compelling and significant facet of the cinematic experience **The Representation of Parisian Speech in the Cinema of the 1930s** Michaël Abecassis, 2005 This study is based on an analysis of videos and transcripts of five films *Fric frac* *Circonstances* *att nuantes* *Le Jour se l ve* *La R gle du jeu* and *H tel du Nord* These films are examples of planned and artificial language The book looks at the evidential value of these data and assesses the extent to which stereotyped and scripted language can contribute to an understanding of spoken Parisian usage by looking at phonetics syntax discourse lexis and pragmatics By comparing traditional research carried out by scholars in the nineteenth century and earlier with Parisian data collected and analysed by twentieth century researchers the work attempts to identify the salient features that both script writers and actors in these films considered to be characteristic of social group differences at that time *Starmaker* Milan Hain, 2023-08-07 David O Selznick 1902 1965 was one of the most prominent film producers of the Hollywood studio era responsible for such artistic and commercial triumphs as *King Kong* *David Copperfield* *Anna Karenina* *A Star Is Born* *Gone with the Wind* *Rebecca* *Spellbound* and *The Third Man* However film production was not his only domain Starting in the late 1930s he built an impressive stable of stars within his own independent company including Ingrid Bergman Vivien Leigh Joan Fontaine Jennifer Jones and Gregory Peck In *Starmaker* David O Selznick and the Production of Stars in the Hollywood Studio System author Milan Hain reveals the mechanisms by which Selznick and his collaborators discovered and promoted new stars and describes how these personalities were marketed whether for financial gain or symbolic recognition and prestige Using a wide range of archival materials the book significantly complements and reshapes our understanding of Selznick s celebrated career by focusing on heretofore neglected aspects of his creative and business activities It also sheds light on the US film industry during the Golden Age of Hollywood studios and in the postwar period when the established order began to break down By structuring the book around Selznick and his role as a starmaker Hain demonstrates that star production and development in the Hollywood studio system was a highly organized and systematic activity though the respective strategies and procedures were often hidden from the public eye *A Cultural History of the Avant-Garde in the Nordic Countries 1900-1925* Hubert van den Berg, Marianne Ølholm, Benedikt Hjartarson, Irmeli Hautamäki, Torben Jelsbak, Rikard Schönström, Per Stounbjerg, Tania Ørum, Dorthe Aagesen, 2012 *A Cultural History of the Avant Garde in the Nordic Countries 1900 1925* is the first publication to deal with the avant garde in the Nordic countries at the start of the twentieth century The essays cover a wide range of avant garde manifestations in arts and culture literature the visual arts painting as well as photography architecture and design film radio and performing arts like music theatre and dance It is the
