

Reasons for decentralization

- **principle of subsidiarity** - social and political issues should be dealt with at the most immediate (or local) level.
- **plurality and regional differentiation** of social interests - decentralization fosters efficiency of policy making.
- **a device to avoid a concentration of power in a government** - powers should be divided not only between executive, legislative, and judicial but also between central and regional or local levels.

The Impact Of Decentralization On Social Policy

**Ilcheong Yi, Alexandra Kaasch, Kelly
Stetter**

The Impact Of Decentralization On Social Policy:

The Impact of Decentralization on Social Policy Katalin Tausz, 2004-06 Decentralization is defined interpreted and made a political issue in several sometimes contradictory ways This book attempts to understand and describe one segment of the story welfare policy It makes an inventory of who are the main actors what is decentralized in the social sector administrative fiscal political service delivery structures and institutions where or to what level of governance decentralization is relevant and how and by what means is decentralization implemented in the social sector

Decentralisation and Reform in Latin America Giorgio Brosio, Juan Pablo Jimenez, 2012-01-01 This volume provides a splendid and wide ranging collection of studies analyzing the political economy of decentralization in Latin America It is a fascinating story with numerous and profound insights into how fiscal decentralization actually works in the context of a variety of fiscal institutions and in a setting with a high degree of inequality in the distribution of income and territorial disparities Wallace E Oates University of Maryland US The volume on Decentralization and Reform in Latin America is an important addition to the growing literature on decentralization Some of the issues in the implementation and effectiveness of decentralization are similar all over the world but there are issues of particular salience to Latin America a region where decentralization reforms have come sometimes in the wake of major political reforms This volume pays special attention to the complexity of issues both relating to equity and efficiency arising in the context of vertical fiscal imbalance and inter governmental transfers in the delivery of social services or investment spending in the sharing of rent from natural resources among social and regional groups and in macro fiscal stabilization I expect the volume to receive widespread attention Pranab Bhardan University of California Berkeley US When it comes to fiscal decentralization in developing countries Latin America has long led the way In the two decades prior to the mid 1990s some countries in the region extensively decentralized expenditures especially social expenditures and to a much lesser extent revenues to subnational governments Some excesses and distortions resulted from these initial efforts and over the next decade major attempts were made to offset such problems primarily by changing fiscal rules and transfer systems The recent boom in natural resource revenues has again exacerbated pressure on the intergovernmental fiscal system in many countries leading to further attempts to adjust the flow of finance between governments in order to maintain macroeconomic balance while achieving both more effective service delivery and greater social cohesion This book which provides both description and analysis of the rich Latin American experience should be required reading not only for all those interested in the region but for scholars and policy makers anywhere who are concerned with the complex and many faceted issues associated with decentralization Richard M Bird University of Toronto Canada Giorgio Brosio and Juan Pablo Jimenez have made a remarkable job in preparing the best comprehensive treatment of comparative decentralization experiences in Latin America The volume reviews all aspects of the decentralization process its constitutional roots and its contribution to social cohesion the provision of social services and

infrastructure taxation sharing in natural resource revenues and the design of the intergovernmental transfers and its macro financial implications and associated fiscal rules It will be essential reading for analysts of fiscal and local government issues in the region and a very useful tool for Latin Americanists in general Jos Antonio Ocampo Professor Columbia University Former Executive Secretary of the Economic Commission for Latin America and the Caribbean and Finance Minister of Colombia Decentralisation and Reform in Latin America analyses the process of intergovernmental reform in Latin America in the last two decades and presents a number of emerging issues These include the impacts of decentralization and the response of countries in the region to challenge such as social cohesion interregional and interpersonal disparities the assignment of social and infrastructure expenditure macrofinancial shocks fiscal rules and the sharing of natural resources revenue The main aim of the book is to assess the effective working of decentralized arrangements and institutions with a view of suggesting corrections and reforms where the system is not working according to expectations Policymakers researchers and academics with an interest in subjects related to public policy fiscal rules intergovernmental relations governance and decentralization will find this book invaluable

Social Development in Latin America Joseph S.

