genesis of Neo-Kantianism, 1796-1880** Frederick C. Beiser, 2014 Neo Kantianism was an important movement in German philosophy of the late 19th century Frederick Beiser traces its development back to the late 18th century and explains its rise as a response to three major developments in German culture the collapse of speculative idealism the materialism controversy and the identity crisis of philosophy

**Leo Strauss** Leo Strauss, 2012-02-01 This translation of eighteen virtually unknown early publications provides access for the first time to the origins of Leo Strauss's thought in the intellectual life of the German Jewish renaissance in the 1920s Themes range from the Enlightenment critique of the religion of Spinoza and the anti critique of Jacobi to the political Zionism of Herzl and the cultural Zionism of Buber and Ahad Ha'am The essays and reviews reprinted in this volume document a youth caught in the theological political conflict between the irretrievability of premodern religion and the disenchantment of honest atheism an impossible alternative that precipitated Strauss to seek out the possibility of a return to the level of natural ignorance presupposed in Socratic political philosophy

German-Jewish Thought Between Religion and Politics Christian Wiese, Martina Urban, 2012-03-30 Since the Enlightenment period German Jewish intellectuals have been prominent voices in the multi faceted discourse on the reinterpretation of Jewish tradition in light of modern thinking Paul Mendes Flohr one of the towering figures of current scholarship on German Jewish intellectual history has made invaluable contributions to a better understanding of the religious cultural and political dimensions of these thinkers encounter with German and European culture including the tension between their loyalty to Judaism and the often competing claims of non Jewish society and culture This volume assembles essays by internationally acknowledged scholars in the field who intend to honor Mendes Flohr's work by portraying the abundance of religious philosophical aesthetical and political aspects dominating the thinking of those famous thinkers populating German Jewry's rich and complex intellectual world in the modern period It also provides a fresh theoretical outlook on trends in Jewish intellectual history raising new questions concerning the dialectics of assimilation In addition to that the volume sheds light on thinkers and debates that hitherto have not been accorded full scholarly attention

**The Obligated Self** Mara H. Benjamin, 2018-05-24 Mara H Benjamin contends that the physical and

psychological work of caring for children presents theologically fruitful but largely unexplored terrain for feminists Attending to the constant concrete and urgent needs of children she argues necessitates engaging with profound questions concerning the responsible use of power in unequal relationships the transformative influence of love human fragility and vulnerability and the embeddedness of self in relationships and obligations Viewing child rearing as an embodied practice Benjamin's theological reflection invites a profound reengagement with Jewish sources from the Talmud to modern Jewish philosophy Her contemporary feminist stance forges a convergence between Jewish theological anthropology and the demands of parental caregiving

*Theodicy of Culture and the Jewish Ethos* Martina Urban, 2012-07-04 This volume presents the theory of culture of the Russian born German Jewish social philosopher David Koigen 1879 1933 Heir to Hermann Cohen's neo Kantian interpretation of Judaism he transforms the religion of reason into an ethical Intimist religion He draws upon a great variety of intellectual currents among them Max Scheler's philosophy of values the historical sociology of Max Weber the sociology of religion of mile Durkheim Ernst Troeltsch and Georg Simmel and American pragmatism Influenced by his personal experience of marginality in German academia yet the same time unconstrained by the dictates of the German Jewish discourse Koigen shapes these theoretical strands into an original argument which unfolds along two trajectories theodicy of culture and ethos Distinguished from ethics ethos identifies the non formal factors that foster a group's sense of collective identity as it adapts to continuous change From a Jewish perspective ethos is grounded in the biblical covenant as the paradigm of a social contract and corporate liability Although the normative content of the covenantal ethos is subject to gradual secularization its metaphysical and existential assumptions Koigen argues continue to inform Jewish self understanding The concept of ethos identifies the dialectic of tradition as it shapes Jewish religious consciousness and in turn is shaped by the evolving cultural and axiological sensibilities In consonance Jewish identity cannot be reduced to ethnicity or a purely secular culture Urban develops these fragmentary and inchoate theories into a sociology of religious knowledge and suggests to read Koigen not just as a Jewish sociologist but as the first sociologist of Judaism who proposes to overcome the dogmatic anti metaphysical stance of European sociology

**Modern Jewish Theology** Samuel J. Kessler, George Y. Kohler, 2023-12 Modern Jewish Theology is the first comprehensive collection of Jewish theological ideas from the pathbreaking nineteenth and early twentieth centuries featuring selections from more than thirty of the most influential Jewish thinkers of the era as well as explorations of Judaism's identity uniqueness and relevance the origin of ethical monotheism and the possibility of Jewish existentialism These works most translated for the first time into English by top scholars in modern Jewish history and philosophy reveal how modern Jewish theology developed in concert with broader trends in Jewish intellectual and social modernization especially scholarship Wissenschaft des Judentums politics liberalism and Zionism and religious practice movement Judaism and the struggles to transcend denominational boundaries This anthology thus opens to the English language reader a true treasure house of source material from the formative years of

