The Imprisoned

Splendour Raynor C. Johnson, 2013-02 The title *The Imprisoned Splendour* derives from the author's conviction that there is a world of unfolding spiritual potentiality interpenetrating the world of matter and that to understand ourselves and our relationship to nature and the creatures of the physical world we inhabit this interpenetration must be philosophically considered. In this book physicist Raynor Johnson explores natural science, psychical research and mystical experience. The book is valuable for the serious and casual reader alike or anyone wishing to explore the mystical world of paranormal phenomena: telepathy, clairvoyance, clairaudience, telekinesis, poltergeist phenomena, phantoms of the living and the dead, trance phenomena, automatic writing and the evidence for the etheric body are all discussed. Johnson the Scientist is clearly a mystic at heart and this makes for fascinating reading. No stone is left unturned and theological dogma is cast aside. Pre-existence is discussed in depth. Johnson explains: If the general conception of evolution be regarded as applicable to the soul as well as to the physical world, it is not either improbable or unreasonable that the soul should adventure forth into the physical world in a newly built body to acquire further experience of the kind which this world can provide. The fact that the soul has done so once was presumably for adequate and compelling reasons and whatever these are, it is apparent that more might be gained by a series of such incarnations. *The imprisoned Splendour* is deeply impressive and now considered a classic in psychical research literature. *The Imprisoned Splendour* Raynor C. Johnson, 1961 *The Imprisoned Splendor* Raynor Carey Johnson, 2011-10-01 An Approach To Reality Based Upon The Significance Of Data Drawn From The Fields Of Natural Science, Psychical Research And Mystical Experience *The Imprisoned Splendour* R. The Imprisoned Splendour, an Approach to Reality, Based Upon the Significance of Data Drawn from the Fields of Natural Science, Psychical Research and Mystical Experience [by] Raynor C. Johnson Raynor Carey Johnson, Shambhala Victoria LePage, 1996-10-01 Somewhere beyond Tibet lies a paradise of universal wisdom and ineffable peace known as Shambhala. Called by some Shangri-la, this mythical kingdom of jewel lakes, wish-fulfilling trees and speaking stones has fired the imagination of both actual explorers and travelers to the inner realms. This fascinating look behind the myth shows Shambhala to be a real place always accessible to the pure of heart. **The Paidologist** Mary Louch, Fletcher Beach, 1899