Tulchin, Allison M. Garland, 2000 This volume provides a wide ranging analysis of social welfare reform in Latin America examining in particular the politics involved in implementing difficult and controversial social policies that often pit the middle strata of society represented by powerful stakeholders against the poor *Nationalism and Social Policy* Daniel Béland, André Lecours, 2010-08-12 Despite the recent proliferation of literature on nationalism and on social policy relatively little has been written to analyse the possible interaction between the two Scholars interested in social citizenship have indirectly dealt with the interaction between national identity and social programs such as the British NHS but they have seldom examined this connection in reference to nationalism Specialists of nationalism rarely mention social policy focusing instead on language culture ethnicity and religion The main objective of this book is to explore the nature of the connection between nationalism and social policy from a comparative and historical perspective At the theoretical level this analysis will shed new light on a more general issue the relationships between identity formation territorial politics and social policy Although this book refers to the experience of many different countries the main cases are three multinational states that is states featuring strong nationalist movements Canada Quebec the United Kingdom Scotland and Belgium Flanders The book looks at the interplay between nationalism and social policy at both the state and sub state levels through a detailed comparison between these three cases In its concluding chapter the book brings in cases of mono national states i e France Germany Sweden and the United States to provide broader comparative insight on the meshing of nationalism and social policy The original theoretical framework for this research is built using insight from selected scholarship on nationalism and on the welfare state

Post-Communist Welfare Pathways Alfio Cerami, Pieter Vanhuysse, 2009-10-29 This book adopts

novel theoretical approaches to study the diverse welfare pathways that have evolved across Central and Eastern Europe

since the end of communism It highlights the role of explanatory factors such as micro causal mechanisms power politics path departure and elite strategies

Mineral Rents and the Financing of Social Policy Katja Hujo,2012-05-30 An exploration of the implications of mineral led wealth and the opportunities that this creates for economic and social development The book includes theoretical and policy analyses as well as micro level country case studies including Norway Chile Indonesia Nigeria and Botswana

Social Policy for Development Anthony L Hall,James Midgley,2004-05-24 Strong social policy is essential for sustainable growth This book is an extremely useful overview of social policy issue for policy makers and anyone who wants to understand the true roots of successful sustainable development Ian Johnson Vice President for Sustainable Development The World Bank Throughout the world issues of social development have now taken centre stage There is no more comprehensive and readable guide to the choices and conflicts of this global drama This book is essential reading for all students and practitioners of social development and for every World Bank economist David Piachaud Professor of Social Policy London School of Economics This much needed textbook fulfils a major gap in providing a complete up to date guide and introduction to the increasingly important role of social policy in the context of development processes and practice Across a number of key sectors and areas of social policy concern the authors accessibly introduce and explain the main conceptual debates the most recent policy discussions and provide applied examples to illustrate the latest developments in the social policy and planning field Central topics covered include poverty rural development urban development education health social work social welfare international development and cooperation Social Policy for Development is an essential text for all students and practitioners alike seeking a deeper understanding of the issues of poverty social exclusion and deprivation across social policy and development studies internationally

Emerging Trends in Social Policy from the South Ilcheong Yi,Alexandra Kaasch,Kelly Stetter,2024-05-21 Drawing on international case studies from emerging economies and developing countries including South Africa India Egypt Morocco Jordan Tunisia Indonesia China and Russia this book examines the rise nature and effectiveness of recent developments in social policy in the Global South By analysing these new emerging trends the book aims to understand how they can contribute to meaningful change and whether they could offer alternative solutions to the social economic and environmental policy challenges facing low income countries within a contemporary global context It pays particular attention to reforms and innovations relating to the objectives of the 2030 Agenda for Sustainable Development including the move away from a welfare state towards a welfare multitude in which new actors such as civil society organisations play an increasingly important role in social policy

Handbook on Urban Social Policies Kazepov, Yuri,Barberis, Eduardo,Cucca, Roberta,Mocca , Elisabetta,2022-07-22 The importance of subnational welfare measures and their complex embeddedness in wider multilevel governance systems has often been underplayed in both urban studies and social policy analysis This Handbook gives readers the analytical tools to understand urban social policies in context and bridges the gap in research

