New Society ,1978 *Social Class in the 21st Century* Mike Savage,2015-11-05 A fresh take on social class from the experts behind the BBC's Great British Class Survey Why does social class matter more than ever in Britain today How has the meaning of class changed What does this mean for social mobility and inequality In this book Mike Savage and the team of sociologists responsible for the Great British Class Survey look beyond the labels to explore how and why our society is changing and what this means for the people who find themselves in the margins as well as in the centre Their new conceptualization of class is based on the distribution of three kinds of capital economic inequalities in income and wealth social the different kinds of people we know and cultural the ways in which our leisure and cultural preferences are exclusive and provides incontrovertible evidence that class is as powerful and relevant today as it's ever been *Contributions to Indian Sociology* ,1988 **British Book News** ,1979 **Sociological Abstracts** Leo P. Douglas Sirk, Aesthetic Modernism and the Culture of Modernity Victoria L. Evans,2017-05-24 The first truly interdisciplinary analysis to link Douglas Sirk s striking visual aesthetic to key movements in twentieth century art and architecture this book reveals how the exaggerated artifice of Sirk s formal style emerged from his detailed understanding of the artistic debates that raged in 1920s Europe and the post war United States With detailed case studies of *Final Chord* and *All That Heaven Allows* Victoria Evans demonstrates how Sirk attempted to dissolve the boundaries of cinema by assimilating elements of avant garde art architecture and design into the colour composition and setting of many of his most well known films Treating Sirk s oeuvre as a continuum between his German and American periods Evans argues that his mise en scene was the result of an interdisciplinary transnational dialogue and illuminates the broader cultural context in which his films appeared by establishing links between archival documents Modernist manifestos and the philosophical writings of his peers
