The Inner Path Of Freedom The Teachings Of Seon Master Dae Haeng Sunim:

The Inner Path of Freedom Taehaeng, 1999 **The Buddha's Apprentices** Sumi Loundon Kim, 2016-06-14 Sumi Loundon's *Blue Jean Buddha* was hailed by the New York Times Review of Books as a bellwether anthology mapping the spiritual trails followed by a generation of American Buddhist youths. *The Buddha's Apprentices* examines that territory in fuller detail, telling twenty-six more stories of this powerful spiritual path, including the stories of many teenagers. The book shows us the common challenges that spiritually hungry young adults of today might face, with a focus on the identity issues around personality, profession, and lifestyle. Also included are several affirming essays from prominent older Buddhists recalling their first encounters with Buddhism. *The Buddha's Apprentices* inspires examining the tectonic shifts that young spiritually inclined people undergo as they leave home, search for partners, consider commitment and marriage, and build their lives. Furthermore, they tell of how Buddhism changes and enhances their abilities to face life's difficulties. Sumi Loundon's rich and youthful commentary lets us appreciate each contributor's individual voice and helps us to see how they contribute to the always evolving chorus of modern Buddhism. *The Buddha's Apprentices* can be considered a sequel to Sumi Loundon's *Blue Jean Buddha* but goes beyond that work by giving extra attention to teens and young adults and including pieces from Thich Nhat Hanh, Lama Surya Das, and a truly diverse array of younger author contributors. **Sacred Assemblies and Civic Engagement** Paul D. Numrich, Fred Kniss, 2007-07-11 Immigration to the United States has been a major source of population growth and cultural change throughout much of America's history. Currently, about 40 percent of the nation's annual population growth comes from the influx of foreign-born individuals and their children. As these new voices enter America's public conversations, they bring with them a new understanding of Buddhism, Hinduism, Islam, Judaism, and Christianity to a society that has been marked by religious variety. *Sacred Assemblies and Civic Engagement* takes an in-depth look at one particular urban area, the Chicago metropolitan region, and examines how religion affects the civic engagement of the nation's newest residents. Chapters focus on important religious factors, including sectarianism, moral authority, and moral projects on several areas of social life, including economics, education, marriage, and language, where religion impacts civic engagement and on how notions of citizenship and community are influenced by sacred assemblies. **No River to Cross** Daehaeng, 2012-11-12 It is often said that enlightenment means crossing over to the other shore, that far-off place where we can at last be free from suffering. Likewise, it is said that Buddhist teachings are the raft that takes us there. In this sparkling collection from one of the most vital teachers of modern Korean Buddhism, Zen Master Daehaeng shows us that there is no raft to find and truly no river to cross. She extends her hand to the Western reader, beckoning each of us into the unfailing wisdom accessible right now: the enlightenment that is always already right here. A Zen or Seon as Korean Zen is called master with impeccable credentials, Daehaeng has developed a refreshing approach. *No River to Cross* is surprisingly personal. It's disarmingly simple yet

remarkably profound pointing us again and again to our foundation our True Nature the perfection of things just as they are