Social Policy Reform and Market Governance in Latin America L. Haagh, C. Helgø, 2002-12-10 This collection offers a critical analytical perspective and fresh empirical data on recent market orientated social policy reforms in Latin America The six case studies presented examine labour education health and general social development programmes A particular focus is placed on the ways in which market enhancing reforms such as demand based provision social policy targeting and privatization respond to issues of equity coverage and the quality of provision

Labor Markets and Social Policy in Central and Eastern Europe N. A. Barr, 1994 The Essence of Reform

Federalism and Decentralization in European Health and Social Care J. Costa-Font, S. Greer, 2016-01-12 This is the first book to examine the processes of territorial federalization and decentralization of health systems in Europe drawing from an interdisciplinary economics public policy and political science approach It contains key theoretical and empirical features that allow an understanding of when health care decentralization is successful

Social Policy and Public Policy Lee Rainwater, This classic volume was originally designed as an introduction to social science perspectives on a broad range of social issues in American society specifically the complex social problems of the 1960s Because the volume is structured as a survey it is neither exhaustive or definitive It does provide a wide range of information about these problems as well as the many different policy initiatives that were developed to cope with them Readers can learn a great deal about the common themes predilections and quandaries that characterized United States responses to the complex problems of the 1960s and the patterns of inequality and injustice prevalent at that time The essays were selected to cover the range of substantive problematic issues of the period the social science perspectives that were brought to bear on them and the range of social science methodologies used Finally the selections emphasize the contributions that can be made to understanding social problems by intensive and rigorous social science research Journalists and popular writers use a common sense approach to their study of social problems and the results are often imaginative and incisive The tools of social scientists produce information and analyses that contribute far more to our understanding than even the most insightful journalist can achieve The selections in this volume highlight the deeper and more fundamental understanding of social issues that can come from rigorous analysis of government statistics and from special sample surveys from in depth ethnographic studies Lee Rainwater is professor emeritus of sociology at Harvard University He was one of the original founders of Transaction Publishers He has written books and articles in many professional journals

The Impact and Transformation of Education Policy in China Alexander W. Wiseman, Tiedan Huang, 2011-12-08 Examines the transformation of education policy in China with an emphasis on transformations in the post 1978 period This title also emphasises on policy change and its subsequent impact on different aspects of education at various levels of educational institutions particularly in areas of educational financing and curriculum reform

Clientelism, Social Policy, and the Quality of Democracy Diego Abente Brun, Larry Diamond, 2014-03-01 World renowned scholars explore how political clientelism works and evolves in the context of modern developing democracies What happens when vote

buying becomes a means of social policy Although one could cynically ask this question just as easily about the United States's mature democracy Diego Abente Brun and Larry Diamond ask this question about democracies in the developing world through an assessment of political clientelism or what is commonly known as patronage Studies of political clientelism whether deployed through traditional vote buying techniques or through the politicized use of social spending were a priority in the 1970s when democratization efforts around the world flourished With the rise of the Washington Consensus and neoliberal economic policies during the late 1980s clientelism studies were moved to the back of the scholarly agenda Abente Brun and Diamond invited some of the best social scientists in the field to systematically explore how political clientelism works and evolves in the context of modern developing democracies with particular reference to social policies aimed at reducing poverty Clientelism Social Policy and the Quality of Democracy is balanced between a section devoted to understanding clientelism's infamous effects and history in Latin America and a section that draws out implications for other regions specifically Africa Southeast Asia and Eastern and Central Europe These rich and instructive case studies glean larger comparative lessons that can help scholars understand how countries regulate the natural sociological reflex toward clientelistic ties in their quest to build that most elusive of all political structures a fair efficient and accountable state based on impersonal criteria and the rule of law In an era when democracy is increasingly snagged on the age old practice of patronage students and scholars of political science comparative politics democratization and international development and economics will be interested in this assessment which calls for the study of better more efficient and just governance

