Schmitz,2025-05-05 A renewal of pastoral theology is required to address the growing disconnect between the proclamation of the way of Jesus Christ and the lives of contemporary believers Pastoral ministers need to explore a dimension of the truth called performatory truth This dimension inspires life construction It must glean from the revelation what faith does to believers for believers and in believers the functions of faith Upon reflection on performatory truth and the functions of faith this work experiments with the propositions of the Nicene Creed to find a life constructing dimension How does belief in one God help define human relations How does the Incarnation help value the human How does Father Almighty bring believers to a Christian form of power and authority What does it mean when the Lord calls believers to take up the cross How can one imagine life in the Father in Son in the Holy Spirit in the church This reconnection of the Christian truth with contemporary life will assist preachers and teachers and inspire believers to live the Lord s way even in these strange times **The Reformed Church Review** ,1901 *The Christian World Pulpit* ,1914 **The Centrality of Christ in the Theology of Thomas F. Torrance** Paul D. Molnar,2024-12-12 Leading systematic theologian Paul D Molnar examines the theology of Thomas F Torrance in three powerful essays In a ground breaking chapter Molnar discusses whether Chalcedon needs to be repaired in order to recognize and maintain the full and complete humanity of Jesus Christ as the incarnate Word He also delves into Torrance s view of justification by grace alone and emphasizes its relation to Liberation Theology Additionally comparing the approaches of Karl Rahner and T F Torrance this book explores and explains how a number of Rahner s presuppositions and conclusions differ from the positions espoused by Torrance all in order to illustrate the importance of grace in theologies of both thinkers The Lutheran Quarterly ,1892 **Encyclopedia of Nineteenth-century Thought** Gregory Claeys,2005 Covering the period from 1789 to 1914 this work primarily deals with key figures and ideas in social and political thinking but entries also include science religion law art concepts of modernity the body and health thereby covering comprehensively the intellectual history of the period *The New Testament of Our Lord and Saviour, Jesus Christ ...* ,1842 **The adventures of a Protestant in search of a religion** Iota pseud,1873