modern Jewish thought bringing together writings from the very first generations who imagined biblical and rabbinic texts and modern scientific research would produce a synthetic view of God Israel and the world A general introduction and chapter introductions guide students and nonspecialists through the key themes and transformations in modern Jewish theology and extensive annotations immerse them in the latest scholarship      **The German Stranger** William H. F. Altman, 2012-06-07 Leo Strauss's connection with Martin Heidegger and Carl Schmitt suggests a troubling proximity to National Socialism but a serious critique of Strauss must begin with F H Jacobi While writing his dissertation on this apparently Christian opponent of the Enlightenment Strauss discovered the tactical principles that would characterize his lifework writing between the lines a faith based critique of rationalism the deliberate secularization of religious language for irreligious purposes and an all or nothing antagonism to middling solutions Especially the latter is distinctive of his Zionist writings in the 1920s where Strauss engaged in an ongoing polemic against Cultural Zionism attacking it first from an orthodox and then from an atheist's perspective In his last Zionist article 1929 Strauss mentions the Machiavellian Zionism of a Nordau that would not fear to use the traditional hope for a Messiah as dynamite By the time of his change of orientation National Socialism was being led by a nihilistic Messiah while Strauss had already radicalized Schmitt's political theology and Heidegger's deconstruction of the ontological Tradition Central to Strauss's advance beyond the smartest Nazis is his Second Cave in which he claimed modern thought is imprisoned only by escaping Revelation can we recover natural ignorance By using pseudo Platonic imagery to illustrate what anti Semites called Jewification Strauss attempted to annihilate the common ground celebrated by Hermann Cohen between Judaism and Platonism Unlike those who attacked Plato for devaluing nature at the expense of the transcendent Idea the migr Strauss effectively employed a new Plato who was no more a Platonist than Nietzsche or Heidegger had been Central to Strauss's Platonic political philosophy is the mysterious protagonist of Plato's Laws whom Strauss accurately recognized as the kind of Socrates whose fear of death would have caused him to flee the hemlock Any reader who recognizes the unbridgeable gap between the real Socrates and Plato's Athenian Stranger will understand why the German Stranger is the principal theoretician of an atheistic re enactment of religion of which genus National Socialism is an ultra modern species      *The Value of the Particular: Lessons from Judaism and the Modern Jewish Experience* Michael Zank, Ingrid Anderson, 2015-04-14 In this tribute to Steven T Katz on the occasion of his seventieth birthday Michael Zank and Ingrid Anderson present sixteen original essays written by senior and junior scholars in comparative religion philosophy of religion modern Judaism and theology after the Holocaust fields of inquiry where Steven Katz made major contributions over the course of his distinguished scholarly career The authors of this volume specialists in Jewish history especially the modern experience and Jewish thought from the Bible to Buber offer theoretical and practical observations on the value of the particular Contributions range from Tim Knepper's reevaluation of the ineffability discourse to the particulars of the Settlement Cookbook examined by Nora Rubel as an American classic

Love Thy Neighbor as Thyself Lenn E. Goodman, 2008-01-02 In this book Lenn E Goodman writes about the commandment to love thy neighbor as thyself from the standpoint of Judaism a topic and perspective that have not often been joined before Goodman addresses two big questions What does that command ask of us and what is its basis Drawing extensively on Jewish sources both biblical and rabbinic he fleshes out the cultural context and historical shape taken on by this Levitical commandment In so doing he restores the richness of its material content to this core articulation of our moral obligations which often threatens to sink into vacuity as a mere nostrum or rhetorical formula Goodman argues against the notion that we have this obligation simply because God demands it a position that too readily makes ethics seem arbitrary relativistic dogmatic authoritarian contingent or just unpalatable Rather he proposes that we learn much about how we ought to think about God from what we know about morals He shows that natural reasoning and appeals to scripture tradition and revelation reinforce one another in ethical deliberation For Goodman ethics and theology are not worlds apart connected only by a kind of narrow one way passage the two realms of discourse can and should inform each other Engaging the philosophers including Aristotle Spinoza and Kant and assembling three thousand years worth of Jewish textual masterpieces Goodman skillfully weaves his Gifford Lectures which he delivered in 2005 into an indispensable work

This is likewise one of the factors by obtaining the soft documents of this **The Idea Of Atonement In The Philosophy Of Hermann Cohen** by online. You might not require more period to spend to go to the book instigation as capably as search for them. In some cases, you likewise complete not discover the declaration The Idea Of Atonement In The Philosophy Of Hermann Cohen that you are looking for. It will definitely squander the time.

However below, next you visit this web page, it will be in view of that unconditionally easy to get as without difficulty as download guide The Idea Of Atonement In The Philosophy Of Hermann Cohen

It will not give a positive response many epoch as we tell before. You can realize it though comport yourself something else at home and even in your workplace. so easy! So, are you question? Just exercise just what we present under as with ease as evaluation **The Idea Of Atonement In The Philosophy Of Hermann Cohen** what you with to read!
