### **Metaphysics as Christology** Jonael

Schickler, Fraser Watts, 2017-03-02 In *Metaphysics as Christology* Jonael Schickler presents a major contribution to both philosophy and theology. First he examines the key philosophical problems with which Kant and Hegel grappled and finds in the work of Rudolf Steiner the essence of a solution to them; he claims that Steiner returned to Hegel's philosophical problems but was better able to solve them. Schickler uses these philosophical debates about knowledge and truth to understand the significance of Christ. Building on the work of Hegel, Schickler argues that Christ has made possible the developments in human consciousness that restore humanity's relationship to the surrounding world. This is a bold and rigorous work that opens up new directions in both philosophy and theology. Fraser Watts contributes the Foreword and George Pattison an extensive Preface.

### **Signs of the Times**

Ray Grasse, 2002-04-01 A unique and extremely interesting examination of both history and the unfolding present as seen through the prism of astrological significance. John Anthony West, author of *Serpent in the Sky*: We may live in astonishing times but they are not incomprehensible when you know how to read the signs. Everybody says we're entering the Age of Aquarius but when does it start and how will we know what it looks and feels like? Ray Grasse deciphers the signs and correspondences of our nearing Aquarian future using the tools of astrology, synchronicity, and mythology. He draws richly from contemporary religion, art, politics, science, even current movies to show how the cultural signs of Aquarius and our likely future are already apparent and changing our world. The Aquarian Age will be marked by its intensely mental quality when information will be the driving force of society and the biggest challenges we face will be those of the mind. Decentralization will be the order of business: either the empowered individual will reign supreme or the collective interests of globalized society will predominate. It could be both. We are all participants in the global drama and all aspects of our inner and outer lives are bound up with the new Aquarian themes. *Signs of the Times* is the authoritative travel guide for the trip into our future; don't leave the present without it. An attempt firmly anchored in the age-old tradition of spiritual symbology to make sense of what often strikes us as utterly chaotic, arbitrary, and senseless.

*A Phenomenology of the Alien* Aaron B. Daniels, 2025-05-22

*A Phenomenology of the Alien: Encounters with the Weird and Inscrutable Other* considers both literal and figurative experiences of the alien from a psychological, psychoanalytic, and philosophical perspective. Throughout the book, the authors wrestle with the unexplained, ineffable, unspeakable, sublime, uncanny, abject, and Mi-ville's abecanny. This collection provides phenomenologies of encounters with the inscrutably alien: from lights in the sky, dark corners of weird fictional landscapes, architecture, technology, or the clinical symptom. The chapters examine fictional and nonfictional encounters with what exceeds the capacity to make sense, taking a new approach to the topic of alterity and inviting the reader to examine how these encounters reflect our contemporary condition: culturally, individually, clinically, theologically, and philosophically. Bridging cultural, psychoanalytic, literary, clinical, media, and religious studies, the novel approaches in this volume will be of

