Material Mystery Karmen MacKendrick, 2021-08-17 *Material Mystery* considers three apparently anthropocentric myths that are central to Abrahamic religions those of the primal human the incarnated and possibly divine redeemer and the resurrected body At first glance these stories reinforce a human centered theology and point to a very anthropomorphic God Taking them seriously seems to ignore the material turn in the humanities entirely with the same sort of willful ignorance that some of our politicians show in declaring that their myths count as facts or that the point of the rest of the world is to further human consumption But it is possible Karmen

MacKendrick shows to read these figures through a particular tradition that emerges from the Hebrew Bible the tradition of Wisdom as a creative force Wisdom texts are common across the ancient Near East As the idea of creative Wisdom develops from antiquity into the middle ages it gathers philosophical influences from a range of philosophical traditions This exuberantly promiscuous impurity intellectual artistic and theological generates new interpretive possibilities In these interpretations each human like figure opens up onto the world s matter as an interdependent part of it and matter is thoroughly mixed with divinity Such mythic readings complement our factual scientific understanding of the material world to engage wider kinds of knowing and affective attention particularly Wisdom s combination of care and delight *Parsifal* Albert Ross Parsons,1893 [Ancient Egypt - Light Of The World, Volume 1](#) Gerald Massey,2014-05-26 No one ever understood the mythology and Ritual of Ancient Egypt so well as Gerald Massey since the time of the Ancient Philosophers of Egypt This book is one of the best when it comes down to Egyptian mythology occultism and interpretation It s a standard work no one wants to miss Contents Sign Language And Mythology As Primitive Modes Of Representation Totemism Tattoo And Fetishism As Forms Of Sign Language Elemental And Ancestral Spirits Or The Gods And The Glorified Egyptian Book Of The Dead And The Mysteries Of Amenta The Sign Language Of Astronomical Mythology Egyptian Wisdom The Drowning Of The Dragon The Sign Language Of Astronomical Mythology Part II Horus Of The Double Horizon The Making Of Amenta The Irish Amenta The Upper Mount Of Glory Egyptian Wisdom And The Hebrew Genesis The Egyptian Wisdom In Other Jewish Writings [Emptiness and Omnipresence](#) Brook A. Ziporyn,2016-05-02 This rich and rewarding work explores the connections between ancient Buddhist doctrine and contemporary philosophy Publishers Weekly Tiantai Buddhism emerged in sixth century China from an idiosyncratic and innovative interpretation of the Lotus Sutra It went on to become one of the most complete systematic and influential schools of philosophical thought developed in East Asia In Emptiness and Omnipresence Brook A Ziporyn puts Tiantai into dialogue with modern philosophical concerns to draw out its implications for ethics epistemology and metaphysics Ziporyn explains Tiantai s unlikely roots its positions of extreme affirmation and rejection its religious skepticism and embrace of religious myth and its view of human consciousness Ziporyn reveals the profound insights of Tiantai Buddhism while stimulating philosophical reflection on its unexpected effects *Christ is coming, etc. pt. 1* ,1868 **The Nag Hammadi Library** Apostle Horn, **Elemental and Ancestral Spirits, Or the Gods and the Glorified** Gerald Massey,2008-11-01 The two primary elements were those of darkness and light Sut was the power of darkness Horus the power of light In one representation the two elements were imaged by means of the black bird of Sut and the white bird or golden hawk of Horus Thus we can identify two elemental powers as old as night and day which are primeval in universal mythology and these two powers or animistic souls were divinized as the two gods Sut and Horus with the two birds of darkness and light the black vulture and the gold hawk depicted back to back as their two representative types or personal totems from Elemental and Ancestral Spirits or The Gods and the Glorified It goes

unappreciated by modern Egyptologists but it is embraced by those who savor the concept of a hidden history of humanity and those who approach all human knowledge from the perspective of the esoteric Gerard Massey's massive *Ancient Egypt The Light of the World* first published in 1907 and the crowning achievement of the self-taught scholar redefines the roots of Christianity via Egypt proposing that Egyptian mythology was the basis for Jewish and Christian beliefs. Here Cosimo proudly presents Book 3 of *Ancient Egypt* in which Massey explains how the original elemental spirits of early humans were transformed into deities and how the concept of a soul developed from animalistic representations of natural forces. Peculiar and profound, this work will intrigue and delight readers of history, religion, and mythology. British author GERALD MASSEY 1828-1907 published works of poetry, spiritualism, Shakespearean criticism, and theology, but his best-known works are in the realm of Egyptology, including *A Book of the Beginnings* and *The Natural Genesis*      **Theosophical Manuals** ,1907

*Ancient Egypt Light Of The World 2 Vol set* Gerald Massey, 2013-10-15. First published in 2005. This expansive and fascinating treatment of ancient Egyptian mythology and its influence on the traditions that followed from it includes explorations of sign language in mythological representation, totemism, fetishism, spirits, and Gods, the Egyptian Book of the Dead, and Egyptian wisdom in the Hebrew Genesis. Readers will enjoy the wealth of information offered by Massey as well as his clear and readable style.      The Biblical Repertory and Princeton Review ,1871      **The Princeton Review** ,1871

Supreme Council for the Northern Masonic Jurisdiction, 1891.      **The Journal of the American Osteopathic Association** ,1904      **Appeal and Attitude** Steven G. Smith, 2005-11-16. In *Appeal and Attitude* Steven G. Smith offers a multicultural view into issues at the heart of existentialism, hermeneutics, and the phenomenology of religion. By looking closely at the concepts of appeal or what commands our attention and attitude, or the quality of the attention we pay, Smith probes into the core of religious ideals to answer questions such as why faith and rationality are compelling and how religious experience becomes meaningful. Smith turns to philosophical and religious texts from Eastern and Western religious and philosophical traditions, including Kant, Hegel, Heidegger, Levinas, Derrida, Confucius, and the Bhagavad Gita. He also engages everyday objects such as stones, birds, boats, and minnows to arrive at normative definitions of supreme appeal and sovereign attitude. This book provides readers at all levels with a thoughtful and widely comparative window into idealism, community responsibility, piety, faith, and love.      *A Syllabic Dictionary of the Chinese Language* Samuel Wells Williams, 1909      **The Kabbalah Unveiled - Commentaries of the Books of Zohar** S.
