Canadian Churches and the First World War Gordon L. Heath, 2014-01-13 Most accounts of Canada and the First World War either ignore or merely mention in passing the churches experience Such neglect does not do justice to the remarkable influence of the wartime churches nor to the religious identity of the young Dominion The churches support for the war was often wholehearted but just as often nuanced and critical shaped by either the classic just war paradigm or pacifism s outright rejection of violence The war heightened issues of Canadianization attitudes to violence and ministry to the bereaved and the disillusioned It also exacerbated ethnic tensions within and between denominations and challenged

notions of national and imperial identity The authors of this volume provide a detailed summary of various Christian traditions and the war both synthesizing and furthering previous research In addition to examining the experience of Roman Catholics English and French speaking Anglicans Presbyterians Methodists Baptists Lutherans Mennonites and Quakers there are chapters on precedents formed during the South African War the work of military chaplains and the roles of church women on the home front