interest to students and scholars alike      **The Emerald Modem** Richard Leviton, 2004-05-04 Twenty years ago in England author Richard Leviton discovered the planet Following quite specific guidance he began a long process that amounted to an apprenticeship My mentors dispatched me to various specific locations in the Somerset landscape and at all hours of the night and day I sat on hills and valleys and rocks under sunlight moonlight rain snow and fog and had visions I started to see another landscape behind the apparent landscape It was an apparitional landscape with stars planets galaxies angels spirits of Nature mythic deities divinity As time went on he found himself talking with angels visiting celestial cities and following gnomes He came to understand that at one level we are the planet and that both we and it have an intimate relationship with our galaxy I found myself living inside the myths of the world as if they were expert scripts for real life inner adventures I never once thought I was crazy Why should I Quite the opposite I believed I was finally getting grounded in something real But it would take me twenty years to make sense of it That sense is embodied in The Emerald Modem The Emerald Modem includes direct correspondences between human chakras and the Earth's energy features and the galactic originalstables listing locations of sacred sites around the planet where you may experience this relationship explanations of world myths which provide clues to this unsuspected visionary world around us This is the first book to synthesize all the fragments of geomantic perception sacred sites energy points vertexes etc into a global interactive model that ties human consciousness directly to it Leviton describes 85 subtle features in the planetary landscape places you can go for mystical experiences They are features of the Earth's energy body almost all invisible to conventional sight But psychic cognition can be trained and you can usefully interact with any of these types of sites today without seeing what you're doing Your intent to interact for the benefit of yourself and the planet is all that's required Just as modems dial us into the Internet so the features of the Earth's energy body described in The Emerald Modem help us get online with the galaxy You can learn to visit Grail Castles experience a Mount Olympus or walk through the stars in a landscape zodiac and you can learn enough to become confident that you're not traveling alone      Christ and Sophia Valentin Tomberg, R H Bruce, 2011-03 In these astounding meditations on the true Christian nature of the scriptures Tomberg shows how the central story of entire Bible is really a history of the Christ being He describes the cosmic and earthly preparations for the Mystery of Golgotha its significance and results for humanity and the world as a whole and the central role of the Sophia being and her relationship to the Christ the Holy Spirit the Disciples and Pentecost and all of humanity He also imagines the Grail nature of the Christ's involvement in earthly history All of Valentin Tomberg's profound studies are finally available in a single volume Drawn from four difficult to find and out of print editions this completely revised and updated text includes Tomberg's anthroposophic meditations on the Old Testament the New Testament and the Apocalypse while the appendix contains his final unfinished work The Four Sacrifices of Christ Christ and Sophia contains all of Valentin Tomberg's essential anthroposophic works on the scriptures providing an invaluable resource for anyone who wishes to gain a deeper understanding of Rudolf Steiner's spiritual scientific approach to

esoteric Christianity as revealed by a close meditative reading of the Bible from Genesis to John's Revelation This volume contains English translations of these works by Valentin Tomberg Anthroposophisch Betrachtungen ber des Alte Testament Anthroposophische Betrachtungen ber das Neue Testament Geisteswissenschaftliche Betrachtungen ber die Apokalypse des Johannes

**Midir and Boann in Ériu-Land** Richard Leviton, 2022-12-30 The truth of Lucifer and Sophia is the world's biggest secret said Joe To get this story right you basically have to retell the history of reality itself That's what Joe Mike and Ronald pals since childhood and now in their late sixties set out to do Lucifer and Sophia were the first two archangels ever created but their reputations today are in ruins or obscurity They want to find out why After much travelling and on site investigation they discover that the true story of these two primary archangels is not what people have thought It is the key that unlocks the purpose and destiny of the Earth The final outcome of humanity is implicated too Many diverse cultures maintain cultural images of these two figures and in many cases their images are positive uplifting even comic This trio of geomantic researchers take the Greek icon of Prometheus bound on Mount Caucasus for defying Zeus as their rallying point and seek to probe its true meaning Mythic images especially old ones need to be decoded for the modern mind They tend to have layers of meaning and you shortchange yourself if you either dismiss them or take them only on a literal basis You have to jump into them psychically put them on like clothes and get mythopoeic about these old stories Along the way as they visit sites in America the British Isles Japan Uzbekistan Zimbabwe Chile Mexico and other far flung locales they're assisted by angels Ray Masters and the genius loci of the many sites that preserve a myth of these two archangels Foremost among the places visited is Ireland the legendary Emerald Isle and it turns out this island nation anciently called Ériu Land after its presiding landscape goddess has a pivotal world role to play in the restitution of these mythic figures and the future well being of the planet and its humanity

**What's Beyond That Star** Richard Leviton,2002-08-29 Carlos Castaneda meets Jack Kerouac in an unforgettable true

story a metaphysical quest for the Grail through initiation and inner vision Disillusioned with his life as an entrepreneur in the mid 1980s Richard Leviton headed for the ancient Celtic town of Glastonbury England on a quest for meaning Arriving on Easter Sunday his rebirth as a modern Grail knight was soon to begin What s Beyond That Star records the true story of Leviton s spiritual awakening and his subsequent adventures on a metaphysical search for the Holy Grail tracing his inner and outer journeys Guided by a psychic friend and the family of angels whom he comes to know as Blaise Leviton finds himself initiated into new realms of consciousness One day he is an ordinary person relying on the relatively dense perception of the five senses the next he is living in a world full of angels gnomes demons and dragons **Asha-Land**