Reforming Social Policy Neclâ Yongaçoğlu Tschirgi, International Development Research Centre (Canada), 2000
 Reforming Social Policy Changing Perspectives in Sustainable Human Development *Transnational Social Policies*
 International Development Research Centre (Canada), 1999 Relationships between social policy and human development are the subject of much research and theorizing The literature in this area however examines these issues strictly within national contexts What influence will international agendas such as NAFTA the World Summit for Social Development and Habitat II have Transnational Social Policies specifically addresses the worldwide trend for national policies on human and social development to be increasingly influenced by agendas that are international or transnational in nature In doing so the book examines the underlying international developmental ethical economic and political issues shaping national policies in health education and employment in the developing world This book's focus on the transnational character of the social policy debate makes it a truly unique and original contribution to the literature It will appeal to the academic community worldwide in international development public policy and administration and social work policymakers researchers and practitioners in the field of public social policy and the international community of individuals and organizations working in international social development **Theory and Methods in Comparative Policy Analysis Studies** Iris Geva-May, B. Guy Peters, Joselyn Muhleisen, 2020-06-09 Volume One of the Classics of Comparative Policy Analysis Theory and Methods in

Comparative Policy Analysis Studies includes chapters that apply or further theory and methodology in the comparative study of public policy in general and policy analysis in particular. Throughout the volume the chapters engage in theory building by assessing the relevance of theoretical approaches drawn from the social sciences as well as some which are distinctive to policy analysis. Other chapters focus on various comparative approaches based on developments and challenges in the methodology of policy analysis. Together this collection provides a comprehensive scholastic foundation to comparative policy analysis and comparative policy studies. Theory and Methods in Comparative Policy Analysis Studies will be of great interest to scholars and learners of public policy and social sciences as well as to practitioners considering what can be learned or facilitated through methodologically and theoretically sound approaches. The chapters were originally published as articles in the Journal of Comparative Policy Analysis which in the last two decades has pioneered the development of comparative public policy. The volume is part of a four volume series the Classics of Comparative Policy Analysis including Theories and Methods, Institutions and Governance, Regional Comparisons and Policy Sectors. Each volume showcases a different new chapter comparing domains of study interrelated with comparative public policy, political science, public administration, governance and policy design, authored by the JCPA co editors: Giliberto Capano, Iris Geva, May Michael, Howlett, Leslie A. Pal and B. Guy Peters.

Education and Social Justice J. Zajda, S. Majhanovich, V. Rust, E. Martín Sabina, 2006-09-09. Education and Social Justice presents up to date scholarly research on global and comparative trends in education, social justice and policy research. It provides an easily accessible practical yet scholarly source of information about the international concern in the field of social justice, globalisation and policy research. Above all the book offers the latest findings to the critical issues in education and social justice. Education and Social Justice is a sourcebook of ideas for researchers, practitioners and policy makers in education and social justice. It offers a timely overview of current changes in and social justice. It provides directions in education, social justice and policy research relevant to transformational educational reforms in the 21st century. The book explores the problematic relationship between education, social justice and the State against the background of comparative education research. Social justice is an attempt to answer the following pressing question: How can we contribute to the creation of a more equitable, respectful and just society for everyone? The creation of a more equitable, respectful and just society for everyone is a dream for all concerned citizens on spaceship Earth, be they democratic policy makers, empowering and egalitarian pedagogues and others who believe in much needed reform.

Globalizing China - Social and Governance Reforms Ka Ho Mok, 2022-12-30. Unlike most books which consider China's transformation and globalization over the last four decades by focusing on China's economic growth, this book examines how the Chinese regime has handled the increasingly complex sociopolitical and socioeconomic challenges generated as a result of the country's economic growth and transformation challenges arising both from within the country and also from the external political environment. Based on extensive original research, the book outlines how China's economic development has

generated social and governance pressures discusses the government's social, educational, and governance reforms and highlights how China's development experiences, which differ from the Western economies with democratic political regimes, have drawn increasing attention from other countries in the developing world as an example to follow.

Decoding **The Impact Of Decentralization On Social Policy**: Revealing the Captivating Potential of Verbal Expression

In a period characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its capability to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring.
