John Harrison, 2020-08-20 Throughout his career M John Harrison's writing has defied categorisation building worlds both unreal and all too real overlapping and interlocking with each other His stories are replete with fissures and portals into parallel dimensions unidentified countries and lost lands But more important than the places they point to are the obsessions that drive the people who so believe in them characters who spend their lives hunting for and haunted by clues and maps that speak to the possibility of somewhere else This selection of stories drawn from over 50 years of writing bears witness to that desire for difference whether following backstreet occultists amateur philosophers down and outs or refugees we see our relationship with the other in microscopic detail and share in Harrison's rejection of the idea that the world or our understanding of it could ever be settled Be An Icon Kenneth Nkemnacho, 2016-03-14 In BE AN ICON you'll be motivated educated and informed Within this book you'll find How ordinary people became extraordinary How to change your mindset for the best The relevance of focus keenness and precision What you mustn't lose as a visionary and How to generate and develop ideas BE AN ICON is endowed with goal setting techniques the need for being resolute the essence of positioning direction and destination and so much more Looking into the book will make you realise that you can't get enough of it It is not a one time read book it is a book that is required daily for continuous success **Dimension Wave: Volume 4** Aneko Yusagi, 2025-07-10 With the development of the uninhabited Cal Mira island completed Kizuna a boy forced by his sisters to
