Leaf, which had served since the 1880s, was replaced by this classic two-volume edition of M. M. Willcock. Coverage of twelve books of the Iliad in each volume demands a concise introduction and commentary. The editor also includes, for example, mention of significant aspects of Homeric diction more fully in the early lines of each book so that the student may begin on any particular line. Although the book is designed for students at sixth form and undergraduates, the tight compass of these books does not prevent the editor from engaging in or referring to problems of composition or text addressed by more advanced scholars. *The Iliad of Homer* Homer, 2022-06-02 Reprint of the original first published in 1865.
