Avery, 1890 **The Influence of French Immigration on the Political History of the United States (Classic Reprint)** Elizabeth Huntington Avery, 2015-06-29 Excerpt from *The Influence of French Immigration on the Political History of the United States* The investigation of which the results are herewith presented was begun with the thought of preparing a paper for the Seminary of American History in the University of Minnesota A very brief survey sufficed to show that here was a field practically unworked intensely fascinating and of no small importance The study was therefore continued and the paper was expanded to the present limits At no stage of the research have I consciously labored to establish a pre conceived theory Indeed in the main the results reached are far other than I should have anticipated The conclusions of a first effort in a new field are necessarily somewhat tentative and I shall be quite satisfied if the results of this study shall lead others better equipped to continue the investigation whether the final results agree with those here reached or not About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
